Breathe the Sky Michelle Hazen 2020-08-18 Two strangers start out saving animals and end up rescuing each other in this heartwarming romance from the author of *Unbreak Me*. Mari Tucker is a wildlife biologist who scoops bunnies and endangered tortoises out of harm's way on construction sites. Still haunted by her past, she takes the most remote jobs in the Mojave Desert to avoid people and hide from her ex. It's a simple, quiet life filled with sweet animals and solar-powered baking until she ends up assigned to Jack Wyatt's crew. Construction foreman Jack Wyatt's loud, foul-mouthed temper keeps even the most rugged of men on his crew in line. No mistake is overlooked, because out in the desert it could mean life or death. In his opinion, the job site is no place for sensitive biologists, especially one as shy as Mari. But instead of wilting from the heat and hard work, Mari wins over Jack and his crew one homemade brownie at a time. Jack and Mari find a comfortable rhythm, building a friendship that's rare for both of them. After Jack's rocky childhood, they have more in common than they'd imagined. But even the Mojave sun can't chase away the shadows when the past is determined to track them down...

The Chemistry Between Us Larry Young PhD 2012-09-13 How much control do we have over love? Much less than we like to think. All that mystery, all that poetry, all those complex behaviors surrounding human bonding leading to the most life-changing decisions we'll ever make, are unconsciously driven by a few molecules in our brains. How does love begin? How can two strangers come to the conclusion that it would not only be pleasant to share their lives, but that they must share them? How can a man say he loves his wife, yet still cheat on her? Why do others stay in relationships even after the romance fades? How is it possible to fall in love with the "wrong" person? How do people come to have a "type"? Physical attraction, jealousy, infidelity, mother-infant bonding—all the behaviors that so often leave us befuddled—are now being teased out of the fog of mystery thanks to today's social neuroscience. Larry Young, one of the world's leading experts in the field, and journalist Brian Alexander explain how those findings apply to you. Drawing on real human stories and research from labs around the world, *The Chemistry Between Us* is a bold attempt to create a "grand unified theory" of love. Some of the mind-blowing insights include: Love can get such a grip on us because it is, literally, an addiction. To a woman falling in love, a man is like her baby. Why it's false to say society makes gender, and how it's possible to have the body of one gender and the brain of another. Why some people are more likely to cheat than others. Why we sometimes truly can't resist temptation. Young and Alexander place their revelations into historical, political, and social contexts. In the process, they touch on everything from gay marriage to why single-mother households might not be good for society. *The Chemistry Between Us* offers powerful insights into love, sex, gender, sexual orientation, and family life that will prove to be enlightening, controversial, and thought provoking.

Wanderlust Roni Loren 2016-07-19 From the New York Times bestselling author of the Loving on the Edge series and Off the Clock, a story of sex, love, rock & roll, and a reporter who's about to learn a new meaning for staying on top of her assignment... Restaurant critic Aubrey Bordelon is never at a loss for words to describe her meals in the fancy restaurants of New Orleans. But after her magazine's high-profile music reporter falls ill, she finds herself out of her element and in a sea of screaming fans awaiting Wanderlust's lead singer, Lex Logan. The sound of his voice gives her goosebumps, and the stage presence of the hard-bodied rock star takes her breath away. So when he pulls her onstage for a sexy stunt, she knows she's in real trouble. Lex doesn't want to pretend that the sparks on stage between him and Aubrey never happened, but it certainly makes the fact that she's writing a story on his band all the more dangerous. The last thing he needs is some nosy reporter revealing their problems to the world. But the sexy Southern belle doesn't give up easily, and soon he's wondering if the best way to chase her off the story is to coax her into his bed... LJ Delisle can't stand the idea that Andra might be lonely—or eating frozen TV dinners. Despite their growing friendship and his gentle rapport with the horses, LJ is still an outsider facing small-town suspicions. Before they can work through their issues, LJ is called home by a family emergency. And Andra must decide if she's brave enough to leave the shelter of the ranch for an uncertain future with LJ.

The Transformation of Intimacy Anthony Giddens 2013-04-23 The sexual revolution: an evocative term, but what meaning can be given to it today? How does 'sexuality' come into being and what connections does it have with the changes that have affected personal life on a more general plane? In answering these questions, Anthony Giddens disputes many of the dominant interpretations of the role of sexuality in modern culture. The emergence of what the author calls plastic sexuality - sexuality freed from its intrinsic relation to reproduction - is analysed in terms of the long-term development of the modern social order and social influences of the last few decades. Giddens argues that the transformation of intimacy, in which women have played the major part, holds out the possibility of a radical democratization of the personal sphere. This book will appeal to a large general audience as well as being essential reading for students and professionals.

A Cruel Kind of Beautiful Michelle Hazen 2017-12-02 If you can't get to the Big O, can you get to the happily ever after? Jera McKnight loves music, swoons for hot guys, but sucks at sex. Jacob Tate is her perfect storm: a pun-loving nude model with a heart as big as his record collection. When a newspaper-delivery accident lands him in her living room, he's almost tempting enough to make her forget she's never been able to please a man-in bed or out of it. Sure, he laughs at her obscure jokes, and he'll even accept a PG-rating if it means he gets time with her, but he's also hiding something. And it has everything to do with the off-limits room in his apartment. Jera pours all her confusion and longing into her drum kit, which pays off when her band lands the record deal of their dreams. Except just like Jacob, it might be too good to come without a catch. She doesn't know if her music is good enough to attract a better contract, or if she's enough to tempt a man like Jacob to give up his secrets, even if they could fix her problems between the sheets. But if this rocker girl is too afraid to bet on herself, she might just end up playing to an empty house. If you're looking for a story "infused with love, laughter, charm and a deep streak of vulnerability" then you'll adore this addictive new series. Click now if you want to instantly escape into Jera and Jacob's romance!

Falling Out of Hate with You Lauren Rowe 2021-04-15 I've tried to like Adrian Savage, the mercurial frontman for Fugitive Summer, while serving as his band's opening act on tour. We're stuck together for three months, after all. And I'm well aware I'm lucky to be here. But it's proved impossible. He's far too rude and dismissive a guy to get along with. And way too good at getting under my skin. In fact, at this point, I think it's fair to say I downright hate his guts. Global thirst trap that he is, though, I'm finding it extremely difficult not to want to jump Savage's bones, despite how much he infuriates me. I hate myself for it. But my body is going rogue on me. It doesn't matter, though. I'm determined to resist him. In fact, what I've decided is that, as long as I'm here and stuck with him, I'm not only going to give Savage the sound tongue lashing nobody else around here has the balls to deliver, I'm going to bring that bad boy to his knees.

Sex, Love, and Dharma Simon Chokoisky 2015-09-17 Discover your dharma type and prepare your body, mind, and spirit to attract and build a lifelong union with your soul mate • Explores how the dharma types align in relationships, giving quick and simple insights into which dharma pairings work and which ones need work • Details methods for attracting a mate as well as practical techniques for improving your sex life, including the best time to have sex during the day • Provides self-tests to determine your dharma type and outlines unique ayurvedic diet, exercise, detox, and lifestyle tips for better health and sex appeal The people of ancient India understood that most humans are incomplete without an intimate partner, a

soul mate to share life's journey. Drawing upon astrology, Ayurveda, and dharma type--your personality and spiritual purpose archetype--they developed detailed systems to analyze physical, emotional, and spiritual compatibility between people. This analysis encouraged joyous relationships by revealing the sexual compatibility of a couple, the innate relationship conflicts they face, and their potential for financial success together. In this way, couples were able to distinguish biological attraction from long-term compatibility, lust from love, and soul mates from playmates. Sharing ancient Vedic secrets of sex, love, health, and dharma, Simon Chokoisky explains how to prepare your mind, body, and spirit for the right partner and how to determine if a potential mate is a good match for your unique chemistry. He provides self-tests to determine your dharma type and outlines unique ayurvedic diet, exercise, detox, and lifestyle tips for each type to reclaim your health and vitality and, by doing so, your sexiness. He explores how the dharma types align in relationships to create harmony or disharmony, giving quick and simple insights about which dharma pairings work and which ones need work. Highlighting the skills inherent to each dharma type, he makes suggestions on how to improve day-to-day relationships for personal and financial benefit and to build lifelong romance that grows into a spiritual union. Moving to the bedroom, the author details methods for attracting a mate as well as practical techniques for improving your sex life, including the best time to have sex during the day and month. Showing how knowing who you are will help you find your right mate, and keep away those unsuitable for you, Chokoisky explains how living your dharma helps you flow with nature in a way that makes life and your relationships more fulfilling.

While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

CAMION BLANC Thierry Aznar Un genre latent, bien plus violent que la pop music, était apparu aux États-Unis en 1968. Par son aspect révolutionnaire, il semblait condamné à la marginalité. Qui aurait imaginé qu'il n'aurait fallu que douze ans pour que toute la France chante « Antisocial » (1980) ? Entre ces deux dates, ce « genre » appelé hard rock avait transité par l'Angleterre. Popularisé par Led Zeppelin, le hard rock allait enfanter des centaines de groupes aussi proches dans l'esprit qu'éloignés géographiquement. Après les années de défrichage (1970 - 1989), notre tome 2 (1990 - 2009) vous invite à découvrir une planète conquise, pour ne pas dire à genoux. Dans le sillage des Anglais de Queen, des Australiens d'AC / DC et autres Scorpions Allemands, découvrez ces groupes du monde entier, forts en gueule et riches en guitares hargneuses. *CMJ New Music Monthly* 2001-05 *CMJ New Music Monthly*, the first consumer magazine to include a bound-in CD sampler, is the leading publication for the emerging music enthusiast. He's a Rebel discusses all stages of Spector's varied musical career, from his first hit, "To Know Him Is To Love Him" (written as a teenager) to his appointment to the Rock and Roll Hall of Fame.
