[Lost Britain - David Long 2015-10-22](#)

From vanished villages and bygone businesses to abandoned architecture, forgotten pastimes and projects put on hold, Lost Britain tells the intriguing story of Britain's buildings, counties, transport, languages, roads and rivers that have been forgotten over the centuries. The book shines a light on the hidden corners of Britain's history, exploring medieval ghost villages, former architectural masterpieces, the purported resting place of Anne Boleyn's heart, England's Atlantis, God's Gift, a German war cemetery, the hamlet of Lost in Aberdeenshire, the old Welsh railway run on seven different forms of power and a missing fort in County Down, not to mention how Britain used to be connected to mainland Europe. Exploring the history of the lost parts of Britain, author David Long both mourns their loss and celebrates the achievements of the engineers and architects of past generations, revealing some extraordinary features of this nation's history that should not be forgotten.

[Vanished Villages of Middlesex - Jennifer Grainger 2002-07-10](#)

Once home to over 60 flourishing villages, Middlesex County, in the heart of southwestern Ontario, has a rich history just waiting to be discovered. Anthropologist and local history enthusiast Jennifer Grainger has, through extensive research and much personal exploration, produced a valuable document chronicling the "rise and fall" of these pioneering settlements, truly the foundation of all that exist in the area today. Nostalgia buffs, armchair adventurers, genealogists and curious daytrippers alike will welcome the arrival of this timely publication with its many fascinating stories and countless visual reminders of the past.

[Seeking a Better Future - Lucille H. Campey 2012-08-11](#)

Most emigration from England was voluntary, self-financed, and pursued by people who, while expecting to improve their economic prospects, were also critical of the areas in which they first settled. The exodus from England that gathered pace during the 19th century accounted for the greatest part of the total emigration from Britain to Canada. And yet, while copious emigration studies have been undertaken on the Scots and the Irish, very little has been written about the English in Canada.

Drawing on wide-ranging data collected from English record offices and Canadian archives, Lucille Campey considers why people left England and traces their destinations in Ontario and Quebec. A mass of detailed information relating to pioneer settlements and ship crossings has been distilled to provide new insights on how, why, and when Ontario and Quebec acquired their English settlers. Challenging the widely held assumption that emigration was primarily a flight from poverty, Campey reveals how the ambitious and resourceful English were strongly

attracted by the greater freedoms and better livelihoods that could be achieved by relocating to Canada's central provinces.

Deserted Medieval Villages - Maurice Warwick Beresford 1989

[Ontario and Quebec's Irish Pioneers - Lucille H. Campey 2018-09-08](#)

Taking on the myth that Irish settlers in Canada were a wave of famine victims, Lucille Campey reveals the pioneering achievements of the Irish who began populating — and thriving in — Ontario and Quebec a century before the famine of 1840. The second volume of the Irish in Canada series brings an informative and lively account of this great saga.

The Scottish Pioneers of Upper Canada, 1784-1855 - Lucille H. Campey 2005-05-16

Glengarry, Upper Canada's first major Scottish settlement, was established in 1784 by Highlanders from Inverness-shire. Worsening economic conditions in Scotland, coupled with a growing awareness of Upper Canada's opportunities, led to a growing tide of emigration that eventually engulfed all of Scotland and gave the province its many Scottish settlements. Pride in their culture gave Scots a strong sense of identity and self-worth. These factors contributed to their success and left Upper Canada with firmly rooted Scottish traditions. Individual settlements have been well observed, but the overall picture has never been pieced together. Why did Upper Canada have such appeal to Scots? What was their impact on the province? Why did they choose their different settlement locations? Drawing on new and wide-ranging sources author Lucille H. Campey charts the progress of Scottish settlement throughout Upper Canada. This book contains much descriptive information, including all known passenger lists. It gives details of the 550 ships, which made over 900 crossings and carried almost 100,000 emigrant Scots. The book describes the enterprise and independence shown by the pioneers who were helped on their way by some remarkable characters such as Thomas Talbot, Lord Selkirk, John Galt, Archibald McNab and William Dickson. Providing a fascinating overview of the emigration process, it is essential reading for both historians and genealogists. Scots were some of the provinces earliest pioneers and they were always at the cutting edge of each new frontier. They were a founding people who had an enormous influence on the province's early development. "I am happy to commend Lucille Campey's latest book on Scottish settlement patterns in Canada. The product of

meticulous research, *The Scottish Pioneers of Upper Canada* has much to offer both genealogists and general readers, as it weaves together statistical information, institutional histories and personal accounts to produce a fascinating picture of the multi-dimensional networks that underpinned the transatlantic movement and brought 100,000 Scots to Upper Canada during the seven decades reviewed. Persistent myths of helpless exile are challenged, as the preconditions and processes of emigration are analyzed, along with the cultural traditions imported by the 'trail blazers and border guards' who laid the foundations of Canada's most populous province." - Marjory Harper, Reader in History, University of Aberdeen "With a real feel for the sacrifice and the emotional turmoil of the pioneers, Lucille H. Campey has once again got her audience to face the raw heritage common to every Scots-Canadian. This is an excellent read, full of fascinating detail dug from much archival research. This book is another splendid addition to a series of much interest to both historians and genealogists." - Professor Graeme Morton, Scottish Studies Foundation Chair, University of Guelph

The English In Canada Historical 3-Book Bundle - Lucille H. Campey 2014-09-30

Lucille H. Campey's acclaimed, groundbreaking series on English immigration to Canada is finally available in a collected volume with this complete, three-book edition. A must for genealogists and history lovers interested in the tremendous waves of English immigration to Canada, whose story has never been told in its full depth and detail until now. *Planters, Paupers, and Pioneers: English Settlers in Atlantic Canada* The first-ever comprehensive book written on early English immigration to Canada, *Planters, Paupers, and Pioneers* focuses on the factors that brought the English to Atlantic Canada. It traces English arrivals to their various settlements in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland, and considers their reasons for leaving their homeland. Who were they? When did they arrive? Were they successful? And what was their lasting impact? Drawing on wide-ranging documentary resources, this book is essential reading for individuals wishing to trace English and Canadian family links. *Seeking a Better Future: The English Pioneers of Ontario and Quebec* The exodus from England that gathered pace during the 19th century accounted for the greatest part of the total emigration from Britain to Canada. And yet, while copious emigration studies have been undertaken on the Scots and the Irish, very little has been written about the English in Canada. Drawing on wide-ranging data collected from English record offices and Canadian archives, *Seeking a Better Future* considers why people left England and traces their destinations in Ontario and Quebec. Challenging the widely held assumption that emigration was primarily a flight from poverty, Campey reveals how the ambitious and resourceful English were strongly attracted by the greater freedoms and better livelihoods that could be achieved by relocating to Canada's central provinces. *Ignored but not Forgotten: Canada's English Immigrants* The great exodus from England to Canada peaked in the early 20th century, and although they were widely ignored in the past as an immigrant group, the English are now being given the attention they deserve. Drawing on wide-ranging documentary and statistical sources, *Ignored but not Forgotten* traces this major population movement on a region-by-region basis. Campey reveals the outstanding contributions by English immigrants to Canada's settlement and development, and challenges the assumption that English Canadians were a privileged elite. In fact, most came from humble

backgrounds. The book is essential reading for genealogists and general readers interested in why the English immigrated to Canada and the great scope of their achievements. What critics are saying "Campey's chapters are well-written and hold the readers attention." — GenealogyMagazine.com "A major addition to the literature for those looking for insight into their pioneer immigrant ancestor experience." — Anglo-Celtic Connections "[Lucille Campey] has distilled a copious amount of research.... informative and engaging." — The British Columbia Genealogist

Vanished Villages of Elgin - Jennifer Grainger 2008-06-09

Shipwrecks, War of 1812 skirmishes, ghost sightings, and even a murder or two help make up the colourful story of Elgin Country's heyday.

Vanished Villages of Middlesex - Jennifer Grainger 2002-01-01

Once home to over 60 flourishing villages, Middlesex County, in the heart of southwestern Ontario, has a rich history just waiting to be discovered. Anthropologist and local history enthusiast Jennifer Grainger has, through extensive research and much personal exploration, produced a valuable document chronicling the "rise and fall" of these pioneering settlements, truly the foundation of all that exist in the area today. Nostalgia buffs, armchair adventurers, genealogists and curious daytrippers alike will welcome the arrival of this timely publication with its many fascinating stories and countless visual reminders of the past.

London Free Press: from the Vault 2 - Jennifer Grainger 2020-10-02

The much-anticipated follow-up to *From the Vault, Volume 1* draws on local archives to bring historic London, Ontario, to life. Welcome to 1950 in London, Ontario. The post-war boom is in full swing, fueled by jobs, babies, and the modern consumer. New buildings dot the landscape, marking the advent of suburbia and rise of the shopping mall. When the 401 cuts through town, London finds itself on the cultural map, bringing famous acts to town. Taken by the spirit of protest, Londoners hit the streets to make their voices heard. The Forest City is electric with change. *From the Vault, Volume II: 1950 to 1975* explores what were among the most important and exciting years of London's history. From the opening of Wellington Square Mall to a Royal Visit, the demolition of Hotel London to anti-Vietnam protests, the book illustrates the era by featuring over 1,250 iconic images from the archives of the London Free Press, held at Western Archives. As London's paper of record for 170 years, the London Free Press remains the region's greatest source of historical photography and eyewitness testimony. Like its predecessor, the best-selling *From the Vault*, this book sets a new standard for Canadian excellence in regional history. Documenting landmark events, timeless memories, and unforgettable characters, it's a must-have for lovers of history.

Vanishing England - P. H. Ditchfield 2022-07-31

DigiCat Publishing presents to you this special edition of "Vanishing England" by P. H. Ditchfield. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Lost Villages of England - Maurice Warwick Beresford 1954

Lost Elysium? - Richard Piper 2005

"Lost Elysium?" quotes extensively from contemporary sources, and is illustrated in colour with images from the beginnings of Metro-land's development and new photographs of Middlesex today. In addition, following in the footsteps of Nikolaus Pevsner, Richard Piper has trodden the streets and footpaths of six Metro-land 'villages' - Wembley, Harrow, Pinner, Eastcote, Ruislip and Ickenham - recording what he saw there and giving his impressions and opinions. Piper's conclusions give insight into the long-term results of urban and suburban planning policy. There are many lessons to be learned here, as pressure to provide housing increases especially in the south-east of England."--BOOK JACKET.
