How to Fall in Love with Anyone Mandy Len Catron 2018-02-01 In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love." —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

Letters to Bangkok John Smith 2011-03-11 *Letters to Bangkok* is a story of love born on the internet between a practising Thai surgeon and an English University marketing manager. The initial Skype conversations and subsequent letters are true and exact records of written exchanges between two people trying to find love. Below is an extract pages 17, 18 and 19 of the actual book. The Skype Connection September–November 2008 'Of all the gin joints in all the towns in all the world,' the famous throwaway saying in *Casablanca* brings me immediately to thinking with amazement how I first met sweet Pen. Reflecting on this momentous meeting, well momentous in terms of its life-changing impact on my small world, I often pose myself one question: How is it possible that two people, effectively total strangers, with widely different backgrounds and experiences can begin a conversation through a chance meeting at a moment in a time and place on a social chat forum called Skype and through that conversation set off additional exchanges leading eventually to two hearts beating as one? (See explanation of the term Skype below.) It must be said at the outset that both Pen and I came to the site with reservations and varying degrees of scepticism born from previous failed and disappointing encounters on Skype, where people come and go with regular monotony, like ships in the night or ghosts briefly haunting the ether space but soon to disappear without a trace. It is the nature of the beast called social Internet chatting that you may find someone interesting and then they disappear, never to be seen or heard of again, with no by your leave, refusing to reply to further communications, leaving you saying, 'Um, it was definitely something I said!!!!' I had an early impression from what Pen said that she was more experienced on Skype in comparison to me, a relative newcomer. But why did Pen and I come to seek out one another in the first place? I was searching initially for company and solace, as I was suffering in a loveless, rather cruel relationship. Despite my experiences, I have always been an optimist, eternally inquisitive and open minded, a people's person. Setting aside early negative encounters on social sites, I have been blessed with a strong belief in the goodness of human nature and a belief in destiny. Whether I believed that destiny could be found in such a chance and brief encounter is a moot point. I had just come through a long and difficult marriage which had ended de facto, and although I had not made the break physically from my ex-partner, I had signalled my intention to leave, and in mind and spirit, I had disassociated myself from intimacy or any future plans with this failed relationship. So yes, in one sense, although not consciously acknowledged by myself, I was searching for a human being to fill the emotional chasm left by years of mild mental abuse born of being married to an aggressive and sometimes violent alcoholic. I was seeking someone who might be sensitive, caring, supportive, loving, someone who could be my friend and confidant, someone I could trust with my heart, a lover that would be my love for always, not just temporarily, someone that would be my encourager and someone that would share my dreams and let me share hers, and most importantly, someone that would not betray my emotional trust—a big shopping order, you might say! And in that respect, I had already decided to cast my net wider, beyond the shores of England, and sought an international partner to be my friend. I was already familiar with some of the attractive qualities that an Asian woman might bring to a relationship: loyalty, selflessness, spirituality, a caring, loving, and generous nature, and rarely abusive of alcohol. I was also physically attracted to the Asian look with their dark eyes, sultry looks, and long dark hair. For Pen, Skype perhaps offered, amongst other things, an opportunity to d

Beyond the Break Heather Buchta 2020-06-02 For fans of Sarah Dessen and Jenny Han, Beyond the Break is a funny and gorgeous debut about a girl experiencing her first love. Well, second, if you count her faith... and that's where things may get complicated. Manhattan Beach native Lovette has two rules in life. One: no surfing. Not after her brother's accident. Two: absolutely, no dating. And going into her junior year of high school, she's pretty happy with that arrangement. She has friends, her church youth group, and God to fall back on when things get dicey. But after Jake Evans walks into her life, following these two simple rules gets a lot more complicated. Jake is the boy from Lovette's childhood who grew up. Handsome and sweet, he unlocks the part of Lovette that wants nothing more than to surf the waves again. And as their relationship grows, she begins to question what it means to be faithful: to her family, to God, but mostly, to herself. Told with humor and heart, Heather Buchta delivers a sparkling debut that asks the question: Can you fall in love, be a teenager, and also be a good Christian?

Before We Were Strangers Renée Carlino 2015-08-18 Before We Were Strangers description forthcoming from Atria Books.

The Soulmate Equation Christina Lauren 2021-05-18 The New York Times bestselling author of The Unhoneymooners returns with a witty and effervescent novel about what happens when two people with everything on the line are thrown together by science—or is it fate? Perfect for fans of The Rosie Project and One Plus One. Single mom Jess Davis is a data and statistics wizard, but no amount of number crunching can convince her to step back into the dating world. Raised by her grandparents—who now help raise her seven-year-old daughter, Juno—Jess has been left behind too often to feel comfortable letting anyone in. After all, her father's never been around, her hard-partying mother disappeared when she was six, and her ex decided he wasn't "father material" before Juno was even born. Jess holds her loved ones close, but working constantly to stay afloat is hard...and lonely. But then Jess hears about GeneticAlly, a buzzy new DNA-based matchmaking company that's predicted to change dating forever. Finding a soulmate through DNA? The reliability of numbers: This Jess understands. At least she thought she did, until her test shows an unheard-of 98% compatibility with another subject in the database: GeneticAlly's founder, Dr. River Pena. This is one number she can't wrap her head around, because she already knows Dr. Pena. The stuck-up, stubborn man is without a doubt not her soulmate. But GeneticAlly has a proposition: Get to know him and we'll pay you. Jess—who is barely making ends meet—is in no position to turn it down, despite her skepticism about the project and her dislike for River. As the pair are dragged from one event to the next as the "Diamond" pairing that could make GeneticAlly a mint in stock prices, Jess begins to realize that there might be more to the scientist—and the science behind a soulmate—than she thought. Funny, warm, and full of heart, The Soulmate Equation proves that the delicate balance between fate and choice can never be calculated.
