How To Think More About Sex Alain de Botton 2012-05-10 Think more about sex by thinking about it in a different way. In this rigorous and supremely honest book Alain de Botton helps us navigate the intimate and exciting - yet often confusing and difficult - experience that is sex. Few of us tend to feel we're entirely normal when it comes to sex, and what we're supposed to be feeling rarely matches up with the reality. How To Think More About Sex argues that 21st-century sex is ultimately fated to be a balancing act between love and desire, and adventure and commitment. Covering topics that include lust, fetishism, adultery and pornography, Alain de Botton frankly articulates the dilemmas of modern sexuality, offering insights and consolation to help us think more deeply and wisely about the sex we are, or aren't, having. Public Sex Erotica Fetish Publishing 2014-10-24 Public Sex Erotica: 10 Steamy Public Sex Story Shorts (Erotica Anthologies - Volume 4) In this public sex erotic book, the thrill of having sex in a public setting, combines exhibitionism and voyeurism into 10 steamy public sex stories that are sure to titillate one's kinky imagination. Story 1 - Risque Cinema Story 2 - Roadside Assistance Story 3 - Late Night Trash Run Story 4 - Room Service Story 5 - Cab Ride Story 6 - Dressing Room Story 7 - Pool Side Story 8 - Lunch Hour Story 9 - Parking Garage Story 10 - Coat Check (book excerpt) Elena closed the sliding patio door and took a long gulp of her iced tea before setting the glass down on one of the three patio picnic tables. She walked over to the deep end of the pool and dropped her towel down onto the pool deck as she dipped a foot into the water. The water was probably close to body temperature and its surface rippled gently against the breezes that were coming down from the surrounding mountains. Elena kicked off her sandals as she looked up towards their neighbor's house, and immediately noticed the blinds moving in one of their upper bedroom windows. Elena and Robert's neighbors were a slightly older couple. In their forties, the wife worked as a nurse in town and the husband worked from home doing some consulting work for a major company. Elena had often caught the husband peeking out of their windows at her when she was either taking a swim in the pool or laying out sunbathing. Being a bit of an exhibitionist, Elena didn't mind, and would often either go topless when she swam or sunbathed, or go completely nude. She often envisioned their neighbor masturbating while he peered down at her through the blinds, and she admittedly positioned herself and strutted her nakedness deliberately as her way of toying and "playing" with him. Feeling a bit of an instigator today, Elena decided to push the envelope of exhibitionism even further. Elena untied her bikini top and tossed it next to her towel on the pool deck before then sliding off her bikini bottom as well. Standing naked on the edge of the pool, Elena noticed the neighbor's blinds move again before opening just a bit wider. She then took her hair out of the ponytail that she had it in and ran her fingers through her long dark blonde hair, as if posing for a photographer who was taking her picture for Playboy. Elena then dove into the deep end of the pool and swam under water the full length of the pool before surfacing on the other end. Coming up out of the water, Elena swept her hair back over her head and took a deep breath of air as she bobbed in the shallow end of the pool. It was all she could do to keep from smiling as she imagined all the carnal things her neighbor was doing behind his blinds next door. Was his hand rubbing against the crotch of his pants as he viewed Elena's naked body? Or, were his pants already down around his ankles pleasuring himself as he watched the show next door? Sex at Dawn Christopher Ryan 2021-01-05 The 10th-anniversary edition of the book that radical re-evaluated the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science - as well as religious and cultural institutions - has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jetha argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jetha explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do. 'Controversial and fascinating.' -Vogue Australia 'Sex At Dawn is the single most important book about human sexuality since Alfred Kinsey unleashed Sexual Behaviour in the Human Male on the American public in 1948.' -Dan Savage, author of the internationally syndicated sex-advice column 'Savage Love' and The Commitment- Love, sex, marriage, and my family 'Sex At Dawn has helped me understand myself and the world so much more clearly.' -Ilana Glazer, co-creator of Broad City

Sex at Dawn Christopher Ryan 2021-01-05 The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.
