You can't find a way to kiss her nor have sex with her? If yes, you've probably made one or more of these 7 mistakes: Trying to create a romantic atmosphere by overdoing it with compliments and gifts Do not give an emotional/sexual direction to the

conversation Trying to impress her by showing how rich you are or how cool you are Being afraid to touch it Dating women you don't like Waiting for the last moment to kiss her Expecting to have sex with her just because you took her to an expensive restaurant When a woman goes out with a man, she would like to get excited about the enormous sexual tension, let herself go to safety, feel the chills for the deep emotions she feels. ...guess what?! it's not up to them, it's up to you! On what you decide to do, on your actions. All of this is not physically possible in a situation as static and rigid as a typical dinner at a restaurant. The secret to a Perfect Date is to make her do a lot of different things. This is because she will be transported

by a perfect sequence of events, she will be overwhelmed by feelings and emotions so strong that sex will be just one last small step. 4 practical steps to lead her to your bed: what to do what to say where to bring her when to kiss her Unfortunately this method is not for everyone This guide is not for newbies, it is not for men who don't know how to approach women, it is not for men who know few women and don't know how to get a phone number. Dating is the final part of the seduction, you need this guide if you're currently going out with women from time to time but you're struggling to get laid. If you always end up becoming her friend or if you can't get in touch with her anymore, then this guide is perfect for you. What you find inside Dating for Men: How do you get her phone number if you don't have it yet? The truth about women's provocative behavior A little trick to increase the chances of her answering your call How to take care of your look and style to intrigue her Best days and

times to set the date of the Appointment The 5 things not to do on a first date What makes the Perfect Date work so well (emotions) The meeting place and the first place to take it Concrete examples of a perfect date How to create alternatives in case of unforeseen events Warning: Having fun doesn't mean being funny. Conversation topics Contingency management before kissing or before sex How to make her want a relationship with you How to create sexual complicity by eliminating inhibitions How to prevent her fear of being judged as an "easy girl" How, when and why make a second appointment How to continue the relationship, if and why. The "Dating for Men" method is ready to go.If you're frustrated and unmotivated by your inconclusive dates... play it safe with this practical guide!

It's stupid because it pretends we can stop being men. It's wrong because it insists we stop being men. You can be a man and be successful at a relationship. If you have, against all hope and fate, found a woman you want to keep in your life through legal and socially acceptable means, this book will give you advice and strategies that go a long way to let her know she is important without requiring you to sacrifice being a man. We're guys, we like being guys, and there is nothing wrong with that. It is, however, time to stop acting like a 12 year old boy because, and think about it, do you really want to be with a woman who is willing to or wants to be with a 12 year old boy? This doesn't mean we have to grow up, it means we have to man up. There is a

difference and this book will help you with that difference through simple and straightforward strategies and plans. Men, it's time to step up and be a real man. It's time to learn the Art of the Compliment.

her arm, or shoulder, and see if she responds. Dance with her, and do a little grinding, and see if she grinds back. If the answers to these are yes, then offer her, since she can't drive, to come back to your place. Once she's at your place, continue with just a little more alcohol for the nerves. Don't mix alcohol. If she was doing shots at the bar, don't give her beer or wine coolers at your place, or she'll be spending the night with your toilet, not you. Give her just a few more shots, and then do the final move with a kiss. The kiss will tell it all. If she pushes you away, and doesn't take your advances, don't get discouraged, you still have a chance. Offer her to put a movie on, get a pillow and a blanket, if you have a pull out couch, great, or one big enough for you two to snuggle on. If not, let her lay back to watch the movie. Let her put her feet on your lap. I don't know many woman who would turn down a foot massage. Massaging is a great way to lead to sex. After both feet, work your way up to her calves. Hint: use lotion. It makes her feel

more like it's a massage, not you just trying to grope her up. If when you get to her calves, and she's still allowing you to massage, continue on, and then get the thighs. I'm pretty sure you know where to go from there.

the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to

improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish

*Super Thinking* - Gabriel Weinberg 2019-06-18  
A WALL STREET JOURNAL BESTSELLER! "You can't really know anything if you just remember isolated facts. If the facts don't hang together on a latticework of theory, you don't have them in a usable form. You've got to have models in your head." - Charlie Munger, investor, vice chairman of Berkshire Hathaway The world's greatest problem-solvers, forecasters, and decision-makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones. They're called mental models, and you can find them in dense textbooks on psychology, physics, economics, and more. Or, you can just read *Super Thinking*, a fun, illustrated guide to every mental model you could possibly need. How can mental models help you? Well, here are just a few examples... • If you've ever been

overwhelmed by a to-do list that's grown too long, maybe you need the Eisenhower Decision Matrix to help you prioritize. • Use the 5 Whys model to better understand people's motivations or get to the root cause of a problem. • Before concluding that your colleague who messes up your projects is out to sabotage you, consider Hanlon's Razor for an alternative explanation. • Ever sat through a bad movie just because you paid a lot for the ticket? You might be falling prey to Sunk Cost Fallacy. • Set up Forcing Functions, like standing meeting or deadlines, to help grease the wheels for changes you want to occur. So, the next time you find yourself faced with a difficult decision or just trying to understand a complex situation, let *Super Thinking* upgrade your brain with mental models.
