Trouble Boys - Bob Mehr 2016-03-01

NEW YORK TIMES BESTSELLER Based on a decade of research and reporting--as well as access to the Replacements' key principals, Paul Westerberg and Tommy Stinson--author Bob Mehr has fashioned something far more compelling than a conventional band bio. Trouble Boys is a deeply intimate portrait, revealing the primal factors and forces that shaped one of the most brilliant and notoriously self-destructive rock 'n' roll bands of all time. Beginning with riveting revelations about the Replacements' troubled early years, Trouble Boys follows the group as

they rise within the early '80s American underground. It uncovers the darker truths behind the band's legendary drinking, showing how their addictions first came to define them, and then nearly destroyed them. A roaring road adventure, a heartrending family drama, and a cautionary showbiz tale, Trouble Boys has deservedly been hailed as an instant classic of rock lit.

Carry This Message - Joe McQ 2015-01-01

"Having had a spiritual awakening as the result of these Steps, we tried to carry this message to others, and to practice these principles in all our affairs." -STEP 12 of the TWELVE STEPS Sponsorship is a key construct in A. A. and other Twelve Step groups, and the twelfth step is the foundation of the sponsorship dynamic essential to recover - both for the sponsor and the sponsoree. This book addresses the concern of many in the A. A. community that sponsors have lost some skills in working with alcoholics. By offering tools for helping others find recovery and new life through the Twelve Step program, Joe McQ has created a guide for sponsors to use in working with others. By refocusing his readers on the Big Book, the Twelve Steps, and their message, McQ appeals for a return to the roots and essence of the A. A. program. Moreover, he issues a strong call to action, for return to the fullness and the integrity of the miraculous recovery program.

The Ancient Secret of the Flower of Life, Volume 2 - Drunvalo Melchizedek 2000

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

Finding Refuge in Canada - George Melnyk 2021-02-19

Millions of people are displaced each year by war, persecution, and famine and the global refugee population continues to grow. Canada has often been regarded as a benevolent country, welcoming refugees from around the globe. However, refugees have encountered varying kinds of reception in Canada. *Finding Refuge in Canada: Narratives of Dislocation* is a collection of personal narratives about the refugee experience in Canada. It includes critical perspectives from authors from diverse backgrounds, including refugees, advocates, front-line workers, private sponsors, and civil servants. The narratives collected here confront dominant public discourse about refugee identities and histories and provide deep insight into the social, political, and cultural challenges and opportunities that refugees experience in Canada. Contributors consider Canada's response to various groups of refugees and how Canadian perspectives on war, conflict, and peace are constructed through the refugee support experience. These individual stories humanize the global refugee crisis and challenge readers to reflect on the transformative potential of more equitable policies and processes. Contributions by Howard Adelman, Irene Boisier Policzer, Shelley Campagnola, Matida Daffeh, Eusebio Garcia, Julia Holland, Bill Janzen, Katharine Lake Berz, Michael Molloy, Adam Policzer, Pablo Policzer, Victor Porter, Boban Stojanović, Cyrus Sundar Singh, and Flora Terah
