The Purity Code Jim Burns 2008-06 "Family and parenting authority Jim Burns explores the tough and sensitive issues of sexuality, preparing preteens for their adolescent years. Presents biblical values about sex, bodies, and relationships"--Provided by publisher.

The Bitch in the House Cathi Hanauer 2013-04-30 Virginia Woolf introduced us to the "Angel in the House", now prepare to meet... The Bitch In the House. This e-book includes an exclusive excerpt from *The Bitch is Back: Older, Wiser, and Getting Happier*, a second collection of essays from nine of the contributors featured in *The Bitch in the House* and from sixteen captivating new voices. Women today have more choices than at any time in history, yet many smart, ambitious, contemporary women are finding themselves angry, dissatisfied, stressed out. Why are they dissatisfied? And what do they really want? These questions form the premise of this passionate, provocative, funny, searingly honest collection of original essays in which twenty-six women writers—ranging in age from twenty-four to sixty-five, single and childless or married with children or four times divorced—invite readers into their lives, minds, and bedrooms to talk about the choices they've made, what's working, and what's not. With wit and humor, in prose as poetic and powerful as it is blunt and dead-on, these intriguing women offer details of their lives that they've never publicly revealed before, candidly sounding off on:

- The difficult decisions and compromises of living with lovers, marrying, staying single and having children
- The perpetual tug of war between love and work, family and career
- The struggle to simultaneously care for ailing parents and a young family
- The myth of co-parenting
- Dealing with helpless mates and needy toddlers
- The constrictions of traditional women's roles as well as the clichés of feminism
- Anger at laid-back live-in lovers

content to live off a hardworking woman's checkbook • Anger at being criticized for one's weight • Anger directed at their mothers, right and wrong • And—well—more anger... "This book was born out of anger," begins Cathi Hanauer, but the end result is an intimate sharing of experience that will move, amuse, and enlighten. *The Bitch in the House* is a perfect companion for your students as they plot a course through the many voices of modern feminism. This is the sound of the collective voice of successful women today—in all their anger, grace, and glory. From *The Bitch in the House*: "I believed myself to be a feminist, and I vowed never to fall into the same trap of domestic boredom and servitude that I saw my mother as being fully entrenched in; never to settle for a life that was, as I saw it, lacking independence, authority, and respect." —E.S. Maduro, page 5 "Here are a few things people have said about me at the office: 'You're unflappable.' 'Are you ever in a bad mood?' Here are things people—okay, the members of my family—have said about me at home: 'Mommy is always grumpy.' 'Why are you so tense?' 'You're too mean to live in this house and I want you to go back to work for the rest of your life!'" —Kristin van Ogtrop, page 161 "I didn't want to be a bad mother I wanted to be my mother-safe, protective, rational, calm-without giving up all my anger, because my anger fueled me." —Elissa Schappell, page 195

The Art of Love, Sex & Illegitimate Baby Making: My Parenting Confessional Jenn White 2019-01-28 I was born in the '70s. Raised in the '80s. Had kids in the '90s. And I empty nested in the '00s. Growing up in my childhood home was hard, making babies was easy, and raising great kids was challenging. I met my husband, Greg, in 1991. I was 17 and he was 23.

Naturally, we were arrogant, carefree, and madly in love with each other given our young age. Somewhere in those late nights, and definitely before marriage, everything changed when we made a baby. Turns out, contraceptives only work when you use them. We entered parenthood determined to leave behind the traditional, broken family cycles we were raised in. Our definition of those cycles have been called delusional by some and perceived as rejection by others. The 'fuck offs' and 'fuck you's' in those relationships, always the real deal. I started my family in what some call sin. When my life's choices looked irresponsible to others, they were the most defining moments of my damn life. Three kids in and failing as many times as I succeeded, I

reinvented those broken cycles and instead created the most tender, raw, and messy experiences of real life. The lessons learned along the way became the insight I used to raise myself and my family. Now, 26 years later, we're young empty nesters and more in love than the day we met. My kids are now in their twenties and are out in the world living a good life that I hope like hell we prepared them for. *The Art Of Love, Sex & Illegitimate Baby Making: My Parenting Confessional* is a throwback to those early days. A collection of short stories revealing how I made my way through young marriage and unconventional parenting, these are my personal stories and how I remember them. Some names have been changed and a lot of crap left out, but the memories and actions shared are the real-life experiences that have shaped me and remain as the true character and foundation of this book series. If you're reading this and are offended, it's none of my business what you think of me, so please have a nice day. Parenthood ain't for wimps.

The Commitment Dan Savage 2006-09-26 Dan Savage's mother wants him to get married. His boyfriend, Terry, says "no thanks" because he doesn't want to act like a straight person. Their six-year-old son DJ says his two dads aren't "allowed" to get married, but that he'd like to come to the reception and eat cake. Throw into the mix Dan's straight siblings, whose varied choices form a microcosm of how Americans are approaching marriage these days, and you get a rollicking family memoir that will have everyone—gay or straight, right or left, single or married—howling with laughter and rethinking their notions of marriage and all it entails.

Between Sex and Power Göran Therborn 2004-07-31 The institution of the family changed hugely during the course of the twentieth century. In this major new work, Göran Therborn provides a global history and sociology of the family as an institution and of politics within the family, focusing on three dimensions of family relations: on the rights and powers of

fathers and husbands; on marriage, cohabitation and extra-marital sexuality; and on population policy. Therborn's empirical analysis uses a multi-disciplinary approach to show how the major family systems of the world have been formed and developed. Therborn concludes by assessing what changes the family might see during the next century. This book will be essential reading for anybody with an interest in either the sociology or the history of the family.

Zack's Story Keith Elliot Greenberg 1996 An eleven-year-old boy describes life as part of a family made up of himself, his mother and her lesbian partner.

My Two Moms Zach Wahls 2012-04-26 A resounding testament to individuality and the power of family in all forms from the young man who "lit up the Internet" (Ellen DeGeneres) On January 31, 2011, Zach Wahls addressed the Iowa House Judiciary Committee in a public forum regarding full marriage equality. The nineteen-year-old son of a same-sex couple, Wahls proudly proclaimed, "The sexual orientation of my parents has had zero effect on the content of my character." Hours later, his speech was posted on YouTube, where it went viral, quickly receiving more than two million views. By the end of the week, everyone knew his name and wanted to hear more from the boy with two moms. Same-sex marriage will be a major—possibly the defining—issue in this year's election cycle, and Wahls speaks to that, but also to a broader issue. Sure, he's handsome and athletic, an environmental engineering student, and an Eagle Scout. Yet, growing up with two moms, he knows what it's like to feel different and to fear being made fun of or worse. In the inspirational spirit of *It Gets Better* edited by Dan Savage and Terry Miller, *My Two Moms* also delivers a reassuring message to same-sex couples, their kids, and anyone who's ever felt like an outsider: "You are not alone."

Not My Kid Sinikka Elliott 2012-08-13 Teenagers have sex. While almost all parents understand that many teenagers are sexually

active, there is a paradox in many parents' thinking: they insist their own teen children are not sexual, but characterize their children's peers as sexually-driven and hypersexual. Rather than accuse parents of being in denial, Sinikka Elliott teases out the complex dynamics behind this thinking, demonstrating that it is rooted in fears and anxieties about being a good parent, the risks of teen sexual activity, and teenagers' future economic and social status. Parents—like most Americans—equate teen sexuality with heartache, disease, pregnancy, promiscuity, and deviance and want their teen children to be protected from these things. Going beyond the hype and controversy, Elliott examines how a diverse group of American parents of teenagers understand teen sexuality, showing that, in contrast to the idea that parents are polarized in their beliefs, parents are confused, anxious, and ambivalent about teen sexual activity and how best to guide their own children's sexuality. Framed with an eye to the debates about teenage abstinence and sex education in school, Elliott also links parents' understandings to the contradictory messages and broad moral panic around child and teen sexuality. Ultimately, Elliott considers the social and cultural conditions that might make it easier for parents to talk with their teens about sex, calling for new ways of thinking and talking about teen sexuality that promote social justice and empower parents to embrace their children as fully sexual subjects.

ago. Today there are so many well-funded voices, each one claiming authority to influence a small- or large-part of society, that differ from the Judeo-Christian voices which underpinned the society we knew. It is one thing to have human rights - meaning each person is important and worthy of respect - but it is another for one group to exploit that right for their own political agenda. Daily, we find so-called news and trivia reports that traditional truths, such as marriage being defined as between one man and one woman, to be legally constricting and thus a person should be able to marry anyone else of their own choosing, regardless of their sex. Moreover, the lie that a person can change his/her sex has so permeated our society that the uninformed do not know how to discern the truth about this situation. It is important to realize that these changes have all come about in this generation. My family's only hope, as well as that of the reader of this book, is to get to know the Author of life and to know Him well while there is still time. The primary focus of this book is centered upon the sexual lies fostered upon the people of this country as truth resulting from biased media reporting, TV shows, poor-scholarship in institutions of higher learning, and the subsequent laws regarding what is acceptable behavior. I hope that the facts presented here, in a balanced way, will give the uninformed the ammunition needed to resist the lies of all those who seek to suppress the truth.

aiming at women who suffer from any of a number of ailments that limit their sexual abilities. Ms. Green will guide you and your partner to a pain-free sex-life. ~ John Athos(Avid Reader)... I have had Interstitial Cystitis (IC) since 2003. I refused to become a victim of IC nor to allow it to ruin my family or my marriage simply because I could no longer withstand the pain of vaginal intercourse. If you suffer from any ailment that makes vaginal intercourse painful for you, you need this book.I have spent years studying the sexual relationships of many different people. What I have learned about human sexual relationships is that vaginal intercourse is NOT the only way to have a happy, satisfying, sexual relationship with your partner.I understand and have overcome the guilt feelings I first had even before I learned about my disease. I was unable to withstand the pain of vaginal intercourse and I felt guilty that I had to deny my husband the sexual pleasures he deserved. It almost ruined my marriage, but I refused to allow that.Now, I am passing my knowledge on to you, whoever you may be, because there is no reason for you not to have a happy, loving, satisfying, sexual relationship with your partner. No longer will you have to feel guilty about your sexual relationship or the fact that you can no longer have vaginal intercourse. You owe it to yourself and your family to read this book.Georgia Ivey Green(Mistress Ivey)

My Parents Never Had Sex Doris B. Hammond 1987 My Parents Never Had Sex presents the myths and facts of sexual aging in a thoughtful and straightforward manner that celebrates the sexuality of our elders. Dr. Hammond rejects not only the misconception that sexuality is neutralized with age, but also the related view (held by many elders) that sexual expression should be curtailed as one advances in years. She encourages both young and old to appreciate and take pride in their individual sexual being, and that of others, from birth to death. Cultural, religious, and societal influences affecting our views of human sexuality are described and discussed. Diverse forms of sexual expression are explored, with attention given to changes at mid-life and to health-related concerns. Helpful suggestions for family members and counselors are also offered. Specific situations encountered by families, couples, single persons, homosexuals, and nursing home residents are covered.

is a touchy subject for most. While many will agree that they learned about sex in an inordinate encounter, the appropriateness of this subject should be introduced by a trustworthy and moral person preferably of the same sex; male Guardian for male Child and female guardian for female child. The keywords are guardian, trustworthy and moral. This reading is appropriate for a third grade level reading and up. The author uses ladybugs to depict the characters because ladybugs have spots. The spots represent the private parts of the human anatomy. The idea is to subconsciously teach the child Or reader about the sacredness and proper protection of their bodies. Do Not Touch My Spots *Not Under My Roof* Amy T. Schalet 2011-09-30 Winner of the Healthy Teen Network's Carol Mendez Cassell Award for Excellence in Sexuality Education and the American Sociological Association's Children and Youth Section's 2012 Distinguished Scholarly Research Award For American parents, teenage sex is something to be feared and forbidden: most would never consider allowing their children to have sex at home, and sex is a frequent source of family conflict. In the Netherlands, where teenage pregnancies are far less frequent than in the United States, parents aim above all for family cohesiveness, often permitting young couples to sleep together and providing them with contraceptives. Drawing on extensive interviews with parents and teens, *Not Under My Roof* offers an unprecedented, intimate account of the different ways that girls and boys in both countries negotiate love, lust, and growing up. Tracing the roots of the parents' divergent attitudes, Amy T. Schalet reveals how they grow out of their respective conceptions of the self, relationships, gender, autonomy, and authority. She provides a probing analysis of the way family culture shapes not just sex but also alcohol consumption and parent-teen relationships. Avoiding caricatures of permissive Europeans and puritanical Americans, Schalet shows that the Dutch require self-control from teens and parents, while Americans guide their children toward autonomous

My Time Treating Incest Families Jane Marchand Lewis

2012-11-30 My BA in Psychology, Stanford, in 1954 prepared me for marriage and a family, but little more. Before marriage, I was a Social Worker in Santa Cruz administering AFDC (Aid to Families with Dependent Children). In the mid-sixties, when the children were in school, I administered AFDC for Santa Clara County. In the early seventies, I went to San Jose State University for an elementary school credential. In 1975 I began the two year masters program in Marriage and Family Counseling at the University of Santa Clara. The program was humanistic orientated and the perfect fit for me. As an intern, I joined the newly formed Child Sexual Abuse Treatment Program. As an intern, one need 3000 hours of practicum, 500 hours of personal therapy and completion of at least one years of a masters program before being eligible for licensure. There I stayed in San Jose, for 17 years, becoming a staff counselor until I went into private practice. I still see clients after 37 years. The philosophy of Hank Giarretto, who founded the treatment program, was to treat the whole family. The focus was incest families. Hank pioneered treating sex offenders along with the rest of the family. At the pinnacle, there were more than 60 satellite programs around the world, patterned after Hanks pilot program. All my stories are true although names and places have been scrambled. Not all my clients were from incestuous families. In all cases, there was at least some component present similar to incest families. My hope is that people reading this will learn more about themselves and others. I remain optimistic that people instinctively drive to become more whole, and that there is a flow between their conscious and unconscious selves. The first courageous step is to walk into the counseling office to ask for help. I know people are making progress when they take what they have learned and practice it at home.
