Chuck Klosterman IV: A Decade of Curious People and Dangerous Ideas - Chuck Klosterman
2013-11-21

Chuck Klosterman has become the pop culture commentator of his time. Now, our favourite popular phenomenon offers new introductions, outros, segues, and footnotes around a collection sure to enlarge his following. Chuck Klosterman IV is divided into three parts: Part I: Things That Are True showcases Chuck's best profiles and trend stories from the past decade. Billy Joel, Metallica, Val Kilmer, U2, Radiohead, Wilco, The White Stripes, Steve Nash, 50 cent - they're all here, complete with behind-the-scenes details and ingenious analysis. Part II: Things That Might Be True assembles the best of opinion pieces that brim with a characteristic candor - always interesting, often infuriating, occasionally insane. Now fortified with twenty new hypothetical questions. Part III: Things That

Are Not True At All offers an unpublished short story. While semi-autobiographical, it features a woman who falls out of the sky and lands on a man's car.

out of unlikely subject matter, Klosterman attacks the entire spectrum of postmodern America: reality TV, Internet porn, breakfast cereal, serial killers, Pamela Anderson, literary Jesus freaks, and the real difference between apples and oranges (of which there is none). Sex, Drugs and Coca Puffs is ostensibly about movies, sport, television, music, books, video games and kittens, but really it's about us. All of us.

than she loved me. This was fine, because Cusack is a pretty cool guy. But I realized that I had viewed the competition completely backward: it was definitely an unfair battle, but not in my favor. It was unfair in Cusack's favor. #2 Fake love is a very powerful thing. It can make us do crazy things, like fly to Portland to see the first US appearance by Coldplay, a British pop group that produces fake love as frantically as Ford produces Mustangs. #3 The main problem with mass media is that it makes it impossible to fall in love with any normalcy. You can't compare your relationship with the playful couple who lives next door, because they're probably modeling themselves after Chandler and Monica. #4 The media has transfected us all with the Woody Allen personality type, which makes it acceptable for beautiful women to sleep with nerdy, be-spectacled goofballs. This has helped me with many women, and I'm sure it has helped all modern men who look and talk and act like me.

I Wear the Black Hat - Chuck Klosterman

2013-07-09

One-of-a-kind cultural critic and New York Times bestselling author Chuck Klosterman “offers up great facts, interesting cultural insights, and thought-provoking moral calculations in this look at our love affair with the anti-hero” (New York magazine). Chuck Klosterman, “The Ethicist” for The New York Times Magazine, has walked into the darkness. In *I Wear the Black Hat*, he questions the modern understanding of villainy. When we classify someone as a bad person, what are we really saying, and why are we so obsessed with saying it? How does the culture of malevolence operate? What was so Machiavellian about Machiavelli? Why don’t we see Bernhard Goetz the same way we see Batman? Who is more worthy of our vitriol—Bill

Clinton or Don Henley? What was O.J. Simpson’s second-worst decision? And why is Klosterman still haunted by some kid he knew for one week in 1985? Masterfully blending cultural analysis with self-interrogation and imaginative hypotheticals, *I Wear the Black Hat* delivers perceptive observations on the complexity of the antihero (seemingly the only kind of hero America still creates). As the Los Angeles Times notes: “By underscoring the contradictory, often knee-jerk ways we encounter the heroes and villains of our culture, Klosterman illustrates the passionate but incomplete computations that have come to define American culture—and maybe even American morality.” *I Wear the Black Hat* is a rare example of serious criticism that’s instantly accessible and really, really funny.

n roll and death across a continent. 21 days later, after three relationships, an encounter with various cottonmouth snakes, and a night spent snorting cocaine in a graveyard, Klosterman started to order his thoughts on American culture and the meaning of celebrity.

Sex, Drugs, and Cocoa Puffs - Chuck Klosterman 2003-07-22

From the kid who brought you Fargo Rock City -- the first book in history to garner the praise of Stephen King, David Byrne, Donna Gaines, Sebastian Bach, Jonathan Lethem, and Rivers Cuomo -- comes Sex, Drugs, and Cocoa Puffs -- the first book in history to examine breakfast cereal, reality television, tribute bands, Internet porn, serial killers, and the Dixie Chicks.

Countless writers and artists have spoken for a generation, but no one has done it quite like Chuck Klosterman -- with an exhaustive knowledge of popular culture and a seemingly effortless ability to spin brilliant prose out of unlikely subject matter. Whether deconstructing

Saved by the Bell episodes or the artistic legacy of Billy Joel, the symbolic importance of The Empire Strikes Back or the Celtics/Lakers rivalry of the 1980s, Chuck will make you think, he'll make you laugh, and he'll drive you insane -- usually all at once. Sex, Drugs, and Cocoa Puffs is ostensibly about movies, sports, television, music, books, video games, and kittens...but, really, it's about us. All of us. As Klosterman realizes late at night, in the moment before he falls asleep, "In and of itself, nothing really matters. What matters is that nothing is ever 'in and of itself.'"
