A Really Good Day - Ayelet

Waldman 2017-01-10

The true story of how a renowned writer's struggle with mood storms led her to try a remedy as drastic as it is forbidden: microdoses of LSD. Her revealing, fascinating journey provides a window into one family and the complex world of a once-infamous drug seen through new eyes. When a small vial arrives in her mailbox from "Lewis Carroll," Ayelet Waldman is at a low point. Her moods have become intolerably severe; she has tried nearly every medication possible; her husband and children are suffering with her. So she opens the vial, places two drops on her tongue, and joins the ranks of an underground but increasingly

vocal group of scientists and civilians successfully using therapeutic microdoses of LSD. As Waldman charts her experience over the course of a month--bursts of productivity, sleepless nights, a newfound sense of equanimity--she also explores the history and mythology of LSD, the cutting-edge research into the drug, and the byzantine policies that control it. Drawing on her experience as a federal public defender, and as the mother of teenagers, and her research into the therapeutic value of psychedelics, Waldman has produced a book that is eye-opening, often hilarious, and utterly enthralling.

Souls in Transition -

Christian Smith 2009-09-14

How important is religion for

young people in America today? What are the major influences on their developing spiritual lives? How do their religious beliefs and practices change as young people enter into adulthood? Christian Smith's *Souls in Transition* explores these questions and many others as it tells the definitive story of the religious and spiritual lives of emerging adults, ages 18 to 24, in the U.S. today. This is the much-anticipated follow-up study to the landmark book, *Soul Searching: The Religious and Spiritual Lives of American Teenagers*. Based on candid interviews with thousands of young people tracked over a five-year period, *Souls in Transition* reveals how the religious practices of the teenagers portrayed in *Soul Searching* have been strengthened, challenged, and often changed as they have moved into adulthood. The book vividly describes as well the broader cultural world of today's emerging adults, how that culture shapes their religious outlooks, and what

the consequences are for religious faith and practice in America more generally. Some of Smith's findings are surprising. Parents turn out to be the single most important influence on the religious outcomes in the lives of young adults. On the other hand, teenage participation in evangelization missions and youth groups does not predict a high level of religiosity just a few years later. Moreover, the common wisdom that religiosity declines sharply during the young adult years is shown to be greatly exaggerated. Painstakingly researched and filled with remarkable findings, *Souls in Transition* will be essential reading for youth ministers, pastors, parents, teachers and students at church-related schools, and anyone who wishes to know how religious practice is affected by the transition into adulthood in America today.

Transformed - Lance Mosher
2015-10-01

[Sex, Drugs and Creativity](#) -

Dustin Kahoud 2018-06-19
In *Sex, Drugs, and Creativity: The Search for Magic in a Disenchanted World*, Kahoud and Knafo take a close look at omnipotent fantasies in three domains: sex, drugs, and creativity. They demonstrate how these fantasies emerge and how artists draw on them both to create and destroy—sometimes simultaneously - and how understanding this can help psychoanalysts work more effectively with these individuals. Using the personal statements of influential artists and entertainers, in addition to clinical material, the authors examine the omnipotence of self-destruction as it contends with that of creative artists. The authors argue that creative artists use omnipotent fantasies to imagine the world differently - this enables them to produce their art, but also leaves these artists vulnerable to addiction. Chapters devoted to Stephen King and Anne Sexton demonstrate the ways these authors used drugs and alcohol to fuel imagination and

inspire creative output while simultaneously doing harm to themselves. A detailed case study also demonstrates successful clinical work with a creative substance user. *Sex, Drugs, and Creativity* will appeal to anyone interested in the links between creativity and substance use, and will be of great use to psychoanalysts and mental health practitioners working with these challenging clients.

The Power of Love to Transform Our Lives and Our World - June Singer 2000

The energies of love exist full-blown within each human being. We have an incredible power, given to us at birth, that we must learn how to handle, and it is this power that has gotten the world into the state it is in. William Blake tells us "the road of excess leads to the palace of wisdom." June Singer understands this to mean that when we go too far in one direction, we inevitably come to the place where we see our own folly laid out before us, and from this we learn there must be a better way. We

Transformation Mother Psychic Sex And Psychedelics

experience love: first, of parent and child/ then romantic love (or lust)/ then Platonic love--the love of friend for friend/ and love for country, for land, for that which is familiar. Or the god-intoxicated love of mystics and saints, and those who have known near-death, or god, or real compassion. June Singer draws on her Jungian background to explain our contemporary confusion about the power of love and our love of power. She says that when we understand our relationships and our changing world, we can develop the masculine and feminine sides of ourselves. This means that we are free to assume the power that is given when the ego is developed, so that no other person has to act out parts of ourselves in order for that part to be expressed. When we reach the transpersonal stage of love, we are able to see life. We no longer see power as a magic wand to gain superiority over others. We begin to understand what it means to say "we are all one." Transpersonal love

fires humanity. It takes us beyond ego, beyond personal needs, and unites the personal ego with the larger self. When the various inner parts of ourselves are in harmony, we can truly love--and we can begin to affirm the union between human and divine.

Unlucky Bastard - Chris Burton 2022-05-04

Unlucky Bastard is the story about an adolescent boy growing up on the west side of Chicago surrounded by negative influences. He has to learn to cope with having very little and needing a lot, such as food, clothing, and oftentimes stability in housing. At the early age of ten years old, he became aware of the destructive world in which he must adapt to and somehow navigate his way to some level of success. This story does not exclusively belong to Chris, but many youth growing up in inner cities across this country. Chris finds himself entrenched in high-level, organized criminal activity at a very young age, hopelessly destined to spiral downward til reaching

rock bottom at a maximum-security-level prison. Come with the author on this death-defying journey that will ultimately lead to a path of spiritual awaking and redemption. Unlucky Bastard may reflect many other young black males' story, but this author uses his experience to try to help others to put into proper perspective the horrific thing that continues to happen in the urban community.

Growing Old with Grace -

Ramakrishna Michaels
2015-08-31

Ramakrishna Michael's inspirational story is one of a child endowed with a world-class musical talent, who became a pawn in an emotionally incestuous relationship with his mother. He grew to be a troubled young

man, who devolved into a disastrously dysfunctional adult, addicted to sex, drugs, and denial. In 1985 Ramakrishna met his guru, Babaji Shambhavananda, and slowly but surely, over the years, these less than desirable qualities that were part of his karmic make-up began to dissolve, fostering considerable spiritual growth and transformation. *Growing Old With Grace* is the story of that metamorphosis. A natural born storyteller, Ramakrishna describes, with great insight, how he transformed his life by the grace of the guru (the grace of consciousness). His eloquently written memoir, delivered candidly and with self-deprecating humor, is a story of healing and of how the author has come to terms with his demons. In short, *Growing Old with Grace* is a compelling tale of the power of the human spirit and of the quest for spiritual truth. It's an inspirational and motivational tale like few others and a "must-read" for anyone interested in yoga and

meditation.

Nelson's Illustrated Guide to Religions - Thomas Nelson
2009-05-17

A comprehensive introduction to the religions of the world analyzed from a Christian perspective Nelson's Illustrated Guide to Religions covers more than 200 religions, sects, and cults, most of them ones the reader might encounter on any given day. It is the most complete and up-to-date Christian guide to world religions. Perfect for the student as well as the layperson. Written by leading expert in religions, James A. Beverley.

Growing Old with Grace -
2016-08-30

The author was a young child with world-class musical talent who became a pawn in an overwhelming, emotionally incestuous relationship with his mother. Consequently, as a young man he lost the desire for a music career and began to destroy his life with intense addictions to sex, drugs and denial. Then, at age 41, he met Babaji Shambhavananda and

became a student. His nightmare slowly dissolved, transformed by spiritual growth.

2015-08-30

Ramakrishna Michael's inspirational story is one of a child endowed with a world-class musical talent, who became a pawn in an emotionally incestuous relationship with his mother. He grew to be a troubled young man, who devolved into a disastrously dysfunctional adult, addicted to sex, drugs, and denial. In 1985 Ramakrishna met his guru, Babaji Shambhavananda, and slowly but surely, over the years, these less than desirable qualities that were part of his karmic make-up began to dissolve, fostering considerable spiritual growth and transformation. *Growing Old With Grace* is the story of that metamorphosis. A natural born storyteller, Ramakrishna describes, with great insight, how he transformed his life by the grace of the guru (the

grace of consciousness). His eloquently written memoir, delivered candidly and with self-deprecating humor, is a story of healing and of how the author has come to terms with his demons. In short, *Growing Old with Grace* is a compelling tale of the power of the human spirit and of the quest for spiritual truth. It's an inspirational and motivational tale like few others and a "must-read" for anyone interested in yoga and meditation.

Hildegard of Bingen's Spiritual Remedies - Wighard Strehlow 2002-07-10

Hildegard of Bingen recognized what the holistic health movement has only recently restored to our consciousness: that full health can only be experienced in a state of spiritual balance. Dr. Strehlow gives readers practical suggestions based on the integration of 35 spiritual forces of the human soul in order to "cure the soul within," which he synthesized from five of Hildegard's books on spiritual and psychological

healing principles.

INTEGRATIVE HOLISTIC HEALTH, HEALING, AND TRANSFORMATION - Penny Lewis 2002-01-01

The goal of this book is to begin to present the fundamental body of knowledge which informs current approaches in complimentary and alternative medicine and to explore the role of the new professions of integrative holistic health practitioner, consultant and administrator. This book is designed to compliment, enhance, deepen and broaden the reader's existing expertise through an integrative approach which will improve his/her ability to consult, design programs and work in a variety of settings with various populations including those with medical and psychological conditions as well as those who wish to support their health and well-being. The book provides the necessary conceptual foundational frameworks for exploring how practitioners in a field of alternative medicine/holistic

health know what they know in support of their work. These core ways of knowing gives them a foundation for evaluating their work, new advances in the field and affords them interrelated frames of knowledge for their continued research, expansion and integrative work in the field. Trained holistic health practitioners who may have applied one or more of these paradigms may now be able to expand their foundational and conceptual base thereby broadening their theory and techniques that are appropriate to their professional arenas. Section I is designed to explore general ways of knowing and meaning making in holistic health. Section II is designed to offer the reader/practitioner methodology regarding the creation and implementation of holistic health centers, programs and integrated consultation practices. Finally, Section III offers examples of integrative holistic health clinicians who combine and synthesize a variety of holistic

health approaches and paradigms into their practices as practitioners, healers, therapists and consultants.

Surrender to Love - David G. Benner 2015-09-24

In this expanded edition of a spiritual formation classic, David G. Benner explores the twin themes of love and surrender as the heart of Christian spirituality. God doesn't want his people to respond to him out of fear or obligation, but invites us to enter into an authentic relationship of intimacy and devotion—by surrendering to love.

Sex, Drugs & Jesus -

De'Vannon Hubert 2022-03-28

Transparency is one of the most effective tools we have that can help us heal. It can also help us understand ourselves better as well as other people. What would you do if you believed you only had months to live? How would you feel if your community was stolen from you? Could you survive living on the streets for any length of time? Can you imagine what it's like to try to

Transformation Mother Psychic Sex And Psychedelics

find a job when you have felonies on your record? Are there any words to describe the heart of a mother as she watches her youngest child die? It's taken my whole life to realize that the main person I've been battling against has been me. As such, my memoir delves into raw detail about my war with my myself. I open up about my crystal meth addiction and how I became a drug dealer in Houston, Tx. The pain of growing up in poverty under the hand of an abusive dad is put on display as well. The time I spent serving in the Air Force during Don't Ask Don't Tell and the promiscuity that went along with it is also divulged. I talk about how I received my HIV + diagnosis on a voicemail and my Hep B + diagnosis in the postal mail. My story gets more intense as I share about how I got 3 felonies, the time I spent in jail, and how I ended up homeless after S.W.A.T. kicked my door in. I talk about the biggest heartbreak in my life which happened when I was kicked out of a megachurch,

that I had served with my whole soul for years, just because I am a member of the 2SLGBTQIA+ community and refused to accept the conversion therapy package they offered. So often people judge those who have been in similar situations. My hope is that my honesty can offer a glimpse into these issues from the inside, rather than from the outside looking in. I struggled with dividing my memoir into two separate books, but I felt it would be more impactful to tell everything all at once. My memoir is my testament and it's the greatest form of outreach I have ever offered to the world. I hope that I can earn your trust and attention with the words I have written within these pages.

Transformation Mother - Anthony Lojac 1999-01-01

Psychedelic Cults and Outlaw Churches - Mike Marinacci 2023-07-04

A comprehensive tour of North American spiritual groups that use psychoactive drugs in the search for higher

Transformation Mother Psychic Sex And Psychedelics

consciousness • Explores prominent psychedelic churches and sects in depth, including the Native American Church and their peyote rituals, the cannabis-sex temple known as the Psychedelic Venus Church, and the Church of Naturalism, an LSD-therapy cult that came to a murderous end • Presents an encyclopedic survey of dozens of minor organizations—many of which have never before been documented in an authoritative source • Shares personal interviews and anecdotes about the strange, outrageous adventures of religious psychonauts, alongside rare photos and illustrations From LSD-powered guru Timothy Leary to cannabis sex cults to psychedelic outlaw churches, Mike Marinacci presents a comprehensive tour of North American religious sects and spiritual groups who use entheogens and psychoactive drugs in the search for higher consciousness, mystical insight, and spiritual enlightenment. Exploring

prominent churches and cults in depth, he examines the lives of their colorful leaders, the origins of their unorthodox beliefs, the controversial practices of their congregants, and their many conflicts with both law enforcement and public opinion. He looks at the Native American Church and their legal battle over their peyote rituals, the cannabis sex temple known as the Psychedelic Venus Church, the murderous end of the LSD-therapy cult known as the Church of Naturalism, and several other major groups and temples of psychedelic spirituality. He then offers an encyclopedic survey of dozens of minor organizations, many of which have never before been documented in an authoritative source. Sharing personal interviews and anecdotes about the strange outrageous adventures of religious psychonauts alongside rare photos and illustrations, this extensively researched study of underground psychedelic religious sects in the United States reveals their spiritual

and cultural influence from the 1960s to the present day.

21 Days of Prayer to Overcome Strongholds - Jim Maxim
2022-12-06

No matter who you are or where you live, you are in the middle of a war. Strongholds hinder you from becoming all that God desires for you and the person you truly long to be. In this war, Satan has specific assignments against us that can become strongholds in our lives—issues involving anger, sex, alcohol, drugs, pornography, food, obsessive thoughts of fear or anxiety, depression, and hatred. In *21 Days of Prayer to Overcome Strongholds*, author Jim Maxim takes you on a journey of intercessory warfare in which you will learn firsthand the truths that dominate the

unseen reality of the supernatural world. The Bible tells us that in this battle, “the weapons of our warfare are not carnal [made of flesh and bones] but mighty in God for pulling down strongholds” (2 Corinthians 10:4). God’s truth and the power of intercessory prayer will enable you to wield the spiritual weapons that cast down the strongholds in your life and the lives of your loved ones. Knowing God—and knowing that He’s at work in you with His power and His plan—will enable you to have victory over demonic strongholds like negative emotions, addictions, compulsiveness, inferiority complex, and anything else that is out of control. All of these can be broken and defeated every time through the power of prayer, just as Jesus taught us. At the end of each day’s reading, you are invited to join Jim for interactive, intercessory prayer to overcome the strongholds around you.
