Are you an awkward person without much experience with

sex? Do you intend to become an expert and know every part of it perfectly without waiting to look bad in bed before learning? Then keep reading... Did you know that in 92% of cases the first sexual experience causes a shock in humans and make them insecure in all future sexual relations? The problem is that from an early age we have been used to masturbating ourselves quickly because this practice created anxiety, and in the subconscious it was something to do in secret so as not to be discovered. From that moment on our brain has associated sex with something which creates anxiety, something quick and something secret. ADVANCEMENT OF SEX: You

won't need a lot of special equipment - only a willingness to learn, practice and experiment. While positions in this book are targeted toward physically active and flexible people, everyone can try them and build up slowly. You'll get stronger and fitter while you're having great sex - talk about additional motivation! Sex is more than just an expression of animalistic instincts; it is an art. It is an expression of your sexuality and most of all, your identity. It is also the expression of your love, lust, and affection for your partner. But while sex is a primal human need, people are not born with great sex skill. To increase your sexual satisfaction, you must master the art of sex. Much of the time a pornography film should be effectively in sight while the individual is engaging in sexual relations. This is the solitary way they can turn into sufficiently excited to fulfill their accomplice and themselves or to have a climax. KATTY ALLEN is a married and well respected family and

Tired to repeat over and over the same sex positions over the years? Or do you want to become a sex master? The truth is... A lot of people are dissatisfied with their sex life and all of them repeat the same sex positions that they have been doing for years. U.K. research has proved that one of the main causes of sexual dissatisfaction is a lack of variety of sex positions. Becoming a sex master takes much more than just knowing all of the possible sex positions and having lots of sex, being a sex master involves sexual intelligence. This book will tell you exactly what sexual intelligence means and how to develop it for yourself. If you have mastered all of the classic positions like 69, missionary, cowgirl, and the like and you need something new to liven up your sex life, you will find that and much more in Sex Positions. This book has everything that you need if you are experienced with sex and are looking for something new. Here's what you'll discover in this book: The One Thing You
