Love Busters - Willard F. Jr. Harley 2008-05

This fifteenth anniversary edition helps couples identify and overcome the most common habits that destroy the feeling of love.

Untrue - Wednesday Martin 2018-09-17

A jaw-dropping re-evaluation of everything we thought we knew about men, women, and sex. Men are biologically programmed to want sex with lots of different women, whereas women are designed to stay true to one person, right? Wrong. In *Untrue*, New York Times -bestselling author Wednesday Martin reveals that we are just at the beginning of understanding women's sexuality properly. From New York to Namibia

to a conference of sex researchers in Montreal, she takes us on a journey to understand women who refuse monogamy, posing questions about why we became sexually exclusive in the first place. Martin attends all-female sex parties where married straight women fulfill their fantasies; considers contemporary societies where women take many lovers; analyses how the invention of the plough suppressed female autonomy; and presents fascinating research about why women stray (their motivations are not so different from men's). Frank and myth busting, *Untrue* validates the desires of women everywhere, including the 'silent majority' in committed relationships who struggle with staying faithful.

ADHD After Dark - Ari Tuckman 2019-07-03

This pioneering book explores the impact of ADHD on a couple's sex life and relationship. It explains how a better sex life will benefit your relationship (and vice versa) and why that's especially important for couples with one partner with ADHD. Grounded in innovative research, ADHD After Dark draws on data from a survey of over 3000 adults in a couple where one partner has ADHD. Written from the author's unique perspective as both an expert in ADHD and a certified sex therapist, the book describes the many effects of ADHD on couples' sex lives and happiness, covering areas such as negotiating sexual differences, performance problems, low desire, porn, making time for sex, infidelity, and more. The book outlines key principles for a great sex life for couples with ADHD and offers strategies and treatment interventions where specific issues arise. Written in a readable and entertaining style, ADHD After Dark offers clear information on sexuality and relationships and is full of valuable advice on how to improve both. This guide will be an essential read for adults with ADHD, as well as their partners or spouses, and therapists who work with ADHD clients and couples.

The Origin of Consciousness in the Breakdown of the Bicameral Mind - Julian Jaynes 2000-08-15

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process

that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

Girl Boner - August McLaughlin 2018-08-07

In a culture where female empowerment is used to sell everything from

sex toys to soap, most sex education continues to bypass pleasure. The results are stark; we've grown accustomed to slut- and prude-shaming and allowed others to dictate how a "good girl" is meant to feel, act, and look. In *Girl Boner: The Good Girl's Guide to Sexual Empowerment*, August McLaughlin offers an inclusive, unfiltered blend of personal narrative and practical tips on relationships, solo play, journaling, gender issues, and more. From the perks of "jilling off" to the 7 types of 'gasms, *Girl Boner* will "empower you to own your sexual self and enjoy ... your whole life a great deal more."

[Fun Home](#) - Alison Bechdel 2011-11-11

DISCOVER the BESTSELLING GRAPHIC MEMOIR behind the 2019

Olivier Award nominated musical. 'A sapphic graphic treat' *The Times* A moving and darkly humorous family tale, pitch-perfectly illustrated with Alison Bechdel's gothic drawings. If you liked Marjane Satrapi's *Persepolis* you'll love this. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high-school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and the family babysitter. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic, and redemptive. Interweaving between childhood memories, college life and present day, and through narrative that is equally heartbreaking and fiercely funny, Alison looks back on her complex relationship with her father and finds they had more in common than she ever knew. 'A groundbreaking masterpiece' *The Independent* 'A finely woven blend of yearning and euphoric fantasy' *Evening Standard* **ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY**

The Unwanted Wife - Natasha Anders 2014

Delicate, titian-haired Theresa Noble has met her father's associates in the past, but the gorgeous, Italian-born Sandro De Lucci leaves her speechless. Eighteen months into their marriage, however, Sandro has turned to ice. Desperate to escape a relationship that has proven to be as stubbornly passionate as it is cold and hateful, Theresa summons up the

courage to ask for a divorce. But before he'll grant her request, Sandro demands something from Theresa: a son. The stalemate sickens her. Never mind that Sandro has yet to introduce Theresa to the large family that means so much to him. Or that Theresa overhears her husband on the phone with a mystery woman. Most damning is that Theresa senses, in Sandro's treatment of her, the behind-the-scenes machinations of Jackson Noble, her cruel father. From the depths of her anxiety, Theresa must seek an empowering truth about the husband who calls her, with such cold affection, his cara, his beloved.

[Wanderlust](#) - Elisabeth Eaves 2011

This book documents the impulses that drive Elisabeth Eaves' insatiable hunger for the rush of the unfamiliar. She is both restless vagabond and astute observer as she crisscrosses five continents, chasing the exotic in both culture and romance. She loses herself in the jungles of Papua New Guinea, rekindles old love and new passion in Cairo, and finds an intinerant brotherhood of raucous men in the land Down Under. Like the random possessions she leaves in her wake, from Australia to Yemen, she also leaves behind a string of lovers. But this is about more than just sensual conquest; it is also a journey of self-discovery, in which her pursuit ultimately guides her home - back cover.

NOT "Just Friends" - Shirley Glass 2007-11-01

One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Women's Infidelity - Michelle Langley 2005-06-01

Is infidelity womens best kept secret? Given that women initiate 70 to 75% of all divorces, is this secret the catalyst that prompts them to pursue separations and divorces, many under the guise of searching for self? How many of these women were happily married prior to their affairs? Are men being divorced by their wives without ever knowing about their wives' extramarital sexual relationships? Womens Infidelity discusses these and other wide-ranging, but interrelated, topics that help explain the difficulty women have with marriage and long-term fidelity.

Finally, a book that answers my questions, gives me an action plan, and arms me with the power of knowledge and choices. Dr. Bitner's book is full of possibilities of how I want to age. ~ Eva Aguirre Cooper, Community Affairs Director, WOOD/WOTV/WXSP

Sex at Dawn - Christopher Ryan 2021-01-05

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality,

the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, Sex at Dawn offers a revolutionary understanding of why we live and love as we do.
