

Love Stories Between Before Homosexuality

[The Advocate](#) - 2002-02-05

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Other Love: an Historical and Contemporary Survey of Homosexuality in Britain - Harford Montgomery Hyde 1970

Geschiedenis van de vervolging van homo's in Groot Brittannië. Vooral juridische aspecten worden behandeld, beginnende bij de wet in 1533 waarin sodomie met de dood bestraft werd, tot de Sexual Offences Act in 1967 die seksuele activiteiten met wederzijds goedvinden tussen twee volwassen mannen niet langer strafbaar stelde.

Rethinking the Gay and Lesbian Movement - Marc Stein 2022-11-18

Now in its second edition, *Rethinking the Gay and Lesbian Movement* provides an accessible overview of an important and transformational struggle for social change, highlighting key individuals and events, influential groups and organizations, major successes and failures, and the movement's lasting effects and unfinished work. Focusing on four decades of social, cultural, and political change in the second half of the twentieth century, Marc Stein examines the changing agendas, beliefs, strategies, and vocabularies of a movement that encompassed diverse actions, campaigns, ideologies, and organizations. From the homophile activism of the 1950s and 1960s through the rise of gay liberation and lesbian feminism in the 1970s to the multicultural and AIDS activist movements of the 1980s, this book provides a strong foundation for understanding gay, lesbian, bisexual, transgender, and queer politics today. This new edition reflects the substantial changes in the field since the book's original publication eleven years ago. *Rethinking the Gay and Lesbian Movement* will be valued by everyone interested in LGBTQ struggles, the politics of movement activism, and the history of social justice in the United States.

Love Objects - Anna Moran 2014-10-23

Love Objects is the first anthology on the concept of 'love' to interrogate across a range of contexts its design and other material manifestations.

Love Stories - Jonathan Ned Katz 2003-06-15

In presenting stories of men's intimacies with men during the 19th century--in a world before the words "gay" and "straight" referred to sexuality--Katz dives into histories through diaries, letters, and poems, offering a clearer picture of how men navigated the uncharted territory of male-male desire.

The Fraternity of the Estranged - Brian Anderson 2018-04-10

Originally passed in 1885, the law that had made homosexual relations a crime remained in place for 82 years. But during this time, restrictions on same-sex relationships did not go unchallenged. Between 1891 and 1908, three books on the nature of homosexuality appeared. They were written by two homosexual men: Edward Carpenter and John Addington Symonds, and a third, Havelock Ellis. At this time, the study of homosexuality was limited almost exclusively to the European continent. Books that were circulated freely in Europe were hardly known in England, and men who loved men were pushed to the margins of a society where masculinity was strenuously upheld. Carpenter and Symonds' story and their brave stand against persecution is largely forgotten, but in such a hostile environment, their publications were highly significant. They were the first English contributions to the scientific understanding of homosexuality, and, more importantly, opened the long struggle for the legal recognition of same-sex love that was finally achieved in 1967. *The Fraternity of the Estranged* will speak principally to the LGBT community and, in a time more accepting of sexual diversity, to a wider readership. It will also appeal to readers interested in history as it recounts what it was like to be homosexual in late-Victorian England. *Understanding and Teaching U.S. Lesbian, Gay,*

Bisexual, and Transgender History - Leila J. Rupp 2014-12-17

Understanding and Teaching U.S. Lesbian, Gay, Bisexual and Transgender History is the first book designed for teachers of U.S. history at all levels who want to integrate queer history into the standard curriculum. Bringing together inspiring narratives from teachers in high schools and universities, informative topical chapters about significant historical moments and themes, and innovative essays about sources and interpretive strategies well-suited to the history classroom, this volume is a valuable resource for anyone who thinks history should be an inclusive story.

Historical Dictionary of Homosexuality - Brent Pickett 2022-04-04

Historical Dictionary of Homosexuality, Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 200 cross-referenced entries on important historical figures, philosophic, artistic, and literary treatments of same-sex love, historical terms, and contemporary events.

Manly Love - Axel Nissen 2009-09-15

The modern idea of Victorians is that they were emotionless prudes, imprisoned by sexual repression and suffocating social constraints; they expressed love and affection only within the bounds of matrimony—if at all. And yet, a wealth of evidence contradicting this idea has been hiding in plain sight for close to a century. In *Manly Love*, Axel Nissen turns to the novels and short stories of Victorian America to uncover the widely overlooked phenomenon of passionate friendships between men. Nissen's examination of the literature of the period brings to light a forgotten genre: the fiction of romantic friendship. Delving into works by Mark Twain, Henry James, William Dean Howells, and others, Nissen identifies the genre's unique features and explores the connections between romantic friendships in literature and in real life.

Situating love between men at the heart of Victorian culture, Nissen radically alters our understanding of the American literary canon. And with its deep insights into the emotional and intellectual life of the period, *Manly Love* also offers a fresh perspective on nineteenth-century America's attitudes toward love, friendship,

marriage, and sex.

The Romantic Friendship Reader - Axel Nissen 2003

Novel excerpts, stories, and travel writing exemplifying a resistance to the "domestic ideology" of the later 19th century. Cf. Introduction. With critical commentary.

Love on the Wire - O'Brien Dennis 2014-01-29

Born and raised on an island paradise, Akime knows that no amount of sun and sand can hide the hypocrisy, hatred, and danger that fill his days. As a gay man in Jamaica, he's skilled at hiding the truth from others. When he meets Nathan, an Adjunct Professor at the University of the West Indies in Kingston, he dares to believe that he has found the one person from whom he has nothing to hide. For one glorious year, Akime and Nathan live the dream together, even though they must keep their love hidden. They spend weekends on Jamaica's lush and more open north-eastern coast, but Nathan has dangerous secrets of his own—including an intensifying relationship with Nicole, an American woman. Without warning, Nathan leaves the island, and Akime, behind to start a new life with her in New York City. Devastated, Akime decides to follow Nathan to New York, where the former lovers are touched by tragedy. In a desperate moment, one lays dying of a gunshot, and the other must act upon his own mortality. Meanwhile, Nicole has questions of her own about Nathan's history with Akime. Now only time will tell if the man left behind has any hope of happiness—or whether the tortured ghosts of his past will haunt him forever.

Beyond the Closet - Steven Seidman 2013-10-18
Gay life has become increasingly open in the last decade. In *Beyond the Closet*, Steven Seidman, a well-known author and leading scholar in sexuality, is the first to chronicle this lifestyle change and to look at the lives of contemporary gays and lesbians to see how their "out" status has changed. This compelling, well-written, and smart account is an important step forward for the gay and lesbian community.

The Invention of Heterosexuality - Jonathan Katz 2007-06-15

Widely reviewed and praised in hardcover, this work is the first book to study the social construction of heterosexuality. This is a provocative re-examination of the very

definitions of sexual identity--"a valuable primer . . . misses no significant twists in sexual politics".--the Village Voice.

The Handbook of Rhetoric and Public Address - Shawn J. Parry-Giles 2010-05-10

The Handbook of Rhetoric and Public Address is a state-of-the-art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty-first century. Focuses on public address as both a subject matter and a critical perspective Mindful of the connections between the study of public address and the history of ideas Provides an historical overview of public address research and pedagogy, as well as a reassessment of contemporary public address scholarship by those most engaged in its practice Includes in-depth discussions of basic issues and controversies public address scholarship Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship Reflects the diversity of views among public address scholars, advancing on-going discussions and debates over the goals and character of rhetorical scholarship

Sexuality - Jeffrey Weeks 2004-06-01

We are almost programmed into thinking of our sexuality as a wholly natural feature of life. But sexual relations are but one form of social relations, as Jeffrey Weeks makes clear in his book. Drawing on the analyses of Michel Foucault, amongst others, the book examines the social, moral and political issues raised by contemporary forms of sexuality. Weeks provides an authoritative introduction to the sociology of sexuality, discussing its cultural and socio-historical construction, it's relationship with power and the State's involvement in its rationalisation and regulation. This second edition is also updates to include global and postcolonial perspectives on sexuality, queer theory, the internet and cybersex, AIDS as a global phenomenon and international debates on the politics of sexuality. This book is an indispensable introduction to this complex and expanding field.

Gay Artists in Modern American Culture -

Michael S. Sherry 2007-09-10

Today it is widely recognized that gay men played a prominent role in defining the culture

of mid-twentieth-century America, with such icons as Tennessee Williams, Edward Albee, Aaron Copland, Samuel Barber, Montgomery Clift, and Rock Hudson defining much of what seemed distinctly "American" on the stage and screen. Even though few gay artists were "out," their sexuality caused significant anxiety during a time of rampant antihomosexual attitudes. Michael Sherry offers a sophisticated analysis of the tension between the nation's simultaneous dependence on and fear of the cultural influence of gay artists. Sherry places conspiracy theories about the "homintern" (homosexual international) taking control and debasing American culture within the paranoia of the time that included anticommunism, anti-Semitism, and racism. Gay artists, he argues, helped shape a lyrical, often nationalist version of American modernism that served the nation's ambitions to create a cultural empire and win the Cold War. Their success made them valuable to the country's cultural empire but also exposed them to rising antigay sentiment voiced even at the highest levels of power (for example, by President Richard Nixon). Only late in the twentieth century, Sherry concludes, did suspicion slowly give way to an uneasy accommodation of gay artists' place in American life.

The Advocate - 2002-02-05

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Location of Religion - Kim Knott 2005

The book begins by developing a spatial methodology to analyse secular and post-secular religious relations. The spatial approach is then applied to a particular case, that of the left hand. Our understanding of this sinister but intimate 'other' draws on a wide range of ideas, from different religious traditions to alternative paths to salvation and self-realisation ...

Straight from the Heart - Bob Jackson-Paris 2009-09-26

Former Mr. Universe Bob Paris and topflight model Rod Jackson tell how their marriage catapulted them from physique icons to international spokesmen for gay rights.

God vs. Gay? - Jay Michaelson 2012-05-08

A passionate argument for LGBTQ equality

within religious communities—“a book for our times and a book for the ages” (EDGE) The myth that the Bible forbids homosexuality—the myth of “God versus Gay”—is behind some of the most divisive and painful conflicts of our day. In this provocative and game-changing book, scholar and activist Jay Michaelson shows that the Bible does not prohibit same-sex intimacy but does quite the opposite. In fact, the vast majority of the Bible’s teachings support the full equality and dignity of LGBTQ people, from the first flaw it finds in creation (“It is not good for a person to be alone”) to the way religious communities grow through reflection and conscience.

Michaelson argues passionately for equality—not despite religion, but because of it. With close readings of the Hebrew Bible and New Testament, the latest data on the science of sexual orientation, and a sympathetic, accessible, and ecumenical approach to religious faith, Michaelson makes the case that sexual diversity is part of the beauty of nature. The recognition of same-sex families will strengthen, not threaten, the values religious people hold dear. Whatever your views on religion and sexual diversity, *God vs. Gay* is a plea for a more compassionate, informed conversation—and a first step toward creating one.
