[Images of Sex Work in Early Twentieth-Century America - Mollie LeVeque 2019-04-18](#)

Storyville was the infamous red-light district of New Orleans. It was a world where normative social values didn't apply and was shrouded in mystery and myth until the photographs of E.J. Bellocq were rediscovered.

Bellocq's depictions of Storyville's sex workers have typically been treated as tragic, ominous and emblematic of New Orleans' singularity. Yet, such interpretations have projected gendered stereotypes of frailty and victimhood onto the women they portrayed. In Images of Sex Work, Mollie LeVeque interrogates

these glib readings and argues that sex work was a routine aspect of life in a modern city. She supports this theory by examining a range of cultural forms such as crime fiction, illustrations and paintings from contemporary urban centres like Paris, London and New York. In doing so, she advances the new argument that Bellocq humanised his subjects, de-sensationalised sex work and gave these women the dignity they were all too often denied.

Lila's House - Jacobo Schifter 2014-06-11

Lila's House: Male Prostitution in Latin America presents insight into male prostitution in a truly global array of Latin American countries. This study focuses on a very specific sexual culture within the realm of male prostitution: the young men of a lower/middle-class brothel catering to a broad range of clients. You will explore the culture of juvenile prostitution and learn from the immediate intervention program that was implemented. Twenty-five young men between the ages of 13 and 27 were interviewed for this study. They share with you their views on: sexual initiation sexual definition sexual orientation love drug use prostitution family relationships relationships with men and women The young men interviewed for this study are in serious danger of being exposed to the AIDS virus and of becoming addicted, if they are not already, to cocaine, crack, or alcohol. Those conducting the study initiated a campaign to supply condoms and raise the young men's awareness about AIDS and drugs and began an immediate support program. The project resulted in the establishment, in June 1997, of an alternative home for juvenile prostitutes, which offers various opportunities for education and work.

Sex Workers Unite - Melinda Chateauvert 2015-03-10

A provocative history that reveals how sex workers have been at the vanguard of social justice movements for the past fifty years while building a movement of their own that challenges our ideas about labor, sexuality, feminism, and freedom Documenting five decades of sex-worker activism, Sex Workers Unite is a fresh history that places prostitutes, hustlers, escorts, call girls, strippers, and porn stars in the center of America's major civil rights struggles. Although their presence has largely been ignored and obscured, in this provocative history Melinda Chateauvert recasts sex workers as savvy political organizers—not as helpless victims in need of rescue. Even before transgender sex worker Sylvia Rivera threw a brick and sparked the Stonewall Riot in 1969, these trailblazing activists and allies challenged criminal sex laws and “whorephobia,” and were active in struggles for gay liberation, women's rights, reproductive justice, union organizing, and prison abolition. Although the multibillion-dollar international sex industry thrives, the United States remains one of the few industrialized nations that continues to criminalize prostitution, and these discriminatory laws put workers at risk. In response, sex workers have organized to improve their working conditions and to challenge police and structural violence. Through individual confrontations and collective campaigns, they have pushed the boundaries of conventional organizing, called for decriminalization, and have reframed sex workers' rights as human rights. Telling stories of sex workers, from the frontlines of the 1970s sex wars to the modern-day streets of SlutWalk, Chateauvert illuminates an underrepresented movement, introducing skilled activists who have organized a global campaign for self-determination and sexual freedom that is as multifaceted as the sex industry and as diverse as human sexuality.

Prostitution and Sex Work - Melissa Hope Ditmore 2010-12-16

A fascinating overview of prostitution and sex work in the United States, from the Colonial era to today, examines the issue as it affects men, women, and transgender individuals of all races and classes. Prostitution and Sex Work is the first book since 1921 to offer a historic overview of this controversial topic—and what our views on it say about American society. Exploring key people, places, and events, the guide includes descriptions of the myriad variations of the sale of sex and of the venues where prostitution occurs, as well as recurring themes such as panics about sexually transmitted diseases and the ever-present issue of violence in the sex trade. After reviewing the history of prostitution and sex work over the past 400 years, the book offers detailed information about the legal context of prostitution in America during the last century. It focuses particularly on the period since prostitution was criminalized during a panic over “white slavery” in the early 20th century, drawing parallels with current “sex trafficking” topics. An appendix of materials produced by sex workers is especially informative for those wishing to truly understand both sides of the issue.

The Lost Sisterhood - Ruth Rosen 1982

"Rosen has broken entirely new ground in what will surely remain the definitive study of urban prostitution in America for many years to come." -- Times Literary Supplement

Historical Sex Work - Kristen R. Fellows 2020-10-13

This volume explores the sex trade in America from 1850 to 1920 through the perspectives of archaeologists and historians, expanding the geographic and thematic scope of research on the subject. Historical Sex Work builds on the work of previous studies in helping create an inclusive and nuanced view of social relations in United States history. Many of these essays focus on lesser-known cities and tell the stories of people often excluded from history, including African American madams Ida Dorsey and Melvina Massey and the children of prostitutes. Contributors discuss how sex workers navigated spatial and legal landscapes, examining evidence such as the location of Hooker's Division in Washington, D.C., and court records of prostitution-related crimes in Fargo, North Dakota. Broadening the discussion to include the roles of men in sex work, contributors write about the proprietor Tom Savage, the ways prostitution connected with ideas of masculinity, and alternative reasons men may have visited brothels, such as for treatment of venereal disease and impotence. Focusing on the benefits of interdisciplinary collaboration and including rarely investigated topics such as race, motherhood, and men, this volume deepens our understanding of the experiences of practitioners and consumers of the sex trade and shows how intersectionality affected the agency of many involved in the nation's historical vice districts. Sex Work, Labour and Relations - Teela Sanders 2022-07-19

This edited collection showcases innovative, up and coming researchers' work in the field of sex work studies across labour/work and relationships. This research is pushing the boundaries of the subject, asking new questions, carving new methodological terrain, and contributing new ideas and empirical findings to the existing literature. Drawing on sociology, criminology, media studies, social and health policy, law and socio-legal studies, the chapters reflect a range of new topics in the sex work studies literature such as religious readings, porn workers and their interactions with fans; romantic relationships, and humour at work. Studies are drawn from Europe, South America, Turkey, Ireland, New Zealand and the USA. This book speaks to academics across the social sciences and humanities who are interested in sex work studies.

Sex Work and Sex Workers - Roberto Refinetti 2018-04-25

Sexuality & Culture serves as a compelling forum for the analysis of ethical, cultural, psychological, social, and political issues related to sexual relationships and sexual behavior. These issues include, but are not limited to: sexual consent and sexual responsibility; sexual harassment and freedom of speech and association; sexual privacy; censorship and pornography; impact of film/literature on sexual relationships; and university and governmental regulation of intimate relationships. In this volume, theoretical essays, research reports, and book reviews examine the topics of prostitution, pornography, and other forms of commercialization of sexuality. Contributions include: "Twelve Step Feminism Makes Sex Workers Sick" by Kari Kerum; "Sex, Beach Boys and Female Tourists in the Caribbean" by Klaus de Albuquerque; "Reframing 'Eve' in the AIDS Era: The Pursuit of Legitimacy by New Zealand Sex Workers" by Bronwen Lichtenstein; "Long-Term Consumption of X-Rated Materials and Attitudes toward Women among Australian Consumers of X-Rated Videos" by Roberto Hugh Potter; "Invisible Man: A Queer Critique of Feminist Anti-Pornography Theory" by Jody Norton; and "Theorizing Prostitution: The Question of Agency" by Melanie Simmons. Also included are reviews of Live Sex Acts: Women Performing Erotic Labor by Wendy Chapkis; New Sexual Agendas edited by Lynne Segal. In addition, Daphne Patai reviews Real Live New Girl: Chronicles of a Sex-Positive Culture by Carol Queen; Nina Hartley reviews Three in Love; Jo Doezema reviews Trafficking in Women; Valerie Jenness reviews Feminist Accused of Sexual Harassment by Jane Gallop; and Warren Farrell reviews the film In the Company of Men. This volume will be of interest to sociologists, psychologists, legal analysts, and policymakers.

Sex Work and the City - Yasmina Katsulis 2009-09-15

A gateway at the U.S.-Mexico border, Tijuana is a complex urban center with a sizeable population of sex workers. An in-depth case study of the trade, Sex Work and the City is the first major ethnographic

publication on contemporary prostitution in this locale, providing a detailed analysis of how sex workers' experiences and practices are shaped by policing and regulation. Contextualizing her research within the realm of occupational risk, Yasmina Katsulis examines the experiences of a diverse range of sex workers in the region and explores the implications of prostitution, particularly regarding the spheres of class hierarchies, public health, and other broad social effects. Based on eighteen months of intensive fieldwork and nearly 400 interviews with sex workers, customers, city officials, police, local health providers, and advocates, *Sex Work and the City* describes the arenas of power and the potential for disenfranchisement created by municipal laws designed to regulate the trade. Providing a detailed analysis of this subculture's significance within Tijuana and its implications for debates over legalization of "vice" elsewhere in the world, Katsulis draws on powerful narratives as workers describe the risks of their world, ranging from HIV/AIDS and rape (by police or customers) to depression, work-related stress, drug and alcohol addiction, and social stigma. Insightful and compelling, *Sex Work and the City* captures the lives (and deaths) of a population whose industry has broad implications for contemporary society at large.

Third Sector Organizations in Sex Work and Prostitution - Isabel Crowhurst 2021-03-30

Third Sector Organizations in Sex Work and Prostitution is about sex work and prostitution third sector organizations (TSOs): non-governmental and non-profit organizations that provide support services to, and advocate for the well-being of people operating in the sex industries. With a focus on three vast and extremely diverse regions, Africa, the Americas, and Europe, this book provides a unique vantage point that shows how interlinked these organizations' histories and configurations are. TSOs are fascinating research sites because they operate as zones of contestation which translate their understandings of sex work and prostitution into different support practices and advocacy initiatives. This book reveals that these organizations are not external to normative power but participate in it and are subject to it, conditioning how they can exist, who they can reach out to, where, and what they can achieve. Third Sector Organizations in Sex Work and Prostitution is a resource for scholars, policymakers, and activists involved in research on, and work with third sector organizations in the fields of sex work and prostitution, gender and sexuality, and human rights among others.

Brothels of Nevada - Timothy Hursley 2004

The state of Nevada is known as a place for quick money, 24-hour marriages, and easy divorces. But it's also the only place in the United States with a legal sex industry. About 300 women today work in Nevada brothels, all regulated by the state government. Often shunned from serious consideration, little is known about the prostitutes or the environments in which they work. In *Brothels of Nevada*, photographer Timothy Hursley offers a view of this unknown side of America. He exposes the sites in all their variety and complexity, from neon signs on double-wide trailers, to red-toned bars where workers and customers meet, to bedrooms lined with velvet and lace. Far from risqué, the images are poignant reminders of how little brothels differ from many American settings. Hursley photographs twenty-five houses, roughly the entire sex industry, in views from the mid-1980s to today. *Brothels of Nevada* includes large well-known places like the Chicken Ranch and Mustang Ranch as well as tiny houses off the beaten track, like Angel's Ladies and Bobbie's Buckeye Bar. Alexa Albert addresses how the design of the brothels affects the work they house.

Prostitution as Legitimate Work - Nicholas J. Osborne 2004

The State of Sex - Barbara G. Brents 2009-12-16

How have Nevada's legal brothels survived, while the rest of the country criminalizes prostitution? How do brothels operate? Who works in them? This book brings social theory on globalizing economies, politics, leisure consumption, and emotional labor in interactive service work together with research on prostitution and sexual commerce.

Respect Me I Am - Jaipal Singh Datta 2015-09-18

I am not a sex worker. But I understand that sex is basic need of all human beings. I have been helped by many women. So I decided to respect all women. Sex workers are maximum exploited women. They need respect. I am fighting for equal rights for all workers including sex workers. I want decriminalization of sex work. I am against human trafficking of any nature. I have expressed my self and taken help of internet to

explain my thoughts. I am from India and traveled in Europe, United States of America and New Zealand. I wish all the best to all sex workers. I am hopeful that all the sex workers shall unite and shall demand respect.

Sex Workers and Criminalization in North America and China - Susan Dewey 2015-12-23

Sex work continues to provoke controversial legal and public policy debates world-wide that raise fundamental questions about the state's role in protecting individual rights, status quo social relations, and public health. This book unites ethnographic research from China, Canada, and the United States to argue that criminalization results in a totalizing set of negative consequences for sex workers' health, safety, and human rights. Such consequences are enabled through the operations of an exclusionary regime, a dense coalescence of punitive forces that involves both governance, in the form of the criminal justice system and other state agents, and dynamic interpersonal encounters in which individuals both enforce and negotiate stigma-related discrimination against sex workers. Chapter Two demonstrates how criminalization harms sex workers by isolating their work to potentially dangerous locations, fostering mistrust of authority figures, further limiting their abilities to find legal work and housing, and restricting possibilities for collective rights-based organizing. Criminalized sex workers report police harassment, seizure of condoms, and adversarial police-sex worker relations that enable others to abuse them with impunity. Chapter Three describes how sex workers negotiate these restrictions on their rights and personal autonomy via their arrest avoidance and client management strategies, self-treatment of health issues, selective mutual aid, rights-based organizing, and entrenchment in sex work or other criminalized activities. Chapter Four describes how researchers working in countries or locales that criminalize sex work face ethical concerns as well as barriers to their work at the practical, institutional, and political levels.

Siouxsie Q's column "The Whore Next Door" appears in the *SF Weekly*.

Care for Sale - Ana P. Gutierrez Garza 2019

In homes and brothels around the world, migrant women are selling a unique commodity: care. *Care for Sale* is an in-depth ethnography of a group of middle-class women from Latin America who exchange care and intimacy for money while working as domestic and sex workers in London. Illuminating the complexities of care work, the book offers a detailed study of women's lives and working conditions. It considers how their experience of migration and intimate labor is one of rupture that both enables and forces them to gradually reconstitute themselves, in their host cities, as people quite distinct from their normal selves back home. *Care for Sale* illustrates the connections and the factors that contribute to migrant women choosing either domestic or sex work, including their concerns about money and morality. It moves away from a narrow focus on migration and labor to focus instead on the creation and (re)creation of persons; and on the ways in which people fashion themselves and cultivate difference, inequality, or commonality as part of their self-making projects. By doing this, the book shows migrants not only as economic actors, but also as individuals involved in an intimate process that constantly modifies their sense of morality and personhood. *Care for Sale* is a volume in the series *ISSUES OF GLOBALIZATION: CASE STUDIES IN CONTEMPORARY ANTHROPOLOGY*, which examines the experiences of individual communities in our contemporary world. Each volume offers a brief and engaging exploration of a particular issue arising from globalization and its cultural, political, and economic effects on certain peoples or groups.

Male Sex Work and Society - Victor Minichiello 2014-09-23

This new collection explores for the first time male sex work from a rich array of perspectives and disciplines. It aims to help enrich the ways in which we view both male sex work as a field of commerce and male sex worker themselves. Leading contributors examine the field both historically and cross-culturally from fields including public health, sociology, psychology, social services, history, filmography, economics, mental health, criminal justice, geography, and migration studies, and more. Synthesizing introductions by the editors help the reader understand the implications of the findings and conclusions for scholars, practitioners, students, and members of the interested/concerned public.

Global Perspectives on Prostitution and Sex Trafficking - Rochelle L. Dalla 2011-04-08

This book is part of a two-volume set that examines prostitution and sex trafficking on a global scale, with each chapter devoted to a particular country in one of seven "geo-cultural" areas of the world. Each of the 18 chapters in this volume provides a distinct perspective from which to contemplate the global commercial sex industry as well as a spectrum of implications for continued scholarship and research, legislative maneuvers and policy change, and suggestions for collaboration across NGOs, clinicians, and service providers.
