Cinnamon and Gunpowder - Eli Brown 2014-06-03

The year is 1819, and the renowned chef Owen Wedgwood has been kidnapped by a beautiful yet ruthless pirate. He will be spared, Mad Hannah Mabbot tells him, as long as he can conjure an exquisite meal every Sunday from the ship's meager supplies. While Wedgwood attempts to satisfy his captor with feats such as tea-smoked eel and pineapple-banana cider, he realizes that Mabbot herself is under siege. Hunted by a deadly privateer and plagued by a saboteur, she pushes her crew past exhaustion in her search for the notorious Brass Fox. But there is a method to Mabbot's madness, and as the Flying Rose races across the ocean, Wedgwood learns to rely on the bizarre crew members he once feared: a formidable giant who loves to knit; a pair of stoic martial arts masters, sworn to defend their captain; and the ship's deaf cabin boy, who becomes the son he never had. An anarchic tale of love and appetite, Eli Brown's *Cinnamon and Gunpowder* is a wildly original feat of the imagination, deep and startling as the sea itself.

Basic Marketing - William D. Perreault, Jr. 2006-10

Basic Marketing 16e builds on the foundation pillars of previous editions - the four Ps framework, managerial orientation, and strategy planning focus. 16e builds upon its pioneering beginnings that introduced the "four Ps" to the introductory marketing course. The unifying focus of Basic Marketing has always been on how to make the marketing decisions that a manager must make in deciding what customers to focus on and how best to meet their needs. Over many editions there has been constant change in marketing management and the marketing environment. Some of the changes have been dramatic, and others have

been subtle. As a result, the authors have made ongoing changes to the text to reflect marketing's best practices and ideas. Throughout all of these changes, Basic Marketing and the supporting materials that accompany it have been more widely used than any other teaching materials for introductory marketing. Consistent with our belief in continuous quality improvement, this edition has been critically revised, updated, and rewritten to reflect new concepts, new examples, and recent "best practices." This edition extends the strategy planning approach, integrating concepts tightly with the marketing strategy planning model.

Cogewea, the Half Blood - Mourning Dove 1981-01-01

One of the first known novels by a Native American woman, *Cogewea* (1927) is the story of a half-blood girl caught between the worlds of Anglo ranchers and full-blood reservation Indians; between the craven and false-hearted easterner Alfred Densmore and James LaGrinder, a half-blood cowboy and the best rider on the Flathead; between book

learning and the folk wisdom of her full-blood grandmother. The book combines authentic Indian lore with the circumstance and dialogue of a popular romance; in its language, it shows a self-taught writer attempting to come to terms with the rift between formal written style and the comfort-able rhythms and slang of familiar speech.

Against Expression - Craig Dworkin 2011-01-17

Charles Bernstein has described conceptual "poetry pregnant with thought." *Against Expression*, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language. --Book Jacket.

Rich Bitch - Nicole Lapin 2019-11-05

NEW YORK TIMES BESTSELLER In this New York Times bestseller, journalist and financial expert Nicole Lapin shows women how to take charge of their lives by taking charge of their money "You might not know this but stressing over money can harm your overall health. Let Nicole be the doctor for your financial health and you will feel better in more ways than you'd think." --Dr. Oz, host of the "Dr. Oz Show", and Lisa Oz, host of the "Lisa Oz Show" Do your eyes glaze over just thinking about the mumbo-jumbo language of finance? Do you break out into hives when faced with getting your financial life together? Well, sister, you are not alone. In *Rich Bitch*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her

experiences--mistakes and all--of getting her own finances in order. She talks to you not like a lecturer but as your friend. And even though money is typically an "off-limits" conversation, nothing is off-limits here. Lapin rethinks every piece of financial "wisdom" you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can tell you how to spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of focusing on nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. Rich Bitch rehabs whatever bad money habits you might have and provides a plan you can not only sustain, but also thrive on. You won't feel deprived but rather inspired to go after the rich life you deserve, and confident enough to call yourself a rich bitch.
