Going Off Script Jen Wilde 2019-05-21 A TV writer's room intern must join forces with her crush to keep her boss from ruining a lesbian character in this diverse contemporary YA romance from the author of *Queens of Geek*. Seventeen-year-old Bex is thrilled when she gets an internship on her favorite tv show, *Silver Falls*. Unfortunately, the internship isn't quite what she expected... instead of sitting in a crowded writer's room volleying ideas back and forth, Production Interns are stuck picking up the coffee. Determined to prove her worth as a writer, Bex drafts her own script and shares it with the head writer—who promptly reworks it and passes it off as his own! Bex is understandably furious, yet...maybe this is just how the industry works? But when they rewrite her proudly lesbian character as straight, that's the last straw! It's time for Bex and her crush to fight back. Jen Wilde's newest novel is both a fun, diverse love story and a very relevant, modern take on the portrayal of LGBT characters in media. Praise for Jen Wilde: "The book deals head on with issues of mental health, body shaming, sexuality, and internet celebrity, handling them with a delicate and skillful touch." —Teen Vogue on *Queens of Geek* "This is the geeky, queer book of our dreams." —Seventeen on *Queens of Geek*

These lessons she had to learn for herself. Set in 1983, marrying young was not unusual in the isolated hollows and villages of the mountains. At fourteen, Savannah was no longer a child, but not yet an adult. Her mother

Rules for Dating your Ex Piper Rayne 2020-09-01 ****Now a USA Today Bestseller**** If your ex arrives in your hometown eighteen months after you walked out on him while you were eight months pregnant, follow this short list of rules before you give him a second chance. Rule #1 - Don't stand in the way of your brothers who want to rough him up. Rule #2 - Don't meet him for coffee and agree to allow him to meet your daughter. Rule #3 - Don't drool when your daughter falls asleep on his chest for the first time. It's just your ovaries talking. Rule #4 - Don't let him hold your hand. While we're at it, no hugs, no kisses on the cheek... just no physical contact in general. That only leads to remembering better times. The last one is the most important... Rule #5 - When you find yourself needing someone's help and you're tired of always asking your family, don't let him be the one who's there for you. Because all those good qualities of his will suck you right back in and you'll have no chance of fighting your feelings, especially now that he's ready to be a father to your daughter.

Now, without income, he joins the millions defaulting on their loans — in his case, the money he borrowed to finance his degrees. But there are consequences. Using advances in cognitive science and chemical therapy, Ben's debtors can reclaim their property — his education. The government calls the process "Repossession Therapy." The data Ben's repossession will yield is invaluable to those improving the "indexing" technology — a remarkable medical advance that has enabled the effective cure of all mental disorders. By disassembling his mind, doctors will gain the expertise to assist untold millions. But Ben has no intention of losing his mind without a fight, so he begins teaching in the park, distributing his knowledge before it's gone in a race against ignorance. And somewhere in Ben's confusing takedown, Chimpanzee arrives. Its iconography appears spray-painted around town. Young people in rubber chimpanzee masks start massive protests. As Ben slowly loses himself, the Chimpanzee movement seems to grow. And all fingers point to Ben.

Untangled Lisa Damour 2016-04-07 Leading clinical psychologist Lisa Damour identifies the seven key phases marking the journey from girlhood to womanhood, and offers practical advice for those raising teenage girls. We expect an enormous amount from our teenage girls in a world where they are bombarded with messages about how they should look, behave, succeed. Yet we also speak as though adolescence is a nightmare rollercoaster ride for both parent and child, to be endured rather than enjoyed. In *Untangled*, world authority and clinical psychologist Lisa Damour provides an accessible, detailed, comprehensive guide to parenting teenage girls. She believes there is a predictable blueprint for how girls grow; seven easily recognisable 'strands' of transition from childhood through adolescence and on to adulthood. Girls naturally develop at different rates, typically on more than one front, and the transition will be unique to every girl. Each chapter describes a phase, such as 'contending with adult authority' and 'entering the romantic world', with hints and tips for parents and daughters, and a 'when to worry' section. Damour writes sympathetically and clearly, providing a practical and helpful guide for any parent, and for teenage girls too.
