Best Value Love Book ever - Sabina Dosani 2008-08-18

We've got TV celebrities, radio celebrities, celebrity doctors, TV non-celebrities, 'experts', chefs and celebrity weather reporters all telling us how we can look and feel better and be more successful in every aspect of the little bit of life we've got left after ploughing through their endless (and usually conflicting) advice. "Infinite Ideas" introduces three new brilliant books, which cut a path through this jungle of self-congratulatory verbiage to get straight to some real-world ideas from people who've been there and done it - real people. These books are collections of the best advice from a range of specialist writers. They are of unbeatable value!
