## **Voices From the Wreckage: Young Adult Voices in the #MeToo Movement** - Kimberly Karshner 2023-04-18

'Voices From the Wreckage: Young Adult Voices in the #MeToo Movement' is an edited collection by Kimberly Greenfield Karshner (Lorain County Community College). This collection focuses on situating young adult voices in the #MeToo movement, and into American culture and identity. Children's and young adult literature is an area of study that has rapidly evolved in the past ten years, bringing previously silenced voices to light. This is especially true for YA LGBTQ+ voices, and also for young narrators who are not only discovering, celebrating, and coming to terms with their identities, but also dealing with assaults on their identities. This collection will build on what writers like Laurie Halse Anderson have begun, first with her groundbreaking book on sexual assault, 'Speak', published in 1999, and more currently, her follow-up book, 'Shout' (2019). These authors continue what Anderson started, exploring texts from the perspectives of YA male and female voices, Native American and international perspectives, and LGBTQ+ character representation. Chapters investigate various literary forms such as graphic novels, memoirs, and novels, and cover topics such as sexual desire, consent, trauma, and survivorship. The literature featured in this volume will assure young people that they can tell their stories and that they will be heard. 'Voices From the Wreckage' will be a valuable tool for anyone who teaches Young Adult Literature, or for those who are avid readers and fans of the genre. The authors in this collection are starting and continuing very important conversations on the topic of sexual abuse and trauma, a conversation necessary for the intended audiences of these books, and for adult readers and teachers who are facilitating the emotions connected to these topics.

## **Sex Education 101: Approachable Essays on Folklore, Culture, & History** - Jeana Jorgensen 2023-11-11

Do you look back at your sex ed classes and wonder WTF?! Are you a parent looking at your kid's curriculum and asking the same question? Sex Education 101 is less of a how-to of sex education and more of a why. Why does abstinence-only sex ed receive so much federal funding? Why do instructors show gross images of STIs to scare students? And the answers, believe it or not, have a lot to do with folklore.

Folklore—informally transmitted traditional culture—has a lot to say about sex. And it is often people's first point of contact with information and messages about sex. Folklore encompasses urban legends, moral panics, and rumors, which influenced early U.S. policies around sex, and also includes jokes, raunchy folk songs, and beliefs and slang about menstruation or STIs. And thus, folklore shapes sex ed classrooms and school sex ed policies. This book is a series of essays for anyone interested in folklore about sex, the history of sex education, and how we keep repeating history from 100 years ago in our approaches today. Whether you are a scholar of books or a scholar of life (or both), you'll find something satisfying between the sheets of Sex Education 101.

**Directing Desire** - Kari Barclay 2023-10-25

Directing Desire explores the rise of consent-based and trauma-informed approaches to staging sexually and sensually charged scenes for theater in the contemporary U.S., known as intimacy choreography. From 2015 to 2020, intimacy choreography transformed from a grassroots movement in experimental and regional theaters into a best practice accepted in Hollywood and on Broadway. Today, intimacy choreographers have become a veritable "intimacy industry" in the cultural sphere, sparking attention from Rolling Stone to The New York Times to the sketch comedy series Saturday Night Live. This book analyzes the forces that have led to intimacy choreography's meteoric rise and asks what implications the field has for theater practice more

broadly. Building a theoretical framework for intimacy directing, Directing Desire also strives to reorient the conversation in the field so that artists understand not only best practices in consent but also intersectional frameworks that expand and rework consent.

*Competing Masculinities in the British Netflix Series "Sex Education"* - Lea-Christin Klaas 2023-11-13

Seminar paper from the year 2020 in the subject Gender Studies, grade: 2,0, University of Dortmund (Institut für Anglistik und Amerikanistik), course: British Proseminar, language: English, abstract: This paper deals with the competing masculinities in the British Netflix series "Sex Education". Especially the characters Otis Milburn, Adam Groff and Eric Effiong are taken into consideration. Otis is the typical lovable goof, whereas Adam is more likely to fulfill the stereotype of being a "real man", because of his tendency of being violent. It turns out that Adam's aggression is caused by him being insecure. Eric is also especially interesting to look at, since he serves several contrary stereotypes. He is a black, homosexual young male that is raised as a second generation immigrant in a traditionally catholic household and is often confronted with homophobia and racism. Eric turns out to be a modern gentleman. Each character's typical behavior patterns will be described and clarified by examples and interpreted in the context of masculinities.
