**Just Love** - Margaret Farley 2008-02-15

Winner of the 2008 Grawemeyer Award in Religion This long-awaited book by one of American Christianity's foremost ethicists proposes a framework for sexual ethics whereby justice is the criterion for all loving, including love that is related to sexual activity and relationships. It begins with historical and cross-cultural explorations, then addresses the large questions of embodiment, gender, and sexuality, and finally delineates the justice framework for sexual ethics. Though Just Love's particular focus is Christian sexual ethics, Farley's framework is broad enough to have relevance for multiple traditions. Also covered are specific issues in sexual ethics, including same-sex relationships, marriage and family, divorce and second marriage.

**The Advocate** - 1999-01-19

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

**Blessing Same-Sex Unions** - Mark D. Jordan 2013-09-03

At most church weddings, the person presiding over the ritual is not a priest or a pastor, but the wedding planner, followed by the photographer, the florist, and the caterer. And in this day and age, more wedding theology is supplied by Modern Bride magazine or reality television than by any of the Christian treatises on holy matrimony. Indeed, church weddings have strayed long and far from distinctly Christian aspirations. The costumes and gestures might still be right, but the intentions are hardly religious. Why then, asks noted gay commentator Mark D. Jordan, are so many churches vehemently opposed to blessing same-sex unions? In this incisive work, Jordan shows how carefully selected ideals of Christian marriage have come to dominate recent debates over same-sex unions. Opponents of gay marriage, he reveals, too often confuse simplified ideals of matrimony with historical facts. They suppose, for instance, that there has been a stable Christian tradition of marriage across millennia, when in reality Christians have quarreled among themselves for centuries about even the most basic elements of marital theology, authorizing experiments like polygamy and divorce. Jordan also argues that no matter what the courts do, Christian churches will have to decide for themselves whether to bless same-sex unions. No civil compromise can settle the religious questions surrounding gay marriage. And queer Christians, he contends, will have to discover for themselves what they really want out of marriage. If they are not just after legal recognition as a couple or a place at the social table, do they really seek the blessing of God? Or just the garish melodrama of a white wedding? Posing trenchant questions such as these, Blessing Same-Sex Unions will be a must-read for both sides of the debate over gay marriage in America today.

**How to Get a Second Life** - Maddy Schnook 2007

Ideal for both existing members and those contemplating joining for leisure or business, this compendium provides extensive information on the online world of Second Life. A modern day Internet phenomenon, over 5 million residents—users from across the globe—have built up this 3D virtual world, forming a complex community of social groups and businesses. Because of this overwhelming popularity, many new users find Second World too daunting and confusing, giving up after only a few hours. Recognizing the need for straight-forward advice for newcomers, this handy guide explains how to play the game rather than what it is and what can be done there. The topics addressed include how to make clothes, build a house, start a business, and earn money.

**Friend v. Friend** - Ethan J. Leib 2011-01-07

Friendship is one of our most important social institutions. It is the not only the salve for personal loneliness and isolation; it is the glue that binds society together. Yet for a host of reasons—longer hours at work, the Internet, suburban sprawl—many have argued that friendship is on the decline in contemporary America. In social surveys, researchers have found that Americans on average have fewer friends today than in times past. In Friend v. Friend, Ethan J. Leib takes stock of this most ancient of social institutions and its ongoing transformations, and contends that it could benefit from better and more sensitive public policies. Leib shows that the law has not kept up with changes in our society: it sanctifies traditional family structures but has no thoughtful approach to other aspects of our private lives. Leib contrasts our excessive

legal sensitivity to marriage and families with the lack of legal attention to friendship, and shows why more legal attention to friendship could actually improve our public institutions and our civil society. He offers a number of practical proposals that can support new patterns of interpersonal affinity without making friendship an onerous legal burden. An elegantly written and highly original account of the changing nature of friendship, Friend v. Friend upends the conventional wisdom that law and friendship are inimical, and shows how we can strengthen both by seeing them as mutually reinforcing.

**The Poetics of Intimacy and the Problem of Sexual Abstinence** - Michael J. Hartwig 2009

This bold work asks whether traditional Christian sexual morality, with its emphasis on sexual abstinence outside of heterosexual marriage, is harmful. Appealing to sociological studies, anthropological theories, and contemporary theological ethics, Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced, married couples, gay men and lesbians, single adults, and people with mental and developmental disabilities. He concludes that mandated long-term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful, but compromises many features of Christian morality.

**American Sympathy** - Caleb Crain 2008-10-01

"A friend in history," Henry David Thoreau once wrote, "looks like some premature soul." And in the history of friendship in early America, Caleb Crain sees the soul of the nation's literature. In a sensitive analysis that weaves together literary criticism and historical narrative, Crain describes the strong friendships between men that supported and inspired some of America's greatest writing—the Gothic novels of Charles Brockden Brown, the essays of Ralph Waldo Emerson, and the novels of Herman Melville. He traces the genealogy of these friendships through a series of stories. A dapper English spy inspires a Quaker boy to run away from home. Three Philadelphia gentlemen conduct a romance through diaries and letters in the 1780s. Flighty teenager Charles Brockden Brown metamorphoses into a horror novelist by treating his friends as his literary guinea pigs. Emerson exchanges glances with a Harvard classmate but sacrifices his crush on the altar of literature—a decision Margaret Fuller invites him to reconsider two decades later. Throughout this engaging book, Crain demonstrates the many ways in which the struggle to commit feelings to paper informed the shape and texture of American literature.

**Who's Who in Contemporary Gay and Lesbian History** - Robert Aldrich 2020-07-24

Provides a comprehensive modern biographical survey of homosexuality in the Western world. Among those included are: \* controversial political activists - Peter Tatchell; Guy Hocquenghem; Harvey Milk \* pop icons - David Bowie; k d lang; Boy George \* groundbreaking artists, writers and filmmakers - Pier Paolo Pasolini; Derek Jarman; David Hockney \* intellectuals who have shaped and changed the modern understanding of sexuality - Michel Foucault; Simone de Beauvoir; Alfred Kinsey \* over 500 entries - clear, informative and enjoyable to read - build up a superbly thorough overview of gay and lesbian life in our time.

**The Embrace of Eros** - Margaret D. Kamitsuka 2010-01-19

The topic of sexuality intersects directly with the most contested historical, theological, and ethical questions of our day. In this edgy yet profound volume, noted scholars and theologians assay the Christian tradition's classic and contemporary understandings of sex, sexuality, and sexual identity. The project unfolds in three phases: contemporary assessments of the Christian tradition, new thinking about eros and being human religiously, and new perspectives on classic mysteries in light of eros and embodiment.

**Love Undetectable** - Andrew Sullivan 1999-10-26

Intensely personal and passionately political, this book offers a powerful meditation on the spiritual effect AIDS has on friendship, love, sexuality, and American culture.

**Feeling Backward** - Heather Love 2009-03-31

'Feeling Backward' weighs the cost of the contemporary move to the mainstream in lesbian and gay culture. It makes an effort to value aspects of historical gay experience that now threaten to disappear, branded as embarrassing evidence of the bad old days before Stonewall. Love argues that instead of moving on, we need to look backward.

**Sexual Inequalities and Social Justice** - Niels Teunis 2007

This pioneering collection of ten ethnographically rich essays signals the emergence of a new paradigm of social analysis committed to understanding and analyzing social oppression in the context of sexuality and

gender. The contributors, an interdisciplinary group of social scientists representing anthropology, sociology, public health, and psychology, illuminate the role of sexuality in producing and reproducing inequality, difference, and structural violence among a range of populations in various geographic, historical, and cultural arenas. In particular, the essays consider racial minorities including Hispanics, Koreans, and African Americans; discuss disabled people; examine issues including substance abuse, sexual coercion, and HIV/AIDS; and delve into other topics including religion and politics. Rather than emphasizing sexuality as an individual trait, the essays view it as a social phenomenon, focusing in particular on cultural meaning and real-world processes of inequality such as racism and homophobia. The authors address the complex and challenging question of how the research under discussion here can make a real contribution to the struggle for social justice.

**Relationship Therapy with Same-Sex Couples** - Jerry Bigner 2014-01-14

Use new knowledge of the LGBT culture to ably counsel same-sex couples! Relationship Therapy with Same-Sex Couples provides psychologists, therapists, social workers, and counselors with an overview of the array of treatment issues they may face when working with couples from the LGBT community. This book highlights the experiences of therapists who have encountered concerns particular to LGBT clients—especially those in intimate relationships. This intriguing resource covers clinical issues, sex therapy, special situations, and training issues for helping therapists successfully counsel same-sex couples. Relationship Therapy with Same-Sex Couples explores the therapist's role in working through universal issues in couples therapy—such as communication problems, infidelity, and decision-making—with a focus on how therapy should differ for same-sex couples. This important guide also identifies which problems are unique to couples as an aspect of their sexual orientation, including gender role socialization and societal oppression. With this book, you will be able provide appropriate therapy without over- or under-attributing a couple's problems to their LGBT status. This book shows how experienced therapists have developed methods for working with: gay and lesbian parents heterosexual spouses and ex-spouses couples in HIV serodiscordant relationships "lesbian bed death" couple and family dynamics supporting transgender and sexual reassignment issues and more! Relationship Therapy with Same-Sex Couples contains several features for you to utilize in your own practice, including the Sexual Orientation Matrix for Supervision (SOMS) to assist supervisors and trainers in preparing supervisees to work with lesbian, gay, and bisexual clients. The book also offers guidelines for heterosexual therapists who plan to work with same-sex couples and how to overcome any residual homophobia or heterosexual guilt. Lastly, this essential sourcebook reviews several articles, book chapters, books, and Web sites that are relevant to same-sex couples and the therapists who work with them.

**Love Undetectable** - Andrew Sullivan 1998

The plague has ended, though the disease continues. Andrew Sullivan traces a social history in public relations to AIDS and the position of homosexuals in society, an agonizing account of the death of a friend, and then makes an argument for re-evaluating the status and significance of friendship.

*The Moral Minority* - Stuart Chambers 2005

**The AIDS Generation** - Perry N. Halkitis 2014

Examines the strategies employed by the first generation of HIV-positive gay men to survive and cope and provides an understanding of how individuals cope with life-threatening diseases.

**The Real American Dream** - Andrew DELBANCO 2009-06-30

Since we discovered that, in Tocqueville's words, "the incomplete joys of this world will never satisfy the heart," how have we Americans made do? In "The Real American Dream" one of the nation's premier literary scholars searches out the symbols and stories by which Americans have reached for something beyond worldly desire. A spiritual history ranging from the first English settlements to the present day, the book is also a lively, deeply learned meditation on hope. Andrew Delbanco tells of the stringent God of Protestant Christianity, who exerted immense force over the language, institutions, and customs of the culture for nearly 200 years. He describes the falling away of this God and the rise of the idea of a sacred nation-state. And, finally, he speaks of our own moment, when symbols of nationalism are in decline, leaving us with nothing to satisfy the longing for transcendence once sustained by God and nation. From the Christian story that expressed the earliest Puritan yearnings to New Age spirituality, apocalyptic environmentalism, and the multicultural search for ancestral roots that divert our own, "The Real American Dream" evokes the tidal rhythm of American history. It shows how Americans have organized their days and ordered their lives--and ultimately created a culture--to make sense of the pain, desire, pleasure, and fear that are the stuff of human experience. In a time of cultural crisis, when the old stories seem to be faltering, this book offers a lesson in the painstaking remaking of the American dream.

*Virtually Normal* - Andrew Sullivan 1996

While acknowledging that bigotry exists, Andrew Sullivan sees attitudes about homosexuality not as mere prejudices, but as rational arguments that should be countered with rational argument.

*Queer Company* - Nick Rumens 2016-04-15

Drawn from in-depth qualitative research, *Queer Company* provides the first extended, academic analysis of gay men's workplace friendships, offering theoretical and empirical insights into a subject that is timely and important. Although theoretically framed in poststructuralism and the sociology of friendship, this book also draws on feminism, organisation studies, gender and sexuality studies to explore the diverse roles and meanings of gay men's workplace friendships. Shedding light on the significance of workplace friendship for those who participate in them, particularly in terms of how these workplace relationships can help gay men to construct meaningful identities and selves, *Queer Company* examines the manner in which gay men's workplace friendships are established, developed and organised, whilst considering the effects of organisational contexts upon friendship processes. A detailed investigation of the links between friendship, sexuality, gender and intimacy in the workplace, this book will appeal to scholars of management studies as well as sociologists with interests in gender and sexuality, the sociology of organisations and cultural studies.
