Hypnotic Writing Joe Vitale 2006-12-22 Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a

prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." - David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

The Only Little Prayer You Need Engle, Debra Landwehr 2014-10-01 "We need to encourage an understanding that inner peace comes from relying on human values like love, compassion, tolerance, and honesty, and that peace in the world relies on individuals finding inner peace." —His Holiness, the Dalai Lama These six words—please heal my fear-based thoughts—change lives. In this brief and inspiring book, based on Engle’s study of *A Course in Miracles*, she explains how to use the prayer and experience immediate benefits: being less irritable, more patient, laughing more, feeling like you have more time, more energy, worrying less, making decisions more easily, saying no without guilt. A typical prayer goes something like this: "Please help us find the money to pay our mortgage this month." Saying the prayer may help you feel like the burden of that month's mortgage has been lifted, but the part of you that feeds on fear will simply seek out new financial worries to keep you awake at night. Old patterns remain intact. In contrast, asking, "Please heal my fear-based thoughts

about our mortgage" lifts the burden AND relieves the need to re-create that fear and hold onto it. This prayer heals your very desire for burdens, your addiction to fear-based thoughts, freeing you to live without that fear and with greater peace of mind. As a result, your financial situation is also free to improve. That's what makes it so different. One Facebook fan told Engle, "The most blessed aspect of this prayer is all the open space it creates for peace—I never knew how many fear-based thoughts were clogging up in me until this prayer."

Discover how Tapping can help you release your old views of money and open the door to more wealth than you ever imagined.

Getting into the Vortex Esther Hicks 2020-07-21 Living a better-feeling life really comes down to one thing only: coming into alignment with the Energy of our Source. Abraham reminds us that we are truly Source Energy focused into our physical bodies, and that a conscious Connection to that Broader Non-Physical part of us is necessary if we are to be the joyful Beings that we were born to be. Abraham calls that wonderful alignment Getting into the Vortex. Through a series of Leading Edge books (New York Times bestsellers), Abraham has emphasized the importance of our conscious alignment with the Source within us. They have let us know that our natural state of Being is inside our Vortex of Creation in complete alignment with Source Energy—and that every aspect of our physical experience reflects our alignment with, or resistance to, that Connection. Everything—from the physical well-being of our bodies, the clarity of our minds, and the abundance we allow to flow, to the satisfaction in every relationship we experience—is impacted by our all-important relationship with our Vortex. Abraham has helped us to understand that our dominant intent in every day is to

get into the Vortex! And now, they have lovingly and specifically guided Jerry and Esther Hicks in the creation of an innovative and valuable tool that promises to get us into the Vortex right now . . . and that tool is enclosed in the Getting into the Vortex User Guide in the form of a 70-minute audio download. This unique recording contains four powerfully guided daily meditations that have been designed to get you into the Vortex of Creation in four basic areas of your life: • General Well-Being • Financial Well-Being • Physical Well-Being • Relationships. Jerry and Esther are thrilled to offer this powerful, first-of-its kind, musically scored, breath-enhancing, user-friendly tool from Abraham that will get you into the Vortex.

events begins in our brains. Thoughts travel as electrical impulses along neural pathways. When neurons fire together they wire together, creating electromagnetic fields. These fields are invisible energy, yet they influence the molecules of matter around us the way a magnet organizes iron filings. In *Mind to Matter*, award-winning researcher Dawson Church explains the science showing how our minds create matter. Different intentions produce different fields and different material creations. The thoughts and energy fields we cultivate in our minds condition the atoms and molecules around us. We can now trace the science behind each link in chain from thought to thing, showing the surprising ways in which our intentions create the material world. The science in the book is illustrated by many authentic case histories of people who harnessed the extraordinary power of the mind to create. They include: Adeline, whose Stage 4 cancer disappeared after she imagined "healing stars" Raymond Aaron and two of his clients, each of whom manifested \$1 million in the same week Elon Musk, who bounced back from devastating tragedy to found Tesla and SpaceX Graham Phillips, who grew the emotional regulation part of his brain by 22.8% in two months Jennifer Graf, whose grandfather's long-dead radio came to life to play love songs the day of her wedding Harold, whose 80% hearing loss reversed in an hour Joe Marana, whose deceased sister comforted him from beyond the grave Rick Geggie, whose clogged arteries cleared up the night before cardiac surgery Matthias Rust, a teen whose "airplane flight for peace" changed the fate of superpowers Wanda Burch, whose dream about cancer told the surgeon exactly where to look for it An MIT freshman student who can precipitate sodium crystals with his mind John, who found himself floating out of his body and returned to find his AIDS healed Dean, whose cortisol levels dropped by 48% in a single hour In *Mind to Matter*, Dawson Church shows that these outcomes aren't a lucky accident only a few people experience. that is linked to manifestation. This "flow state" can be learned and applied by anyone. New discoveries in epigenetics, neuroscience, electromagnetism, psychology, vibration, and quantum physics connect each step in the process by which mind creates matter. They show that the whole universe is self-organizing, and when our minds are in a state of flow, they coordinate with nature's emergent intelligence to produce synchronous outcomes. The book contained over 150 photos and illustrations that explain the process, while an "Extended Play" section at the end of each chapter provides additional resources. As Mind to Matter drops each piece of the scientific puzzle into place, it leaves us with a profound understanding of the enormous creative potential of our minds. It also gives us a road map to cultivating these remarkable brain states in our daily lives.

LEVIATHAN (Complete Edition) Thomas Hobbes 2018-11-02 This eBook edition of "Leviathan" has been formatted to the highest digital standards and adjusted for readability on all devices. Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiasticall and Civil—commonly referred to as Leviathan—is a book written by Thomas Hobbes. Its name derives from the biblical Leviathan. The work concerns the structure of society and legitimate government, and is regarded as one of the earliest and most influential examples of social contract theory. Leviathan ranks as a classic western work on statecraft comparable to Machiavelli's The Prince. Written during the English Civil War (1642-1651), Leviathan argues for a social contract and rule by an absolute sovereign. Hobbes wrote that civil war and the brute situation of a state of nature ("the war of all against all") could only be avoided by strong, undivided government.

The Tapping Solution Nick Ortner 2013-04-02 Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In his upcoming book, *The Tapping Solution*, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping’s proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers’ eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.
