Searching for Mercy Street Linda Gray Sexton 2011-04-10 New York Times Notable Book: A "beautifully written" memoir by the daughter of the brilliant, troubled poet (Detroit Free Press). This is an honest, unsparing account of the anguish and fierce love that bound a difficult mother and the daughter she left behind. Linda Sexton was twenty-one when her mother killed herself, and now she looks back, remembers, and tries to come to terms with her mother's life. Growing up with Anne Sexton was a wild mixture of suicidal depression and manic happiness, inappropriate behavior and midnight trips to the psychiatric ward. Anne taught Linda how to write, how to see, how to imagine—and only Linda could have written a book that captures so vividly the intimate details and lingering emotions of their life together. *Searching for Mercy Street* speaks to everyone who admires Anne Sexton and to every daughter or son who knows the pain of an imperfect childhood. "Sexton forcefully communicates the fear, repulsion, neediness, and sorrow that filled her childhood, as well as the agony of her own mental breakdown and her terror of becoming like her mother, in lucid and vivid prose." —The Boston Globe "A candid, often painful depiction of a daughter's struggles to come to terms with her powerful and emotionally troubled mother." —The New York Times

Sexton When Anne Sexton took her own life in October 1974, she left behind a body of work which had already, in less than two decades of writing, won her the Pulitzer Prize for Poetry, established her as one of the foremost voices of her generation, and shocked America by breaking multiple taboos of subject matter, from insanity, depression and addiction to menstruation, adultery and the figure of the witch. Sexton's name is legendary. Her poetry is read around the world, translated into over thirty languages, and in her own country remains a touchstone for poets and readers looking for rawness of perception, vitality of expression, confessional frankness and fiery passion. Yet, incredibly, there has been no new UK edition of her work for decades. In Mercies, readers are provided with a resonant new selection from the writings of this natural phenomenon of a poet. An Accident of Hope Dawn M. Skorczewski 2012-04-27 In 1956, Anne Sexton was admitted into a mental hospital for post-partum depression, where she met Dr. Martin Orne, a young psychiatrist who treated her for the next eight years. In that time Sexton would blossom into a world-famous poet, best known for her "confessional" poems dealing with personal subjects not often represented in poetry at that time: mental illness, depression, suicide, sex, abortion, women's bodies, and the ordinary lives of mothers and housewives. Orne audiotaped the last three years of her therapy to facilitate her ability to remember their sessions. The final six months of these tapes are the focus of

this book. In *An Accident of Hope*, Dawn Skorczewski links the content of the therapy with poetry excerpts, offering a rare perspective on the artist's experience and creative process. We can see Sexton attempting to make sense of her life and therapy and to sustain her confidence as a major poet, while struggling with the impending loss of Orne, who was moving elsewhere. Skorczewski's study provides an intimate, in-depth view of the therapy of a psychologically tortured yet immensely creative woman, during a period of emerging feminism and cultural change. Tracing the mutual development of the poet and the therapist during their years together, the author explores the tension between the classical therapeutic setting as practiced in the early 1960s and contemporary relational and developmental concepts in psychoanalysis, just then beginning to emerge. *An Accident of Hope* also raises broader questions about the nature of healing in psychotherapy. The poet and therapist we encounter in these sessions present complex and conflicted images of the therapeutic and creative process. Orne, equal parts honesty and hesitancy, works to bolster Sexton's self-image and maintain that she is more than the sum of her poetry. Sexton, working against a tendency to hide from her most painful feelings, valiantly pushes to tell the truth in therapy, while her poems invite the readers to see another side of the story. Just as Orne kept the audiotapes so that one day they might help others who suffer, *An Accident of Hope* tells the story of a therapy but moves beyond it. By offering a glimpse into the past, the present is open for reappraisal, both of Sexton herself and the legacy of psychoanalytic treatment.

Transformations Anne Sexton 2001 These poem-stories are a strange retelling of seventeen Grimms fairy tales, including "Snow White," "Rumpelstiltskin," "Rapunzel," "The Twelve Dancing Princesses," "The Frog Prince," and "Red Riding Hood." Astonishingly, they are as wholly personal as Anne Sexton's most intimate poems. "Her metaphoric strength has never been greater -- really funny, among other things, a dark, dark laughter" (C.K. Williams).

The Complete Poems Anne Sexton 1981 Collects all the poems from the late confessional poet's ten books as well as eight previously uncollected poems, revealing in one volume Sexton's daring openness, language, and emotional honesty.

Anne Sexton Diane Middlebrook 1992-10-27 Anne Sexton began writing poetry at the age of twenty-nine to keep from killing herself. She held on to language for dear life and somehow -- in spite of alcoholism and the mental illness that ultimately led her to suicide -- managed to create a body of work that won a Pulitzer Prize and that still sings to thousands of readers. This exemplary biography, which was nominated for the National Book Award, provoked controversy for its revelations of infidelity and incest and its use of tapes from Sexton's psychiatric sessions. It reconciles the many Anne Sextons: the 1950s housewife; the abused child who became an abusive mother; the seductress; the suicide who carried "kill-me pills" in her handbag the way other women carry lipstick; and the poet who transmuted confession into lasting art.

Mercy Street Anne Sexton 2013-05-13 MERCY STREET is Pulitzer Prize-winning poet Anne Sexton's only play and incorporates many of the themes that infuse her poetry, the deeply personal, the nature of madness, and the subjectivity of truth. "Anne Sexton, a fine poet with an astounding knack for incorporating the ugly and immediate vocabulary of the pressing workaday world into lyrics that nevertheless remain lyrics, is the author of MERCY STREET ... The play is constructed quite literally to resemble the Offertory in Anglican or Roman Catholic mass ... Miss Sexton's initial use of ritual is striking ... The exploration, in rotating flashbacks, produces some riveting line-images ..." -Walter Kerr, The New York Times ..". This is Miss Sexton's first play. She is a Pulitzer Prize-winning poet, and the tone of her poems has always been laceratingly personal. In some she seemed like a latter-day, neurotic Emily Dickinson. Anne Sexton's Confessional Poetics Jo Gill 2007 Given the amount of scholarship on twentieth-century poetry, there has been remarkably little published about Anne Sexton, even though her work is considered to be as important as that of such contemporaries as Sylvia Plath and W. H. Auden. By offering new and provocative readings of her entire oeuvre, Jo Gill provides a long overdue critical appreciation of Anne Sexton and presents a radical rethinking of the confessional mode of poetry and a recuperation of Sexton's place in it. Gill makes substantial use of Sexton's archive of unpublished diaries, drafts, correspondence, lectures, interviews, stage readings, and book annotations, as well as a little-known television documentary on Sexton. She also uses techniques that have not been previously applied to Sexton's poetry to increase our understanding of the poet's life and work. Employing new--principally poststructuralist--literary theories and critical practices,

Gill offers new readings of Sexton's complex and ambitious poems. She discusses the diversity and richness of Sexton's writing across her career, shows the relevance of the often-ignored later poems, and places Sexton's work in its specific historical, political, and ideological contexts.

Ornament and Silence Kennedy Fraser 1998-04-28 "A brilliant collection.... Ms. Fraser does the greatest honor a writer can do people: she brings them alive". -- The New York Times Book Review
Kennedy Fraser brings to the fourteen essays in this indispensable volume the sensitivity, freshness of observation, and offhand elegance that made her fashion reportage for The New Yorker so legendary. In *Ornament and Silence*, Fraser writes about women as independent luminaries and supporting players in the lives of famous men, as solitary figures or as wives, lovers, daughters and sisters. We see how Virginia Woolf was haunted and eventually destroyed by the sexual secrets of her childhood. We meet Flaubert's mistress, Louise Colet, the one woman who could briefly slip past the master's misogyny. Fraser offers vibrant portraits of the Russian novelist Nina Berberova and the English naturalist Miriam Rothschild. And here is Fraser herself, learning her craft at The New Yorker, tending her English garden and -- on every page -- delighting us with the manifold felicities of her prose. "A wonderfully idiosyncratic set of essays on women famous and unknown whose public and private lives Fraser examines with great feeling and exactitude...insight, intelligence, and grace". -- Newsday

The Awful Rowing Toward God Anne Sexton 1975 In this powerful new collection, one of our most dazzlingly inventive and prolific poets tackles a universal theme: the agonizing search for God that is part and parcel of the lives of all of us. As always, Anne Sexton's latest work derives from intense personal experience. She explores the dilemmas and triumphs, and the agony and the peace of her highly unorthodox faith, sharing all her findings with her readers as the quest progresses. Anne

'Hurrying Truth' in the Poetry of Anne Sexton Anissa Sbouï 2023-10 This book investigates the key terms 'truth' and 'misinformation' in the light of Anne Sexton's Complete Poems. In this sense, the aim of this study hinges on demonstrating the inscription of truth in Sexton's poems.

Sheila Burke commemorates and confronts events we will all recognize, paying special attention to those issues women have struggled with in the tumultuous 20th Century. She extols motherhood and experiments with the new roles of women. She examines mental illness, the disintegration of a marriage and particularly, the indignities of aging. Influenced by Robert Lowell's groundbreaking workshop at Harvard during the late 1950s, she elaborates on the confessional style made famous by participants, Sylvia Plath and Anne Sexton. She does not spare herself or her readers in verse that chronicles her sorrows as well as her joys. Her poems can make you laugh or cry but will not be easily forgotten.
