**Player** - Sarah Sutton

2023-08-29

Who knew fake dating the quarterback would be the key to the life I've always wanted? The second I turn eighteen, the only thing I want to do is skip town. My goal is to buy a van, make it livable, and spend the next year of my life on the road until I find someplace to settle for good. After being voted Most Likely To: Never Get A Boyfriend by the popular crowd at school, I'm ready to say bye-bye to mean girls, gossips, and bad memories, and hello to a fresh start by leaving Brentwood in the rearview mirror. But then I'm forced to move in with my uncle, my cousin buys the van I had my eyes on, and suddenly my freedom is now a graduation present held hostage until the end of the school year. There is one way to turn the situation

around, though... and that's to fake date the shy, quiet, emotionally reserved Brentwood High star quarterback, Landon Settler. If I can convince my cousin that I'm in love, he'll give me the van early, and my escape plan is back on. Landon's the perfect fake dating partner-he's voted Most Likely To: Never Get A Girlfriend by his friends, he doesn't talk back, and I'll help him make the girl he likes jealous while he turns into my one-way ticket to freedom. And unlike anyone else in the popular crowd, he's actually a little fun to be around. I just have to last until homecoming and not catch feelings for the freckled boy that blushes way too easily. But as we're continually forced to put on a lovey-dovey show for his friends-and get caught in increasingly compromised positions-keeping my feelings in check, and my eyes on the freedom prize, becomes easier said than done. Unfortunately, she's the kind of princess that's been hidden behind castle walls and needs saving-a lot of saving. But I'm willing to be her prince and save her every time. I just hope she wants to join my kingdom and have our happy ever after.

◆ Dating shouldn't be hard. You meet someone, have a conversation, and see where it goes from there, right? Hi, I'm Desirae Montano, and I'm horrible when it comes to the opposite sex. Then I meet Ryker Spiro in all his geeky charm, but he comes with a ton of baggage. I'm not entirely sure if I'm ready for the baggage he carries, yet he

*Against The Clock* - Brittany Kelley

I'll never date a football player- but all the veteran quarterback wants? Me. Daniel My life's defined by my long career as a quarterback. I'm determined to have a great season, because I'm not sure how many I have left. But when I slam into gorgeous reporter Kelsey Cole on the sidelines, my focus on the game takes a backseat to my fascination with her. She's tiny, smart, and fierce, and she makes me feel young again. Only one problem: she hates football-with good reason, too. Still, you don't become a champion quarterback without learning how to fight for what you want. Football's always come first, but Kelsey might be the one to change that. Kelsey The last thing I need is to get involved with huge and handsome quarterback Daniel Harrison. Under all those muscles he's hiding charm and a surprising intellect- an irresistible combination. I can't deny our chemistry, but I can't stand what he does for a living. Not to mention, once the

Conner and his stepsister are new to town, new to Talmore High, and very new to this whole step-sibling situation. As of three weeks ago they were only children...and now? Well, now their parents' newly wedded bliss is wreaking havoc with both of their lives. Not that Conner is worried. He might be the new kid but he's never had a problem being the big man on campus. Until now. No one at this school seems to have gotten the memo that he's beloved. The girls aren't swooning and the guys are looking for any excuse to kick his butt back to California. When his stepsister throws out the challenge, it's a no brainer. If he can make head cheerleader Rosalie "The Ice Queen" Farlow fall at his feet, he'll have it all. But then again, if he wins the bet...he'll lose her. And what's the use of having it all if he loses the only thing that matters? Author's Note: Though this is the first book of a duet, the romance is standalone and features a satisfying, swoonworthy HEA. The timelines of these two

books intersect, however, so be sure to read book one first to avoid any spoilers! Pathways to Successful Decision Making allows you to gauge which of the pathways is appropriate for a particular situation. This, in turn, can contribute an overall improvement in your happiness, relationships, finances, education, and employment. "Dr. Rodgers' breakthrough analysis of decision making should be mandatory reading for anyone managing people or negotiating transactions." - Hank Adler, C.P.A., accounting

professor, Chapman University, and retired partner, Deloitte & Touche "I think your formulaic approach to decision making will make it much easier for people to make correct choices. Your approach forces decision makers to address the role their own subjective feelings (perceptions) have upon the process. It thereby makes the choice much more objective and rational." -Randall L. Erickson, J.D., partner in the California office of Crowell & Moring and chair of the firm's construction group
