Super Thinking - Gabriel Weinberg 2019-06-18

A WALL STREET JOURNAL BESTSELLER! "You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head." - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read *Super Thinking*, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let *Super Thinking* upgrade your brain with mental models.

A Brother's Price - Wen Spencer 2005-07-05

In a world where male children are rare, a man is a valuable commodity—to be sold to the highest bidder... It isn't easy being the oldest boy in a house run by women—especially for Jerin Whistler. The grand-matriarchs of his clan are descended from soldiers, spies, and thieves. That's partly what's kept their family alive in the wilderness. But it also means Jerin's doomed to marry the girls next door—a fate he's convinced is worse than death. But Jerin gets in even worse trouble when, in the process of a daring rescue, he falls in love with a royal princess who's as high above his station as it's possible to be. Ren knows that Jerin is too far below her class to be an appropriate match for her and her royal sisters. But then she hears rumors of a long-held Whistler family secret—one that might provide a way for them to finally be together. Unfortunately, she still has four sisters to convince. And that's before Jerin even comes to the capital—where simmering political tensions will threaten not just their love, but all their lives... "Don't plan on getting anything else done if you start a Wen Spencer novel; they are exceedingly hard to put down!"—Nebula Award-Winning Author Catherine Asaro

The Global Energy Transition - Peter D Cameron 2021-01-14

Global energy is on the cusp of change, and it has become almost a truism that energy is in transition. But what does this notion mean exactly? This book explores the working hypothesis that, characteristically, the energy system requires a strategy of the international community of states to deliver sustainable energy to which all have access. This strategy is for establishing rules-based governance of the global energy value-cycle. The book has four substantive parts that bring together contributions of leading experts from academia and practice on the law, policy, and economics of energy. Part I, 'The prospects of energy transition', critically discusses the leading forecasts for energy and the strategies that resource-rich countries may adopt. Part II, 'Rules-based multilateral governance of the energy sector', details the development and sources of rules on energy. Part III, 'Competition and regulation in transboundary energy markets', discusses principal instruments of rules-based governance of energy. Part IV, 'Attracting investments and the challenges of multi-level governance', focuses on the critical governance of the right investments. This book is a flagship publication of the Centre for Energy, Petroleum and Mineral Law and Policy at the University of Dundee. It launches the Hart series 'Global Energy Law and Policy' and is edited by the series general editors Professors Peter D Cameron and Volker Roeben, and also Dr Xiaoyi Mu. Change Your Paradigm, Change Your Life - Bob Proctor 2021-08-21

When you're doing something that's out of the ordinary, your mental programming, your paradigm, will try and stop you. If you want to win, you must keep going. Your paradigms may be masked in complacency, fear, worry, anxiety, insecurities, self-doubt, mental hurry and self-loathing--the result is keeping you STUCK...locked in a box and starved of your dreams and ambitions. To change your life--you MUST change your paradigm. The change is not easy, but it's worth it, and the results are lasting. Bob Proctor will show you his proven methods for doing so. This book will synthesize his decades of study, application, and teaching to: Explain what paradigms are and how they guide every move you make Teach you how to identify your paradigms Show you how to make your own Paradigm Shift Help you transform your finances, health and

lifestyle when you change your paradigm Guide you on how to replace a paradigm that doesn't serve you well with a new one that frees you to create the life you really want Bob will break through the myth many people have about success--that long hours and hard work are sufficient to achieve lasting success. Because without changing your paradigm, no amount of hard work and long work hours will make a measurable, lasting difference in your success. Once you go through Bob Proctor's Paradigm Shift Process, you will expose yourself to a brand new world of power, possibility and promise.

Al-Shabaab in Somalia - Stig Jarle Hansen 2013

Hansen explores the history of the Somalia based Al Harakat Al Shabaab from 2005 to 2012, offering the first in-detail history of one of the most important Al-Qaeda affiliates today and the first to conquer large territories. He anchors the organisation in its local context, describing it as set in the nexus of global and local streams of influence, employing terror strategically, often in order to offset diplomatic and military defeats. He then follows it as an early network into the post-2010 phase where it struggles against a superior enemy but still remains an actor to be reckoned with.

Ritual Worship of the Great Goddess - Hillary Rodrigues 2012-02-01

During a nine-day period every autumn, Hindus in India and throughout the world worship the Great Goddess, Durgā--the formidable deity who is loved like a mother. One of the most dramatic and popular of these celebrations is the Durgā Pūjā, a rite noted for its visual pageantry, ritual complexity, and communal participation. In this book, Hillary Peter Rodrigues describes the Bengali style of Durgā Pūjā practiced in the sacred city of Banaras from beginning to end. A romanization of the Sanskrit litany is included along with an English translation. In addition to the liturgical description, Rodrigues provides information on the rite's component elements and mythic aspects. There are interpretive sections on puja, the Great Goddess, women's roles in the ritual, and the socio-cultural functions of the ritual. Rodrigues maintains that the Durgā Pūjā is a rite of cosmic rejuvenation, of empowerment at both the personal and social levels, and a rite that orchestrates manifestations of the feminine, both Divine and human.

The Secret of Perfect Living - James T. Mangan 2015-11-13

MORE THAN FORTY-FIVE YEARS OF INTENSIVE STUDY and thousands of experiments with people from all walks of life have gone into the creation of what I call Perfect Living. And what is Perfect Living? Perfect Living is a state of absolute self-togetherness, a union of the conscious and subconscious selves for the ultimate good and benefit of your whole person. Though this union of an individual's two selves has been much written and talked about, little has been accomplished to bring it down to a tangible level. In my own mind-science studies I concentrated on discovering a practical method of uniting the conscious mind and the subconscious, and found a technique through which such a union can be achieved. My technique calls for four easily adopted attitudes and the use of switchwords, a means by which the conscious mind can "talk to" and direct the thought patterns of the subconscious. Through these switchwords the conscious person gains the cooperation of his subconscious self, creating an inner harmony that brings immediate results. For example, how often is your day spoiled by a persistent, nagging pain or headache? Aspirin may bring temporary relief, but it doesn't get to the cause, and the pain returns. Wouldn't it be wonderful to be able to utter a single word which would instantly cause all pain to vanish? There is such a word, and Chapter 9 of this book explains in detail how you can make it work for you. Or have you ever lost or misplaced some important or valuable possessions? The more desperately you search for the object, the more it seems to elude you. But with one of the magic switchwords you relax and let your Inner Self bring you to the thing you are searching for. Chapter 8 covers the details on how you can turn on your own finder machinery. These are only two small examples of what Perfect Living and its switchwords can do for you. With Perfect Living you can do anything. You can: 1. Conquer all your fears. 2. Learn to relax. 3. Keep yourself forever young. 4. Overcome despair and "blue" moods. 5. Begin to know yourself. 6. Get along better with other people. 7. Set goals and achieve them. 8. Gain money and new prosperity. 9. Free yourself of bad habits. 10. Achieve glowing health and freedom from pain. 11. Release your hidden abilities. 12. Be a permanently happy person, invulnerable to any upset or setback. But the benefits of Perfect Living are endless and the book itself explains them all to you. Why not put this modern miracle to work now? Make Perfect Living a part of your life!
