

Sex During Pregnancy Hurts My Stomach

Counseling Couples Before, During, and After Pregnancy - Stephanie Buehler, PsyD, CST-S 2018-02-28

This practical, evidence-based resource is the first available guide for health care providers and mental health professionals on advising and counseling couples and individuals who are experiencing sexual issues directly related to conception efforts, pregnancy, and the post-partum period. Authored by a noted sex therapist, the book offers providers current, accurate information about issues that can affect sexual activity surrounding pregnancy and offers proven strategies for effective counseling. Providing a helpful framework for assessment, treatment, and when to refer a client to another health care provider, the book examines conception- and pregnancy-related sexual dysfunctions that both men and women may encounter. Underscoring the importance of maintaining a strong relationship between couples, the book is filled with practical guidance for treating both cisgender couples and the LBGT population. Also included are helpful checklists, forms, and patient handouts that can be used immediately. Couple and marriage counselors, nurse midwives, women's health nurses, and other professionals whose practice includes work with couples and childbirth concerns, will find this book an unparalleled resource. Key Features: Addresses common issues and questions women, men, and couples have regarding sex prior to, during, and after pregnancy Includes relevant information for both mental health professionals and health care providers in a variety of settings Discusses assessing and treating common sexual concerns including approaches to brief counseling Covers fertility issues, painful intercourse, intimacy problems, post-partum depression, reproductive loss, and traumatic labor and delivery Authored by a recognized sex therapist and educator

CDC Yellow Book 2018: Health Information for International Travel - Gary W. Brunette 2017

An up-to-date, definitive guide to staying safe and healthy anywhere in the world. Completely updated for 2018 with expanded guidelines for Zika virus, cholera vaccine, and more.

The Spanish Love Deception - Elena Armas 2022-02-08

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Exploring the Biological Contributions to Human Health - Institute of Medicine 2001-07-02

It's obvious why only men develop prostate cancer and why only women get ovarian cancer. But it is not obvious why women are more likely to recover language ability after a stroke than men or why women are more apt to develop autoimmune diseases such as lupus. Sex differences in health throughout the lifespan have been documented. Exploring the Biological Contributions to Human Health begins to snap the pieces of the puzzle into place so that this knowledge can be used to improve health for both sexes. From behavior and cognition to metabolism and response to chemicals and infectious organisms, this book explores the health impact of sex (being male or female, according to reproductive organs and chromosomes) and gender (one's sense of self as male or female in society). Exploring the Biological Contributions to Human Health discusses basic biochemical differences in the cells of males and females and health variability between the sexes from conception throughout life. The book identifies key research needs and opportunities and addresses barriers to research. Exploring the Biological Contributions to Human Health will be important to health policy makers, basic, applied, and clinical researchers, educators, providers, and journalists-while being very accessible to interested lay readers.

Why Didn't Anyone Tell Me? - Rebecca Griffin 2010

Parents from around the world speak honestly about their experiences of assisted conception, pregnancy, birth, sex relationships and raising children.

Management of Sexual Dysfunction in Men and Women - Larry I. Lipshultz 2016-07-05

This book provides a comprehensive, state-of-the art review of the intersection of male and female reproductive and sexual health. The text comprehensively discusses the evaluation and management of physical, genetic, and psychological causes of male and female sexual dysfunction. Discussion of treatment focuses on current medical and surgical psychosexual therapies in both the male and female. The book highlights erectile, ejaculatory, and orgasmic disorders in the male; desire, arousal

and orgasmic disorders in the female; and an integrated approach to the couple. Lifestyle modifications through diet and exercise and optimization of anthropomorphic characteristics are also discussed, including a holistic approach to these disorders that goes beyond a focus on the genital system alone. Sexual Dysfunction in Men and Women: An Interdisciplinary Approach serves as a resource for physicians and researchers interested in sexual medicine seeking a comprehensive overview of the practice and novel research in the field.

Be My Baby - Neil Humphreys 2010-02-28

When two lines appear on the pregnancy test kit, Humphreys' world is turned upside down. He is excited but clueless and urgently needs some directions. After all, his biggest responsibility to this point had been a pet hamster and he lost that twice. From the moment his doctor tells him to book an obstetrician's appointment, he knows he is out of his depth — he doesn't know what an obstetrician is. Humphreys deals with parents who mock his sex drive, midwives who question his usefulness, friends who share only horrific birth stories, strangers who rub his wife's belly and folks who seem to know everything there is to know about pregnancy (but often don't have kids of their own). And there's that troubling dream about her giving birth to a plastic toy lizard made in China. How will he deal with his parental insecurities? What's the secret to being a decent dad? Will he drop his baby at the birth? Both funny and poignant, Be My Baby is a frank account of Humphreys' quest to be a good father. Every parent will identify with his journey and perhaps begin to realise what they themselves put their mummy and daddy through, even in the womb.

Purity's Big Payoff / Premarital Sex Is a Big Rip-Off - Donna Lee Schillinger 2011-05-01

Winner! 2012 Christian Small Publisher's Book of the Year in young adult (12-18) category. Add this book to your arsenal in the battle to remain pure! The most difficult task in the life of a Christian single today is maintaining purity until marriage. The payoff is perfect love and sex, just as our Creator intended. But if that's so awesome, why aren't more people choosing it? And how can premarital sex be so bad if so many people are doing it and loving it? People who were virgins when they

married aren't usually the type to kiss and tell. And when premarital sex goes wrong, no one wants to Tweet it. This awkward silence from both contingents isn't helping the next generation to decide well on the issue of premarital sex. Purity's Big Payoff/Premarital Sex is a Big Rip-off is a collection of 17 first-person narratives about successfully waiting for marriage to have sex - or not. Contributors on both sides of the issue candidly share in face-reddening detail what they learned on their way to the wedding bed. Young people aiming to remain pure will be encouraged and learn practical strategies for resisting sexual temptation. Those who wish they had waited will learn that it's never too late to restore purity with God's grace. (This book is two-faced. One side is dedicated to purity, then turned over and flipped upside down, the other side is dedicated to premarital sex. Thus the last page of the purity book is immediately followed by the last page of the premarital sex book, but upside down, and vice versa. Got it?)

Therapeutical Materia Medica - H. C. Jessen 1880

Handbook of the New Sexuality Studies - Steven Seidman 2007-03-12
As the field of sexuality studies has become a growth area in academia and classes on sexuality studies are incorporated into various disciplines, the expanding book market has been filled with specialist oriented texts which are often theoretically focused and contain too many summaries for an undergraduate audience. Addressing this imbalance, this key new volume presents the field of sexuality in an accessible and engaging way for undergraduates. Breaking new ground, both substantively and stylistically, this book offers students, academics and researchers an accessible, engaging introduction and overview of this emerging field. Its central premise is to explore the social character of sexuality, the role of social differences such as race or nationality in creating sexual variation, and the ways sex is entangled in relations of power and inequality. Through this novel approach, the field of sexuality is considered, for the first time, in multicultural, global, and comparative terms and from a truly social perspective. This important volume consists of over fifty short and original essays on the key topics and themes in sexuality studies, and

interviews with twelve leading scholars in the field which convey some of the most innovative work being done. Each contribution clearly conveys the latest research with examples. Ideal for students of gender and sexuality studies, this topical and timely volume will be an invaluable resource to all those with an interest in sexuality studies.

Pregnancy Day by Day - Paula Amato 2013-12-23

An illustrated reference for expectant parents explains in intricate detail every stage of a pregnancy, in a comprehensive resource that also covers labor, birth, and life with a new baby.

Introducing the New Sexuality Studies - Steven Seidman 2011-02-25

Breaking new ground, both substantively and stylistically, this book offers students, academics and researchers an accessible, engaging introduction and overview of the emerging field of sexuality studies.

The Pelvic Floor - Beate Carriere 2011-01-01

The remarkably complex pelvic floor and its disorders comprise one of the most interesting -- and challenging -- areas of physical therapy. And recently, common problems once considered taboo, such as incontinence, have become mainstream issues. More than ever before, a solid understanding of the structure and function of the manifold problems of the pelvic floor is vital to successful treatment. This groundbreaking work brings together an international team of world-renowned experts in the treatment of urinary and fecal incontinence, as well as sexual dysfunction, to provide a comprehensive guide to the structure and function of the muscles of the pelvic floor. Using concise text and clear illustrations and helpful photographs, the authors present all phenomena associated with pelvic floor dysfunction. The authors begin with a detailed overview of the anatomy and physiology of the pelvic floor, and then discuss all state-of-the-art diagnostic and treatment strategies, from biofeedback and manual therapy to the causes of different types of pain and psychosocial problems. Detailed discussions of the specific issues associated with children, women, and men, as well as with rectal and anal dysfunction, follow. With its thorough coverage, this highly practical text is essential reading for all health care professionals who wish to provide their patients suffering from disorders of the pelvic floor with the

best care available.

Everyday Women's and Gender Studies - Ann Braithwaite 2016-08-11

Everyday Women's and Gender Studies is a text-reader that offers instructors a new way to approach an introductory course on women's and gender studies. This book highlights major concepts that organize the diverse work in this field: Knowledges, Identities, Equalities, Bodies, Places, and Representations. Its focus on "the everyday" speaks to the importance this book places on students understanding the taken-for-granted circumstances of their daily lives. Precisely because it is not the same for everyone, the everyday becomes the ideal location for cultivating students' intellectual capacities as well as their political investigations and interventions. In addition to exploring each concept in detail, each chapter includes up to five short recently published readings that illuminate an aspect of that concept. Everyday Women's and Gender Studies explores the idea that "People are different, and the world isn't fair," and engages students in the inevitably complicated follow-up question, "Now that we know, how shall we live?"

Heart Two Heart - Julie Diamond Bobbitt 2005-12

Words of wisdom from the real experts : seven mothers of twins on raising twins the first year.

Truth - Mildred Towns 2006-05-21

You shall know the truth, and the truth will set you free. John 8:32 Tormented by her past, Mildred Towns reveals hidden secret that bring internal freedom to herself and many others. After being married to an adulterous husband, the pain provokes Mildred to seek revenge. She becomes a promiscuous adulteress, very secretive, sneaky and sly. On her request to gratify herself, she becomes worse than the man she loves. During this time Mildred is raped, her children molested, and she has multiple abortions. She turns to God for His grace, mercy, peace and forgiveness. In the voice of freedom, Mildred states, "It's great feeling to know that I am forgiven of my sins and cleansed from my unrighteousness through God's Son Jesus Christ!" Today, Mildred speaks to men and women everywhere, encouraging them to avoid the temptation of seeking revenge.

The Journey to Parenthood - Diana Lynn Barnes 2023-10-13

This book contains a Foreword by Kathy Hirsh-Pasek and Roberta Michnick Golinkoff (authors of "Einstein Never Used Flash Cards: How Our Children Really Learn and Why They Need to Play More and Memorize less"). New and expectant parents need support and confidence. This book is designed to provide that. It assists in exploring and analyzing thoughts.

Sex Cells - Rene Almeling 2011-09-20

"What happens when sex cells sell? Do human bodies become degraded objects of commerce? Challenging simplistic accounts of commodification, Almeling offers a compelling analysis of contemporary markets for eggs and sperm. A superb contribution to 21st century economic sociology." -Viviana A. Zelizer, author of Economic Lives: How Culture Shapes the Economy "This is a highly informative book. Almeling provides a balanced approach to this highly controversial subject. Although you might be conflicted by the ethical issues, you will definitely be extremely well-informed when you finish this book." -Alan H. DeCherney, MD, National Institute of Child Health and Human Development "Almeling offers a wonderfully thoughtful analysis and an innovative cultural lens for viewing the gendered lives of sex cells and their commodification in the contemporary USA." -Rayna Rapp, author of Testing Women, Testing the Fetus: The Impact of Amniocentesis in America

PCOS SOS - M. D. Felice Gersh 2019-02-07

In seven simple steps, PCOS SOS shows women how to beat PCOS naturally, replacing pills with powerful and scientifically-backed lifestyle interventions that harness the body's capacity to heal. PCOS SOS is the guide that will help each woman with PCOS chart her personal journey to true health and wellness.

Luna Llena's Secret Letter - Ahn Myoung-Ock 2021-03-12

A sex education book for upper elementary girls, compiled by Dr. Ahn Myoung-Ock, a gynecologist, and Hwang Mi-na, a cartoonist. In this book. Luna Llena, a 5th grader in elementary school who has just started menarche, asks Dr. Amo various questions about women's bodies and

sex. So girls can learn all the common sense about sex, which they were embarrassed to ask even their moms. Specially arranged in the back are Q&As that teenagers might be curious about. Publisher Review A How should we answer the embarrassing questions of my child? At some point, the children ask: 'Mom, why is my breast getting bigger?' 'What is menstruation?' 'Why does my stomach hurt before my period?' There are many parents who find it difficult to give easy and accurate answers to the troubled questions of their daughters who feel a sudden change in their bodies before and after menarche. In addition, most of the girls' worries don't stop there. They also have sensitive questions in their hearts that are hard to ask their parents, such as whether there is a big problem with a severe menstrual pain, how men and women are different, how babies are formed, and how masturbation habit affects their bodies. In this case, how should we approach our children? Here is a book, "Luna Llena's Secret Letter", in which a curious 5th grader, Luna Llena shares her concerns with her secret friend and asks questions to Dr. Amo. Therefore, unlike other sex education books, it provides accurate medical information while approaching children comfortably

like close friends. About your attitude toward your body and mind "Luna Llena's Secret Letter" is full of useful information in real life, as well as medical knowledge about the body and sex. It contains hygiene habits that parents may not tell their children about, such as the types of sanitary pads on the market and how to use them, what color of vaginal discharge is normal, why menstrual cramps occur, how to wash their hands, how often and how to bathe their private parts. Undoubtedly it is good as a gift for your daughter before and after menarche. However, it is by no means the purpose of this book to simply convey a variety of knowledge and information. We often overlook certain symptoms that need to be confirmed, or we inflate minor worry, because studying is important right now and we are reluctant to talk about the matter. We should remember that a woman's body undergoes many changes throughout her life. It is most urgent to learn how to take an active care of her body, especially when she is facing menarche. "Luna Llena's Secret Letter" about the preciousness of the body, mind and soul, is enough to be a great friend to many girls in the world who will pioneer their lives.
