Sex Is Not the Problem (Lust Is) - A Study Guide for Women - Joshua Harris 2010-05-19

Celebrate Purity Overcoming lust is a process that requires diligent focus and accountability from others, and these in-depth guides help establish both. They're designed for a variety of settings, from one-on-one accountability partnerships to Sunday school classes. Sex Is Not the Problem (Lust Is) made the statement that lust is a human problem (not just a guy problem) and that Jesus can free anyone from its power. Going further, these gender-specific study guides feature questions and discussion starters that directly address the temptations unique to men and women. These resources are a must-have for anyone challenged to defeat lust and celebrate purity in their lives. Lust Is Not Just a Guy Problem Based on the bestselling message in Sex Is Not the Problem (Lust Is), Joshua and Shannon Harris offer a companion study guide specifically designed to address the issues women face. For use in a personal or group setting, this in-depth guide is a tool to help you apply the book's principles as you go further on your journey to holiness. "Sex Is Not the Problem (Lust Is) offers help and hope—not just for those who are dealing with sexual lust, but for anyone besieged by temptation of any kind." —Nancy Leigh DeMoss Author, host of the Revive Our Hearts radio program Includes a Modesty Heart-Check for Girls Each of the ten small-group sessions includes: • Easy Review: A quick chapter summary makes review simple. • Discussion Questions: Questions that serve as icebreakers, and then lead to deeper discussion and personal application. • Accountability Follow-Up: Questions to help check each other's progress in a truthful and caring setting. • Meditate and Memorize: Key Scriptures that will help women gain victory over lust. • Custom-Tailored Action Plan: Women will be led in a step-by-step formulation of an Action Plan, uniquely tailored to combat their specific battles. Story Behind the Book "I was preparing a message on lust when I realized that the book I wanted to consult hadn't been written. That book would make it clear that only Jesus Christ can free us from the hopeless treadmill of shame and guilt that so many well-intentioned people end up on. It would instill a love for holiness and a hatred for sin without dragging the reader's imagination through the gutter. And it would be for both men and women, because I've learned that lust isn't just a guy problem—it's a human problem." —Joshua Harris

Good Sex - Scarlett Dalton 2015-06-20

Good Sex - A Sex Guide For Women On How To Give Men What They Want and Keep Them Coming Back For More Sex itself is the silent cornerstone of human civilization. It is what leads to all things, life, pleasure, even hate and rage. It is that one topic that no matter how modern we have become, is still considered taboo, and yet at the same time it is also the one topic that we need to know most about. The concept of 'Good Sex' is a relative one, while there are definitions that will match with our understanding of the term, there are others that will conflict, usually these differences can be compromised with and dealt with, but in order to actually be able to do so you are going to need to be able to understand more than your definition of the word - you are going to have to be able to understand his. This book contains, in addition to a brief talk of sexual etiquette, the specific concepts that exist around the notion of 'Good Sex'. You see, while the notion itself may have definitions that are gender specific in nature, it is still a notion that can be constructed provided we build up to it with all the right materials and approached. These approaches and materials are what are discussed in each chapter, each segmented into different aspects, from toys to testing boundaries! This book is basically your 'how to' guide, for mind-blowing sex, and how to use that particular phenomenon to not just satisfy your man, but also how to leave them panting for more! [The Ultimate Guide to Orgasm for Women](#) - Mikaya Heart 2011-08-01

Owning our desires should be neither embarrassing nor uncomfortable. Nor should they be subject to anyone else's moral judgment of what is right or wrong, good or bad, normal or abnormal. Combining communication and information is the key. By shrugging off the taboos against talking about our preferences and experiences when we're being sexual, we will take the first and most important steps toward ensuring our own fulfillment. The Ultimate Guide to Orgasm for Women is an unflinchingly honest, responsible, and thoroughly comprehensive exploration of female sexuality. Topics include: The physical types of orgasm, such as electrical, flying, pounding, deep, waves, and blips; orgasm as an emotional release; the "elusive orgasm" and why some women have difficulty having one; how often we fake them and why; masturbation; multiple orgasms; the male-female dichotomy; penetration and the G-spot; defining the erotic; and the joy of sex toys.

[Read My Lips](#) - Debby Herbenick 2011-11-16

Many, if not most, people remain in the dark about the actual workings of the vagina and vulva. The primary purpose of Read My Lips is to educate women and men about the vulva and vagina in a manner that is smart, informative, and entertaining. Readers, both women and men alike, will come to think differently about women's genitals and become a little more curious and a lot more comfortable with them. They will learn more about the female body in terms of health, sex, pleasure, culture, and art. Though based on sound scientific and medical research, Read My Lips is accessible to the masses, so women and men who are curious about the clitoris, Brazilian waxing, labiaplasty, or whether the G-spot really exists, will find something of interest in these pages. Chapters focus on sex and the vulva/vagina which, in spite of the many interesting cultural and historical aspects of vulva and vagina lore, remains of central interest to many people - as it should, given that women's genitals, and how they work, especially in regard to sex, remain a mystery to so many well-intentioned lovers. In keeping with the overall theme of celebration and education, the authors take a sex-positive, pleasure-focused perspective on women's genitals, pointing out the parts that can help women to enjoy sex and feel more comfortable in their own bodies. Tips on technique will also be shared alongside information on vaginal health.

[The Good Girl's Guide to Great Sex](#) - Sheila Wray Gregoire 2012-03-06 Candid and contemporary, this book gives you a Christian place to turn for answers to your most intimate--and embarrassing--questions. Billions of people have had sex. Far fewer have made love. In The Good Girl's Guide to Great Sex, author Sheila Wray Gregoire helps women see how sexual intimacy was designed to be physically stupendous but also incredibly intimate. Whether you're about to walk down the aisle, newly married, or you've been married for decades, The Good Girl's Guide to Great Sex will lead you on a wonderful journey of discovery toward the amazing sex life God designed you for. With humor, research, and lots of anecdotes, author Sheila Wray Gregoire helps women see how our culture's version of sex, which concentrates on the physical above all else, makes sex shallow. God, on the other hand, intended sex to unite us physically, emotionally, and spiritually. Gregoire walks through these three aspects of sex, showing how to make each amazing, and how to overcome the roadblocks in each area we often encounter. Drawing on survey results from over 2,000 people, she also includes lots of voices from other Good Girls, giving insight into how other women have learned to truly enjoy sex in marriage.

[The Definitive Guide to Having Sex with Women in the 21st Century](#) - Sam Wilson 2020-06-12

This book is for both men and women to understand the interplay between sex, relationships, marriage and money in the 21st century. This is a book born out of a curiosity to understand what are the tipping points under which a woman will have sex with a man consensually out of wedlock. The 21st century is turning out to be one of the most difficult times to have enjoyable, guilt free sex, with most inter-gender interactions turning out to be like trying to solve an unbalanced power equation. We live in a time where the outgoing attention span of a woman is diminishing greatly, while the incoming attention has increased exponentially. In this book, you will learn about the three vertices of a Woman - Mind, Heart and Body. The path of least resistance to sex is to operate between the vertices of the mind and body without triggering the heart. You will learn about the four necessary conditions for sex to occur - Presence - You need to be present with her to have sex with her Discretion - Who else will come to know if she has sex with you, and how does that impact her? Attraction - Is she okay with your body being on hers? Logistics - Are you both in a safe location where sex can

occur? The book is filled with my real-life experiences with women over a 15-year span. I use these experiences throughout the book in order to support a point I make. And because of such a large time span and sample size, it will cover women of different ages. Hence it will help you no matter where you are in your sexual journey. So get ready to turn the pages into my past and come out with a whole new understanding of the world of women and sex in particular.

But if you're still going with the notion that simply kissing her neck or barely touching her will make her lubricated and ready-to-go, then it's time for a lesson in female sex. Women do not get immediately wet just as men get hard fast. Even after a woman starts getting wet, that doesn't mean she's ready for penetration. Women's arousal starts in the brain, which is why men should consider setting the mood far in advance of sexual play. So how do you ensure that she has the best experience in the bedroom and that her body produces the full benefits? This book will open your eyes to the most effective methods to get every woman horny and wet. You will also experience the best sexual experience ever.
