Your Best Day Is Today! - Anupam Kher 2021-01-05

'Your best day is today. Not tomorrow, nor day after.' The Covid-19 pandemic is considered as the most crucial global health calamity of the twenty-first century. It caught humankind like a deer in the headlights. All across the globe, people were unprepared to face this disease head-on. Apart from enduring the impact of the socio-economic and political crisis, we had to deal with the consequences of staying inside our homes without knowing what the future held for us. As humans, we have a tendency of leaving things for tomorrow, and this crisis has made us realise that the best day to do anything is today . . . *Your Best Day Is Today!* is a compendium of experiences, lessons, and positive takeaways that will help you deal with the dark times in your life. It is a guide to getting in touch with your inner self and finding solutions to the problems that arise with adapting to changes in life. It is also a reminder of how you are not alone and there is always a way to make the best of any situation life throws at you. Fish Soup - Margarita García Robayo 2018

Set on the Caribbean coast of Colombia, "Waiting for a hurricane," follows a girl obsessed with escaping both her life and her country. Emotionally detached from her family and disillusioned with what the future holds, she takes drastic steps, seemingly oblivious to the damage she causes to herself and those around her. "Sexual education" examines the attempts of a student to tally the strict doctrine of abstinence taught at her school with the very different social norms of her social circles. The short stories offer snapshots of lives in turmoil, frayed by relationships, dreams of escape, family taboos and rejection of, and by, society.

Toddler Hunting and Other Stories - Taeko Kono 2021-04-29

An immeasurably influential female voice in post-war Japanese literature, Kono writes with a strange and disorienting beauty: her tales are marked by disquieting scenes, her characters all teetering on the brink of self-destruction. In the famous title story, the protagonist loathes young

girls but compulsively buys expensive clothes for little boys so that she can watch them dress and undress. Taeko Kono's detached gaze at these events is transfixing: What are we hunting for?

And why? Kono rarely gives the reader straightforward answers, rather reflecting, subverting and examining their expectations, both of what women are capable of, and of the narrative form itself.
