**Queenie** - Candice Carty-Williams 2019-11-05

ONE OF TIME'S 100 BEST BOOKS OF THE YEAR ONE OF NPR'S BEST BOOKS OF 2019 NAMED ONE OF THE MOST ANTICIPATED BOOKS OF 2019 BY WOMAN'S DAY, NEWSDAY, PUBLISHERS WEEKLY, BUSTLE, AND BOOK RIOT! "[B]rilliant, timely, funny, heartbreaking." —Jojo Moyes, #1 New York Times bestselling author of *Me Before You* Bridget Jones's Diary meets *Americanah* in this disarmingly honest, boldly political, and truly inclusive novel that will speak to anyone who has gone looking for love and found something very different in its place. Queenie Jenkins is a twenty-five-year-old Jamaican British woman living in London, straddling two cultures and slotting neatly into neither. She works at a national newspaper, where she's constantly forced to compare herself to her white middle class peers. After a messy break up from her long-term white boyfriend, Queenie seeks comfort in all the wrong places...including several hazardous men who do a good job of occupying brain space and a bad job of affirming self-worth. As Queenie careens from one questionable decision to another, she finds herself wondering, "What are you doing? Why are you doing it? Who do you want to be?"—all of the questions today's woman must face in a world trying to answer them for her. With "fresh and honest" (Jojo Moyes) prose, Queenie is a remarkably relatable exploration of what it means to be a modern woman searching for meaning in today's world.

*Sun in Signs* - Saket Shah 2022-02-05

Dear Reader, We always wonder that every sign in Vedic astrology has different meaning and results. So how does the planet sitting in it will behave. So in this book I am describing how Sun will give results in different zodiac signs in most possible and descriptive way. The planet behavior changes along with the sign it sits in and give different results. Every sign itself is a mystery and planet sitting in sign becomes more mysterious and gives results in very different pattern. Planet is nothing but a cosmic energy which in particular location in zodiac during our birth impacts our entire life the way we think and the way we behave and also controls our emotions. The glands in our brain reacts to this cosmic energy and creates a certain characteristic in our life patten and day to day life and we can understand this by understanding our horoscope and by checking which sign the planet is sitting and how it impacts our thinking and life. I hope you will love this book and enjoy reading.

Regards, Saket Shah

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. - Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you

honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Marjorie and Ed - Edward L. Osler 2021-05-19

Marjorie and Ed: A Love Story By: Edward L. Osler At the time he met Marjorie, Ed Osler was at the end of his "dating rope." He was tired of dating, disgusted with who he was meeting, and wondered if he would ever meet his "special someone." He met Marjorie online on a dating site that allowed him to express how he felt in words and in poetry. They emailed each other for close to three weeks before they actually met. By the time they had their first date, they had developed a relatively strong friendship. When they finally met for their dinner date, Marjorie in person was no different than the woman he was emailing. The evening's date was effortless. Everything flowed so easily. By the time the date ended Ed was sad, for he wondered if they would ever have a second date. Love-call it karma or fate or simply an emotional connection—does exist—even in this day and age. Dating is not difficult as long as both parties remain open and honest with their feelings and hold fast that unconditional love does exist. It is real and special. We experience happy emotions and sad emotions and as long as we retain our sense of humor, we will find that special someone to spend our life with.
