The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and

actor Logan Brady. Or as the Internet has labeled him, Logan 'Sex God' Brady. For him, it's just a job to keep the man alive but he doesn't count on Adam deciding that this convention is where he comes out to everyone. Logan is the star attraction at yet another convention for his show 'Night Cop', in a London Hotel, but threats have followed him from home, and abruptly they've become more than just words. Having a bodyguard is the last thing he wants but he has to face the fact that someone out there wants to kill him. All he wants is to be alone to think through the biggest decision he's ever going to make, but Adam is way too sexy, and far too close for comfort.

Sex and the City of God -

Carolyn Weber 2020-08-25

When Carolyn Weber moved to Oxford University to study, she didn't expect to find God there. But she did. As she grappled with her newest and most important relationship, she also found that there was another invitation: to think bigger about love. In this book we

Through her personal story, as well as spiritual, theological, and literary reflection, *Sex and the City of God* explores what life looks like when we choose to love God first.

Sex & God - Darrel Ray Ed D. 2012

Why are all the major religions consumed with sex? What makes sex so important, whether Buddhism or Islam, Christianity or Mormonism? What is the impact of religion on human sexuality? You will be surprised at how much religion has influenced your sexuality, who you marry, the pleasure you get or don't get from sex, and what you can do about it.

She Comes First - Ian Kerner 2019-10-10

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key

to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

The Far Right Today - Cas Mudde 2019-10-25

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies - Brazil, India, and the United States - now have a radical right leader, while far-right parties continue to increase their profile and

support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

The idea of it made her feel oddly aroused. In a deep tone, barely above a whisper he said, "Let's play." Librarian Sandra Dennis is a small town girl who has always dreamed of visiting France. card debt and student loans? Think living in the South Pacific for two years sounds like a perfect solution and perhaps even a winning idea for your first novel? Maarten Troost does just that, setting up as a devil-may-care islander while his girlfriend, Sylvia, gets to work on saving the planet, or at least a little part of it on an end-of-the-world atoll, Tarawa. Life on Tarawa resembles not so much paradise as a theatre of the absurd where planes fly with the aid of masking tape, Coconut Stalinism prevails as national government and Sylvia is co-opted by the CIA to spy on the Chinese. But abandoning continental hang-ups like barbequeing the local dogs and watching on as international industrial fishing trawlers plunder the world's richest tuna supply aren't so easy. Perhaps only by following the locals and letting go, one just might find a better way to live...
