Women, Sex, and Addiction -

Charlotte S. Kasl 1990-07-05

In our society, sex can easily become the price many women pay for love and the illusion of security. A woman who seeks a sense of personal power and an escape from pain may use sex and romance as a way to feel in control, just as an alcoholic uses alcohol; but sex never satisfies her longing for love and self-worth. In this wise and compassionate book, Charlotte Kasl shows women how they can learn to experience their sexuality as a source for love and positive power and sex as an expression that honors the soul as well as the body.

Steps And Stories - Richard John Beach 2015
For 18 years Sandy presented a "lecture" style meeting, Saturday Morning Live, every

weekend while he was living and working in the Washington, DC area. After retiring to Tampa in 1996 he was asked to repeat this series on occasion. In 2007, Sandy combined the History, the Traditions, and the Steps in to a talk, which is the basis for this book. He titled the series Steps & Stories and it took place, and was recorded, during twelve consecutive Sunday meetings at the Palma Ceia Presbyterian Church in Tampa. Hotchkiss Publishing has transcribed all 12 of the audio files in order to bring this important and helpful series to a wider audience. Sandy's talks and recordings have helped many over the years more fully connect with the AA program and a spiritual way of life. It is our hope that this volume will continue that legacy by bringing, in print, his humble wisdom and humor to people who are new to sobriety and to those who have been around a while but are searching for a new perspective.

2010-11-26

Robert Weiss, director of the Sexual Recovery Institute in Santa Monica, California, avoids political and moral arguments and instead focuses on the clinical approach, asking the question, "Is your sexual behavior causing problems in other areas of your life?" Cruise Control leads men to a better understanding of the difference between sexual compulsion and non-addictive sexual behavior within the gay experience, and it explains what resources are available for recovery. A timely and important contribution to the body of recovery literature, Cruise Control provides understanding, empathy and encouragement to gay men seeking healthy sexual expression.

Sexual Anorexia - Patrick J Carnes 2009-08-07

A first-time examination of sexual anorexia, an extreme fear of sexual intimacy and obsessive avoidance of sex, by the acknowledged leader in the treatment of compulsive sexual behavior and recovery. A first-

time examination of sexual anorexia, an extreme fear of sexual intimacy and obsessive avoidance of sex, by the acknowledged leader in the treatment of compulsive sexual behavior and recovery. Author Dr. Patrick Carnes begins by defining sexual anorexia and demonstrating how it and its parallel disorder, sexual addiction and compulsivity, often arise from a background of childhood sexual trauma, neglect, and other forms of abuse, Carnes explores the numerous dimensions of sexual health, examining key issues which must be addressed and resolved for recovery to proceed. Utilizing extensive research and elucidating case studies, Carnes develops concrete tasks and plans for restoring nurturing and sensuality, building fulfilling relationships, exploring intimacy, and creating healthy sexuality. Woven throughout the book are stories of recovery which illustrate sexual healing principles, model new behavior, and support motivation for change. Sexual

Anorexia enables those suffering from this disorder to recognize that sex need not be a furtive enemy to be fought and defeated but, instead, a deeply sensual, passionate, fulfilling, and spiritual experience that all human beings are innately entitled to.

Out of the Shadows - Patrick J Carnes 2009-06-21

Unhooked from regular routines and healthy relationships by the coronavirus pandemic or other traumas, even our most basic human impulses and inputs can become addictive and destructive. An essential resource for those struggling with sexual addiction and compulsions, and those who love them. With the revised information and up-to-date research, *Out of the Shadows* is the premier work on sex addiction, written by a pioneer in its treatment. Sex is at the core of our identities. And

when it becomes a compulsion, it can unravel our lives. *Out of the Shadows* is the premier work on this disorder, written by a pioneer in its treatment. Revised and updated to include the latest research--and to address the exploding phenomenon of cybersex addiction--this third edition identifies the danger signs, explains the dynamics, and describes the consequences of sexual addiction and dependency. Ready to Heal E-Book - Kelly McDaniel 2012-08-05

It's no surprise that our culture is addicted to "love." The sappy love songs, the enticing ads for romantic getaways and the desire to be cherished by a special someone will never lose their appeal. But for some women, this poses a significant problem. Because of their insatiable desire for love, they will do anything to find it and ultimately land in destructive

addictive relationships over and over again causing incredible harm. This newly revised and expanded edition of Ready to Heal provides an opportunity for women to break free from painful addictive relationships. Kelly McDaniel provides the reader with the tools they will need to move along the path to living a life where intimacy is possible. Readers have an opportunity to begin to "connect the dots" in their own relationship patterns by following the stories of four brave women. A newly added chapter on "Mother Hunger" explores the role of the mother in infancy and how she ultimately impacts a daughter's ability to have healthy intimate relationships later in life. Break free from the chains of addictive relationships that sabotage happiness and self-respect.

The Twelve Steps and the Sacraments - Scott Weeman
2017-11-10

Winner of a 2018 Catholic Press Association Award: Sacraments. (Second Place). In the first book to directly

integrate the Twelve Steps with the practice of Catholicism, Scott Weeman, founder and director of Catholic in Recovery, pairs his personal story with compassionate straight talk to show Catholics how to bridge the commonly felt gap between the Higher Power of twelve-step programs and the merciful God that he rediscovered in the heart of the sacraments. Weeman entered sobriety from alcohol and drugs on October 10, 2011, and he's made it his full-time ministry to help others who struggle with various types of addiction to find spiritual wholeness through Catholic in Recovery, an organization he founded and directs. In *The Twelve Steps and the Sacraments*, Weeman candidly tackles the struggle he and other addicts have with getting to know intimately the unnamed Higher Power of recovery. He shares stories of his compulsion to find a personal relationship with God and how his tentative steps back to the Catholic Church opened new doors of healing

and brought him surprising joy as he came to know Christ in the sacraments. Catholics in recovery and those moving toward it, as well as the people who love them will recognize Weeman's story and his spiritual struggle to personally encounter God. He tells us how: Baptism helps you admit powerlessness over an unmanageable problem, face your desperate need for God, and choose to believe in and submit to God's mercy. Reconciliation affirms and strengthens the hard work of examining your life, admitting wrongs, and making amends. The Eucharist provides ongoing sustenance and draws you to the healing power of Christ. The graces of Confirmation strengthen each person to keep moving forward and to share the good news of recovery and new life in Christ. Weeman's words are boldly challenging and brimming with compassion and through them you will discover inspiration, hope, sage advice, and refreshingly practical help.

The basic text of the SAA fellowship, *Sex Addicts Anonymous* explains sex addiction from the SAA perspective and demonstrates, through examples, how sex addiction worsens over time. It describes the personal powerlessness and unmanageability of sex addiction, and the damage to personal relationships, livelihood, and physical health that is often caused by addictive behavior. *Sex Addicts Anonymous* conveys a vision of hope for the addict through a recovery program based on the time-honored Twelve Steps that were initially proposed for alcoholics. A separate section of the book offers a variety of personal stories from individual members of the fellowship to illustrate the challenges and the hope of recovery.

A Book About Love - Jonah Lehrer 2016-07-12

"Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all." —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer's A Book About Love plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and

define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of "falling" in love, the partnerships and devotions that last decades or longer

remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.
