Allen knows how to bring you financial success. With his seminars sweeping the nation, Allen is at the cutting edge of strategic wealth creation now more than ever. And in this completely revised edition of his classic bestseller *Creating Wealth* Allen gives you the basic principles that you need to stop thinking poor and start growing rich. In his trademark, easy-to-understand style Allen spells out all his practical applications and shows you how to: Take advantage of recent tax laws Use leverage to multiply holdings while minimizing risks Benefit from high-yield discount mortgages Acquire long-term profits in gold and silver coins Set up corporations and trusts to protect assets Find the highest rate of return with the greatest liquidity As Robert Allen has proved in his own life -- becoming a multimillionaire well before he was thirty-five -- it doesn't matter how much or how little money you have when you start as long as you understand the right principles -- timeless principles that can make you a fortune.
