

How To Do A Girl Voice

Voice and Agency Jeni Klugman 2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

Underestimated Chelsey Goodan 2024-03-05 In the vein of *Reviving Ophelia* and *Untangled* comes a fresh, necessary, and empowering guide that will result in better understanding, stronger connections, and more meaningful and impactful conversations between parents and daughters. Written with insight, warmth, and humor, *Underestimated* is the first parenting book to invite us into a teenage girl's brain and heart, as told from the point of view of a beloved and trusted mentor. Chelsey Goodan is a highly sought-after academic tutor who has worked with hundreds of girls from all different backgrounds, earning their trust, confidence, and friendship. They in turn have shared with her their innermost concerns, doubts, and what they wish they could communicate with and to their parents. With topics and language directly chosen by the girls, Goodan reveals how the solutions to a girl's well-being lie within her. She demonstrates how parents and adults can better support and believe in a teenage girl's power to discover her own solutions and boldly use her voice to create positive change. Rather than dismissing teenage girls based on our own fears or treating them as problems that need to be solved, Goodan encourages us as parents, and as a society, to help girls unleash their power and celebrate their intrinsic wisdom. *Underestimated* shows us how to do this with accessible advice, insightful narratives, and profound wisdom.

The Female Voice of Myanmar Nilanjana Sengupta 2015-12-09 *The Female Voice of Myanmar* seeks to offer a female perspective on the history and political evolution of Myanmar. It delves into the lives and works of four of Myanmar's remarkable women who set aside their lives to answer the call of their country: Khin Myo Chit, who spoke about latent sexual politics in pre-Independent Burma; Ludu Daw Amar, who as the editor of the leftist *Ludu Daily*, was deemed anti-establishment and was witness to the socialist government's abortive efforts at ethnic reconciliation; Ma Thida, whose writing bears testimony to the impact the authoritative military rule had on the individual psyche; and Aung San Suu Kyi, who has re-articulated Burmese nationalism. This book breaks new ground in exploring their writing, both published and hitherto unexamined, some in English and much in Burmese, while the intimate biographical sketches offer a glimpse into the Burmese home

Three Little Women: A Story for Girls Gabrielle E. Jackson 2023-09-27 " The afternoon was a wild one. All day driving sheets of rain had swept along the streets of Riveredge, hurled against windowpanes by fierce gusts of wind, or dashed in miniature rivers across piazzas. At noon it seemed as though the wind meant to change to the westward and the clouds break, but the promise of better weather had failed, and although the rain now fell only fitfully in drenching showers, and one could "run between the drops" the wind still blustered and fumed, tossing the wayfarers about, and tearing from the trees what foliage the rain had spared, to hurl it to the ground in sodden masses. It was more like a late November than a late September day, and had a depressing effect upon everybody. "I want to go out; I want to go out; I want to go out, out, OUT!" cried little Jean Carruth, pressing her face against the window-pane until from the outside her nose appeared like a bit of white paper stuck fast to the glass. "If you do you'll get wet, wet, WET, as sop, sop, SOP, and then mother'll ask what we were about to let you," said a laughing voice from the farther side of the room, where Constance, her sister, nearly five years her senior, was busily engaged in trimming a hat, holding it from her to get the effect of a fascinating bow she had just pinned upon one side. "But I haven't a single thing to do. All my lessons for Monday are finished; I'm tired of stories; I'm tired of fancy work, and I'm tired of— everythingand I want to go out," ended the woe-begone voice in rapid crescendo. "Do you think it would hurt her to go, Eleanor?" asked Constance, turning toward a girl who sat at a pretty desk, her elbows resting upon it and her hands propping her chin as she pored over a copy of the French Revolution, but who failed to take the least notice of the question"

A World of Girls L. T. Meade 2014-01 "Me want to see Hetty," said an imperious baby voice. "No, no; not this morning, Miss Nan, dear." "Me do want to see Hetty," was the quick, impatient reply. And a sturdy indignant little face looked up at Nurse, to watch the effect of the last decisive words. Finding no affirmative reply on Nurse's placid face, the small lips closed firmly—two dimples came and went on two very round cheeks—the mischievous brown eyes grew full of laughter, and the next moment the little questioner had squeezed her way through a slightly open door, and was toddling down the broad stone stairs and across a landing to Hetty's room. The room door was open, so the truant went in. A bed with the bedclothes all tossed about, a half worn-out slipper on the floor, a very untidy dressing-table met her eyes, but no Hetty. "Me want Hetty, me do," piped the treble voice, and then the little feet commenced a careful and watchful pilgrimage, the lips still firmly shut, the dimples coming and going, and the eyes throwing many upward glances in the direction of Nurse and the nursery. No pursuit as yet, and great, great hope of finding Hetty somewhere in the down-stair regions. Ah, now, how good! those dangerous stairs had been descended, and the little voice calling in shrill tones for Hetty rang out in the wide hall.

Embracing the Firebird Janine Beichman 2002-07-31 How did a girl from the provinces, meant to do nothing more than run the family store, become a bold and daring poet whose life and work helped change the idea of love in modern Japan? *Embracing the Firebird* is the first book-length study in English of the early life and work of Yosano Akiko (1879-1942), the most famous post-classical woman poet of Japan. It follows Akiko, who was born into a merchant family in the port city of Sakai near Osaka, from earliest childhood to her twenties, charting the slow process of development before the seemingly sudden metamorphosis. Akiko's later poetry has now begun to win long-overdue recognition, but in terms of literary history the impact of *Tangled Hair* (1901), her first book, still overshadows everything else she wrote, for it brought individualism to traditional tanka poetry with a tempestuous force and passion found in no other work of the period. *Embracing the Firebird* traces Akiko's emotional and artistic development up to the publication of this seminal work, which became a classic of modern Japanese poetry and marked the starting point of Akiko's forty-year-long career as a writer. It then examines *Tangled Hair* itself, the characteristics that make it a unified work of art, and its originality. The study throughout includes Janine Beichman's elegant translations of poems by Yosano Akiko (both those included in *Tangled*

Hair and those not), as well as poems by contemporaries such as Yosano Tekkan, Yamakawa Tomiko, and others.

CHAPTER I "This will never do, Betsy," said Mr. Linley, shaking his head. "Sir Joshua calls you Saint Cecilia, but 'twere a misnomer if you do not sing the phrase better than you have just sung it. 'She drew an angel down': let that be in your mind, my dear. There is no celestial being that would move a pinion to help a maiden who implored its aid in so half-hearted a way. Let us try again. One, two, three——" "'Angels, ever bright and fair,'" sang Miss Linley. Her father sprang from the harpsichord. "Gracious powers, madam! the angels are not in the next room—they are not even in Pierrepont Street, take my word for it; they are in heaven, and heaven, let me tell you, is a very long way from Bath!" he cried. "Give forth the 'Angels' as if you meant to storm the ears of heaven with your cry. Think of it, girl—think that you are lost, eternally lost, unless you can obtain help that is not of earth. Stun their ears, madam, with the suddenness of your imploration, and let the voice come from your heart. Betsy, that smile is not in the music. If Maestro Handel had meant a smile to illuminate the part, take my word for it he would have signified it by a bar of demi-semi-quavers, followed by semi-quavers and quavers. Good heavens, madam! do you hope to improve upon Handel?" "Ah, father, do not ask too much of me to-night; I am tired—anxious. Why, only last week a highwayman——" Miss Linley glanced, eagerly listening, toward the window, as if she fully expected to see the mask of a highwayman peering between the blinds. "Betsy, I am ashamed of you!" said her father. "What stuff is this? Is there any highwayman fool enough to collect fiddles? Do you fancy that a boy with a fiddle tucked under his arm is in any peril of a bullet?" "But they may affright the child." "Child? Child? Who is the child? What! Do you think that because you have not seen your brother since he was fourteen, the four years that have passed can have made no impression on him?" "I suppose he will have grown." "You may be sure that he will be able to defend himself without drawing either his sword or his fiddle. To your singing, Betsy. Go back to the recitative." "It would be a terrible thing to find that he had outgrown his affection for us. I have heard that in Italy——" "Still harping on my daughter's brother! Come, Miss Linnet, you shall have your chance. You shall fancy that your prayer is uttered on behalf of your brother. 'Angels, ever bright and fair, Take, oh, take him to your care.' Now shall the angels hear for certain. Come, child; one, two——" "'Angels——'" sang Miss Linley. "Brava!" cried her father sotto voce, as the sound thrilled through the room and there was a suggestion of an answering vibration from the voice of the harpsichord. "'Angels, ever bright and fair, Take, oh, take me——'" The harpsichord jingled alone. The girl's voice failed. She threw herself into a chair, and, covering her face with her hands, burst into a passion of sobbing. "Oh, if he does not arrive after all—if some accident has happened—if—if——" The apprehensions which she was too much overcome to name were emphasised in the glance that she cast at her father. Her eyes, the most marvellous wells of deep tenderness that ever woman possessed, at all times suggested a certain pathetic emotion of fear, causing every man who looked into their depths to seek to be her protector from the danger they seemed to foresee; but at this moment they appeared to look straight into the face of disaster. Guerrilla Girl: A Girl's echoing voice in the Zimbabwe Chimurenga Helen Gamanya 2023-03-05 Southern Rhodesia was a colony of the British Empire. In 1980, it gained independence as modern-day Zimbabwe, after a long liberation struggle, and a bitter guerrilla war. *Guerrilla Girl* tells the story of Shupai, and her journey to liberation. Follow her from impoverished childhood in a convent school in rural Rhodesia; to her experiences of discrimination and injustice as a young woman in the capital Salisbury; her radical awakening amongst youth political groups; to her transformation into a highly trained freedom fighter. The women of Zimbabwe had to fight for liberation on two fronts: from the domination of the common colonialist enemy, and from the male chauvinism of their countrymen. Most African men in Zimbabwe found it hard to accept women as fighters, let alone as armed guerrillas. Women had a hard time asserting themselves as capable and trusted liberators, always in danger of being put down by their male counterparts. Whilst the names of the characters are fictitious, the majority of events and places are true.

Girl Zines Alison Piepmeier 2009-11-18 Stroll through any public park in Brooklyn on a weekday afternoon and you will see black women with white children at every turn. Many of these women are of Caribbean descent, and they have long been a crucial component of New York's economy, providing childcare for white middle- and upper-middleclass families. *Raising Brooklyn* offers an in-depth look at the daily lives of these childcare providers, examining the important roles they play in the families whose children they help to raise. Tamara Mose Brown spent three years immersed in these Brooklyn communities: in public parks, public libraries, and living as a fellow resident among their employers, and her intimate tour of the public spaces of gentrified Brooklyn deepens our understanding of how these women use their collective lives to combat the isolation felt during the workday as a domestic worker. Though at first glance these childcare providers appear isolated and exploited—and this is the case for many—Mose Brown shows that their daily interactions in the social spaces they create allow their collective lives and cultural identities to flourish. *Raising Brooklyn* demonstrates how these daily interactions form a continuous expression of cultural preservation as a weapon against difficult working conditions, examining how this process unfolds through the use of cell phones, food sharing, and informal economic systems. Ultimately, *Raising Brooklyn* places the organization of domestic workers within the framework of a social justice movement, creating a dialogue between workers who don't believe their exploitative work conditions will change and an organization whose members believe change can come about through public displays of solidarity.

Giving Voice Meryl Alper 2017-01-20 How communication technologies meant to empower people with speech disorders—to give voice to the voiceless—are still subject to disempowering structural inequalities. Mobile technologies are often hailed as a way to “give voice to the voiceless.” Behind the praise, though, are beliefs about technology as a gateway to opportunity and voice as a metaphor for agency and self-representation. In *Giving Voice*, Meryl Alper explores these assumptions by looking closely at one such case—the use of the Apple iPad and mobile app Proloquo2Go, which converts icons and text into synthetic speech, by children with disabilities (including autism and cerebral palsy) and their families. She finds that despite claims to empowerment, the hardware and software are still subject to disempowering structural inequalities. Views of technology as a great equalizer, she illustrates, rarely account for all the ways that culture, law, policy, and even technology itself can reinforce disparity, particularly for those with disabilities. Alper explores, among other things, alternative understandings of voice, the surprising sociotechnical importance of the iPad case, and convergences and divergences in the lives of parents across class. She shows that working-class and low-income parents understand the app and other communication technologies differently from upper- and middle-class parents, and that the institutional ecosystem reflects a bias toward those more privileged. Handing someone a talking tablet computer does not in itself give that person a voice. Alper finds that the ability to mobilize social, economic, and cultural capital shapes the extent to which individuals can not only speak but be heard.

This Is the Voice John Colapinto 2021-01-26 A New York Times bestselling writer explores what our unique sonic signature reveals about our species, our culture, and each one of us. Finally, a vital topic that has never had its own book gets its due. There's no shortage of books about public speaking or language or song. But until now, there has been no book about the miracle that underlies them all—the human voice itself. And there are few writers who could take on this surprisingly vast topic with more artistry and expertise than John Colapinto. Beginning with the novel—and compelling—argument that our ability to speak is what made us the planet's dominant species, he guides us from the voice's beginnings in lungfish millions of years ago to its culmination in the talent of Pavoratti, Martin Luther King Jr., and Beyoncé—and each of us, every day. Along the way, he shows us why the voice is the most efficient, effective means of communication ever devised: it works in all directions, in all weathers, even in the dark, and it can be calibrated to reach one other person or thousands. He reveals why speech is the single most complex and intricate activity humans can perform. He travels up the Amazon to meet the Piraha, a reclusive tribe whose singular language, more musical than any other, can help us hear how melodic principles underpin every word we utter. He heads up to Harvard to see how professional voices are helped and healed, and he ventures out on the campaign trail to see how demagogues wield their voices as weapons. As far-reaching as this book is, much of the delight of reading it lies in how intimate it feels. Everything Colapinto tells us can be tested by our own lungs and mouths and ears and brains. He shows us that, for those who pay attention, the voice is an eloquent means of communicating not only what the speaker means, but also their mood, sexual preference, age, income, even psychological and physical illness. It overstates the case only slightly to say that anyone who talks, or sings, or listens will find a rich trove of thrills in *This Is the Voice*.
