The Meaning of Sex - Dennis P. Hollinger
2009-06

An ethicist provides an engaging exploration of the meaning of sex and articulates a Christian ethic for addressing a host of sexual issues facing readers today.

Sex And Sex Worship - Otto Augustus Wall
2014-06-03

Sex is at the very heart of life, and this classic illustrated study of sex, its nature and function, and its influence on art, science, architecture and religion contains a wealth of information on sex beliefs, practices and worship in other cultures and periods of history stretching back to ancient times. Drawing on a wide range of sources including private collections of erotica, Wall shows how people in other times and places have dealt with the timeless themes of sexuality, male, female, love, passion, lust, desire and worship, dealing with sex as a private practice and also as public celebration. This edition first published in 2006. Routledge is an imprint of Taylor & Francis, an informa company.

Sex and Sex Worship (Phallic Worship) - O. A. Wall 2015-06-25

Excerpt from *Sex and Sex Worship (Phallic Worship): A Scientific Treatise on Sex, Its Nature and Function, and Its Influence on Art, Science, Architecture, and Religion with Special*

Reference to Sex Worship and Symbolism When "Psychopathia Sexualis" by Krafft-Ebing, and similar works by Moll, Lombroso, etc., appeared in print, I, at the request of some of my professional friends prepared a series of lectures for them, showing that sexual "perversions," described in these works as insanities, were in reality deliberate vices, the results of vicious teachings which had come to us by transmission and teachings from the Greek and Roman schools in which slaves were trained in libidinous arts, to make them more valuable to luxury-loving purchasers, their masters and mistresses. But of this matter little or none is used in this book, which does not pretend to treat of that phase of sexual life and sexual practices. Recently I was asked to write my studies on sex for publication, in order that the work might not be lost. As the views on these subjects have materially changed among the learned among the public since the time when the collection of this information was first begun, I consented, and this book is the result. The facts gathered about phallic religion led me to doubt whether this was ever a religion from all other religions apart; it appeared to me to be merely a phase in the evolution of all religions. Nor was it a real worship of the generative organs, but rather a use of representations of the phallus and yoni as symbols for certain religious ideas which were embodied in nature-worship. Mankind, when it gave expression to its first dawns of religious thoughts, wove a fabric of myths and theories about religion, the warp of which ran through from earliest historical times to our own days as threads of the warp of philosophies and theories about sex, male, female, love, passion, lust, desire,

by guest

procreation, offspring, etc.; while the succeeding ages and civilizations wove into this warp the woof of the individual religions, the myths and fables of gods and goddesses, so that the whole fabric of beliefs, though at first coarse and poor, became more refined as mankind itself advanced, by a process of revelation which consisted in a gradual unfolding of truths in the consciousness and consciences of innumerable thinkers, until our present religions were produced, and which process of revelation is still going on and will continue until all that is fantastic, irrational, unbelievable, is eradicated from our faiths. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Embodying Religion, Gender and Sexuality - Sarah-Jane Page 2020-12-27

Taking the notion of embodiment as a starting point, this volume maps the interconnecting relationships between religion, gender and sexuality. The chapters highlight how the body - its location, the narratives that surround it, its movement and negotiations - is central to understanding these multifaceted relationships. The contributors recognise the ways in which gender and sexuality are crucial to how we embody religion and encourage a more complex and nuanced understanding of embodied religion. The material is organised according to three central themes: (1) the relationship between the religious and the secular; (2) power, regulation and resistance; and (3) the symbolism of gendered bodies. Cutting across a range of disciplinary perspectives, *Embodying Religion, Gender and Sexuality* will be relevant to students of sociology, anthropology, gender and sexuality studies, theology and religious studies.

Sex Symbolism in Religion - James Ballantyne Hannay 2014-03

This Is A New Release Of The Original 1922 Edition.

Religion and Sexualities - Sarah-Jane Page 2020-05-05

This book examines key themes and concepts pertaining to religious and sexual identities and expressions, mapping theoretical, methodological, and empirical dimensions. It explores the ways in which debates around sexuality and religion have been framed, and what research is still needed to expand the field as it develops. Through the deployment of contemporary research, including data from the authors' own projects, *Religion and Sexualities* offers an encompassing account of the sociology of sexuality and religion, considering theoretical and methodological lenses, queer experiences, and how sexuality is gendered in religious contexts. This comprehensive text will act as an essential accompaniment to scholars and students across the social sciences and humanities, whether they have a general interest in the field or are embarking on their own research in this area.

Sex Worship and Symbolism - Sanger Brown 1975

Symbols, Sex, and the Stars in Popular Beliefs - Ernest Busenbark 2017-05-07

Symbols, Sex, and the Stars in Popular Beliefs is an Outline of the Origins of Moon and Sun worship, Astrology, Sex Symbolism, Mystic Meaning of Numbers, the Cabala, and Many Popular Customs, Myths, Superstitions and Religious Beliefs. Over 300 illustrations, includes over 120 pages of sex symbolism. Jordan Maxwell says "this is a must read book for those who are concerned about pagan influence on the modern day Church."

The Meaning Of Sex - Christopher Doyle, MA
LPC LCPC 2018-03-20

In the midst of a culture where sex and gender issues are rampant, two common viewpoints exist. Unfortunately, they are both extreme. While there is an effort in the church to minister to the sexually broken, many places of worship have adopted a strict ethic that leads to a fear-based attitude towards those struggling with sexuality and gender identity. This has caused strugglers to feel alienated and wounded from the church. On the other hand, secular culture has adopted the sexual liberation message: "If it feels good, do it." Sadly, this idea has permeated the hearts and minds of too many Christians. As a result, issues such as homosexuality, gender identity confusion, and sex outside of marriage have become battlegrounds of division among the Body of Christ. With all of this discord, how do we find the true meaning of sex? In *The Meaning of Sex: A New Christian Ethos*, Christopher Doyle offers a compassionate and bold philosophy on how to love thy neighbor within the confines set forth by our Savior, who holds us when we struggle, loves us when we fall, and celebrates with us when we experience victory. When we collectively pursue the wholeness Jesus calls us to, the sexual ethics that bind us becomes a higher ethos that unites us. Only then, as we bare our souls to each other and become vulnerable with our own unique

wounds, can we meet our struggling brothers and sisters where they are and journey towards emotional wholeness and spiritual maturity. "The Meaning of Sex: A New Christian Ethos is a masterful synthesis of Christian theology and the social sciences that has the potential to radically transform our culture in positive ways." ~

Michelle A. Cretella, M.D. (President, American College of Pediatricians) "Christopher Doyle effectively challenges cultural constructs that have led Christians away from the questions that we need to be asking, connecting the dots between a biblical narrative of sexuality and what is revealed in nature and through scientific inquiry." ~ Professor Carolyn Pela, Ph.D., LMFT (Chair, Department of Behavioral and Social Sciences, Arizona Christian University)
