

# Being Human A Christian Understanding Of Personhood Illustrated With Reference To Power Money Sex And Time

## **The Church of England Yearbook - 2003**

*Christian Attitudes to Marriage*

- Peter Everard Coleman 2004

A thorough exposition on the subject of Marriage; looking at the widest range of sources of the Christian attitude,

including Near Eastern and Classical as well as Biblical.

The ancient world struggled with the problem of marriage relationships, divorce, and support for women etc, in ways which largely determine the shape of Christian ethos. In *Christian Attitudes to Marriage*, Coleman brings together the separate

disciplines of the Old Testament, the New Testament and social history, creating a unique resource for students and academics with an interest in Christianity and sociology, as well as historical Christianity.

**A Lifetime in the Church and the University** - Anthony C. Thiselton 2014-12-15

"These recollections of a lifetime in the Church and in different universities give rise to a diverse series of anecdotes, which provide, first, some entertaining humor, second, a glimpse into both academic and church life, and third my attempted

# Being Human A Christian Understanding Of Personhood Illustrated With Reference To Power Money Sex And Time

contributions to Christian

From the Preface

theology. Teaching in five British universities, belonging to such church national bodies as fifteen years on the Church of England General Synod, twenty-eight years serving on the Doctrine Commission, and many years on other Church committees, as well as secular national bodies . . . has left a reservoir of diverse memories that some have thought worth sharing. At the beginning there is more about the providence of God and my own mistakes than anything else. These chapters begin with a relatively high ratio of entertainment, but become increasingly theological in the later chapters. Towards the end, my story concerns teaching in America, Korea, and elsewhere. Although the Church of England and British universities often provide a focus, my overseas doctoral graduates assure me that the story would be of international interest. Those who have read one of my twenty books (and three more to come) may also have a special interest in it."

## **Responding to God's Call -**

Jeremy Worthen 2012-09-30

□Formation□ has become an increasingly popular concept in the Christian churches in recent years. It is used frequently in relation to education and training for ministry, and also to describe the personal and spiritual growth of individuals and congregations. Yet until now it has lacked clear definition.

## **Responding to God's Call**

explores formation as the ways in which Christians are shaped for vocation, and the ways in which we hear and respond to God's call. This groundbreaking book is an essential resource for all with responsibility for nurturing discipleship and vocation - whether it is our shared call to grow into the fullness of our baptismal calling, or a distinctive vocation to ordained or lay ministry.

## **Ordained Local Ministry in the Church of England -**

Andrew Bowden 2012-06-14

Ordained Anglican ministry is changing rapidly. Soon the

## Being Human A Christian Understanding Of Personhood Illustrated With Reference To Power Money Sex And Time

majority of clergy are likely to be volunteers and, especially in rural areas, female. All mainstream Churches recognise that new contexts need new forms of ministry. Ordained Local Ministers (OLMs) are priests specifically called out by their local congregation and ordained to minister in that locality. Half the dioceses in England and elsewhere in the Anglican Communion including Australasia, Scotland and North America have established formal schemes to enable this type of ministry. Some dioceses believe the process has helped to revitalise parishes and raise the spiritual temperature of congregations. Others have called a halt, believing their schemes have somehow gone wrong or have not 'delivered'. The time has come for a calm assessment of available evidence about an experiment into which the Church has poured considerable time, effort and money over the last twenty years. Does it have ongoing value, or is it just one more

bright idea that has flourished for a season and has now had its day?

*Other Voices, Other Worlds* - Terry Brown 2006

Leading Anglican writers from around the world challenge the assumption that the communion is split between a liberal 'north' and an orthodox 'south'. Anglican churches worldwide are sharply divided on homosexuality. The dominant stereotype is that of a "global south" unanimously lined up against homosexuality as immoral and sinful, and of a liberal and decadent global north. The differences between the two sides are seen as fundamental, and irreconcilable. Nothing is further from the truth: homosexual behavior exists across the whole Anglican Communion, whether it is openly celebrated or quietly integrated into local churches and cultures. In this extraordinary book, in development for several years, this is exposed as a myth. Christians throughout Africa, Asia, and the developing world

## Being Human A Christian Understanding Of Personhood

### Illustrated With Reference To Power Money Sex And Time

~~—bishops, priests and religious,~~ both traditions. As well as academics and lay writers - providing more theological and open up dramatic new historical discussion, the book perspectives on familiar also offers personal accounts of arguments and debates. Topics include biblical interpretation, local, national, and international ecumenical sexuality and doctrine, local engagement by both Anglicans and Pentecostals. It is written history, sexuality and predominantly—although not personhood, the influence of other faiths, issues of exclusively—from a British colonialism and post- perspective. Even so, as the first major published dialogue between these two global persons in the church. Other Christian traditions, the book Voices, Other Worlds reveals will be of value to all interested the rich historical and cross- in Anglicanism, Pentecostalism, cultural complexity to same-sex and ecumenism. relationships, and injects **Contemporary Doctrine** dramatic new perspectives into **Classics** - 2005 a debate that has become stale and predictable.

**Anglicans and Pentecostals in Dialogue** - David Hilborn  
2023-09-22

This is the first comprehensive book on Anglican and Pentecostal ecumenical relations. It introduces both movements with a particular focus on their approaches to ecumenism, before exploring sacraments, ministry, ecclesiology, pneumatology, and mission with respect to

providing more theological and historical discussion, the book also offers personal accounts of local, national, and international ecumenical engagement by both Anglicans and Pentecostals. It is written predominantly—although not exclusively—from a British perspective. Even so, as the first major published dialogue between these two global Christian traditions, the book will be of value to all interested in Anglicanism, Pentecostalism, and ecumenism.

**Contemporary Doctrine Classics** - 2005

This volume brings together three classic books from the Church of England's Doctrine Commission: 'We Believe in God' (1987), 'We Believe in the Holy Spirit' (1991) and 'The Mystery of Salvation' (1996).

Approaching the Study of Theology - Anthony Thiselton  
2017-09-21

This introductory guide to philosophy of religion opens with an engaging history of the discipline, mapping the important landmarks and

**Being Human A Christian Understanding Of Personhood  
Illustrated With Reference To Power Money Sex And Time**

introducing the main areas of debate. The rest of the book falls into three parts: Part 1 describes the major approaches that have been developed by scholars over the centuries, which are still relevant today; Part 2 explains the main concepts and issues, highlighting their significance in the work of major thinkers; Part 3 provides a helpful glossary of all the key terms that readers need to understand in order to find their way around the subject.

**Can the Bible Mean Whatever We Want it to Mean?** - Anthony C. Thiselton  
2005

**Being Human** - Church of England. Doctrine Commission  
2003

A Doctrine Commission publication, this volume addresses what it means to be human from the perspective of the four key elements of power, money, sex and time. It combines classical Church teaching and biblical material with ideas from contemporary debates and sources.

*Being Human* - Martin Kitchen  
2003

**The Vocation of Theology Today** - Tom Greggs  
2013-02-08

What is the task of theology in a complex religious and secular world? What are theologians called to contribute to society, the churches, and the academy? Can theology be both fully faithful to Christian tradition and Scripture, and fully open to the challenges of the twenty-first century? In this book, an international team of contributors, including some of the best-known names in the field, respond to these questions in programmatic essays that set the direction for future debates about the vocation of theology. David Ford, in whose honor the collection is produced, has been for many years a key figure in articulating and shaping the role of contemporary theology. The contributors are his colleagues, collaborators, and former

## Being Human A Christian Understanding Of Personhood Illustrated With Reference To Power Money Sex And Time

students, and their essays engage in dialogue with his work. The main unifying feature of this exciting collection is not Ford's work per se, however, but a shared engagement with the pressing question of theology's vocation today.

**Decoding Mammon** - Peter Dominy 2012-10-22

Decoding Mammon is an exposition of the negative assessment of money implied in Jesus' statement, "You cannot serve God and Mammon." On the basis of the theology enshrined in the Old and New Testaments and in the long-term tradition of the church, it is claimed that problems associated with money do not arise simply from the way it is used, but from the nature of money itself. Despite the fact that money has enabled great economic development, and in contrast with the general consensus of governments, economists, and many theologians that money is either a positive or neutral instrument, the book seeks to show that money is a deeply

flawed instrument, created by fallen human beings, and fashioned over the years to suit the interests of those in power rather than the needs of people in general. It is argued that money should only be allowed to operate within severe restrictions, and that any reformulation of the global economy as a result of the recent financial crisis needs to be based on this understanding.

Theology of Money - Philip Goodchild 2009-06-01

Theology of Money is a philosophical inquiry into the nature and role of money in the contemporary world. Philip Goodchild reveals the significance of money as a dynamic social force by arguing that under its influence, moral evaluation is subordinated to economic valuation, which is essentially abstract and anarchic. His rigorous inquiry opens into a complex analysis of political economy, encompassing markets and capital, banks and the state, class divisions, accounting practices, and the

## Being Human A Christian Understanding Of Personhood Illustrated With Reference To Power Money Sex And Time

ecological crisis awaiting control on individuals, capitalism. Engaging with Christian theology and the thought of Carl Schmitt, Georg Simmel, Karl Marx, Adam Smith, and many others, Goodchild develops a theology of money based on four contentions, which he elaborates in depth. First, money has no intrinsic value; it is a promise of value, a crystallization of future hopes. Second, money is the supreme value in contemporary society. Third, the value of assets measured by money is always future-oriented, dependent on expectations about how much might be obtained for those assets at a later date. Since this value, when realized, will again depend on future expectations, the future is forever deferred. Financial value is essentially a degree of hope, expectation, trust, or credit. Fourth, money is created as debt, which involves a social obligation to work or make profits to repay the loan. As a system of debts, money imposes an immense and irresistible system of social

corporations, and governments, each of whom are threatened by economic failure if they refuse their obligations to the money system. This system of debt has progressively tightened its hold on all sectors and regions of global society. With *Theology of Money*, Goodchild aims to make conscious our collective faith and its dire implications. [The Right Use of Money](#) - David Darton 2004-07-14

This book is about money. Not about how to make money, but how to use it and use it well. A range of stimulating articles from leading international thinkers and writers forms a thought-provoking collection on how we can all use money to achieve positive social change.

**Kingdom Calling** - The Faith and Order Commission 2020-10-15

Kingdom Calling offers a compelling theological grounding for the vocation, ministry and discipleship of the whole people of God. Building creatively on previous studies, it challenges all of us to change

## Being Human A Christian Understanding Of Personhood

### Illustrated With Reference To Power Money Sex And Time

so that the whole church can better foster the vocation, ministry and discipleship of the whole people of God.

serve the whole mission of God in the whole of life. Kingdom Calling provides a thorough diagnosis of the theological factors that have prevented such a vision being realised over previous decades. These factors are embedded in the social realities of our everyday life and in the sometimes hidden assumptions that shape our thinking in the church. By setting out a sustained proposal for the renewal of our theological imagination, the report points the way to address some deep running fault lines in our common life. Written in an accessible style, Kingdom Calling looks in turn at the vocation, ministry and discipleship of all God's people, asking what kind of theological thinking and imagining might most help us to flourish together. It affirms and celebrates the vital lay and ordained ministry roles that support the church in God's mission, and it identifies changes in practice that can

### A Church for the Future -

Harold T. Lewis 2007-10

Examines current issues facing the Anglican Communion through the prism of the history of the Southern African church and people. Through this combined narrative of the global and local church, the author offers a remarkable story combining history, race, class and culture in Africa. He traces the paradigm shift in Anglicanism as its vitality moves beyond the borders of England and America to the global South, with all the theological implications. Today, South African Anglicanism attempts a middle way through crucial issues like HIV/AIDS, poverty, and human sexuality. Ideal for those interested in inculturation - the intersection of church, culture, and ethnicity.
