*Pastoral Care in the Small  
Membership Church* - James L.  
Killen 2005

An introduction to pastoral care for pastors of small membership churches. "If you spend your whole life serving small membership churches and doing it well, yours will have been a life well spent." Small membership churches have a real advantage when it comes to incorporating people into a fellowship where they are known and where their needs are met. These churches and their pastors have an opportunity for excellence in this area, and should make the most of it. Good pastoral care can be the key to effectiveness in all of the other ministries of the church. From getting acquainted with your

congregation, weddings and funerals, picking up on subtle cues in a conversation to not-so-subtle conflicts, Killen shares insights from years of ministry in a small membership church setting. James L. Killen, Jr. is a retired elder of the Texas Conference, contributor to Circuit Rider, and author of *Who Do You Say That I Am? A Personal Reader*.

important biomedical health care issues. Organ donation, managed care, the Human Genome Project, and medical technology that keeps people alive beyond their “natural” life span are some of the topics it illuminates through case analysis and resolution. Since almost all textbooks in bioethics omit the religious dimension of life (even though the field was inspired and stimulated by religious scholars at Princeton and Yale), this is an indispensable volume. While most people state their moral positions from the background of their religious traditions, many have not had the opportunity to study the relation between their faith perspectives and the difficult issues that arise in the pursuit of health care. This book shows the relevance, significance, and guidance that a faith perspective can offer for dealing with bioethical issues. This unique and thoughtful book: shows you how to distinguish and describe the relation between technical and ethical aspects of health-

related issues provides you with a framework of moral principles, theories, values, and faith viewpoints teaches you the defining characteristics of a moral professional-client relationship related to faith helps you to discern when medical ethics and faith commitments are therapeutic and when they are not gives examples describing a moral problem, a faith perspective, and a justified position on that problem Since bioethics has been an amazing story of growth from the 1950s to the present day and is still expanding, there will be changes. Bioethics from a Faith Perspective stimulates that expansion by including the religious dimension. It is the perfect supplement to the existing literature on the subject.

### **Ceremonies for Spiritual Healing and Growth** - Henry Close 2012-12-06

Ceremony as therapy Formal ceremonies seem to be universal in human experience, addressing something very deep and basic in the human psyche. They tap into that vast subconscious reservoir of wisdom and strength that every human being possesses. To these qualities ceremonies add their own understandings of life and of God. They emphasize the presence of God in all things. The important transitions in our lives inevitably create anxiety—even happy transitions, such as weddings. We move from the familiar to the unknown. Our role in the community may change, which means that we will be treated differently. Sometimes it is our own sense of who we are that changes. We seek to live differently. All of these changes have an

anxiety of their own. Ceremonies use the “languages” of the heart—metaphor, poetry, meditation, music, liturgy, and drama—to address those anxieties. Bypassing the sterility of logic and analysis, a ceremony evokes the power to affirm and to heal that straightforward rational communication cannot touch. A ceremony has the quality of set-apartness. Something special is happening! Words spoken in a ceremony will have much more impact than those same words would have in a more ordinary context. A ceremony brings new perspective to things with which we struggle. Many ceremonies enlist the support of one’s community. The leader often represents one’s spiritual tradition, and other members of the community may be present. Even if the ceremony is done in the privacy of one’s home or of a therapist’s or pastor’s office, others are present in the participant’s imagination. Ceremonies also involve God, whose presence is

## Heart Of Pastoral Counseling Healing Through Relationship

acknowledged and whose blessing and support are assured. The ceremonies presented here are down-to-earth and practical. They can easily be adapted to many situations, and can stimulate the reader to create his/her own ceremonies to meet the unique needs of the persons to whom he/she ministers. Some of the ceremonies in this book are for use in a public place: weddings funerals a ceremony for grieving Others are more private, for use in a pastor's/therapist's office or in one's home: adoption funeral for an aborted baby support for a rape survivor the commitment to stop smoking addressing children's phobias leaving home forgiving another person forgiving oneself and more This book is a first! Not just a discussion about ceremonies, but a collection of ceremonies addressing a wide variety of situations! It will be innovative and insightful reading for pastors, therapists, and others for whom the "languages" of analysis and logic are not enough.

Taking on the Gods - Merle R. Jordan 2001-11-13

Taking on the Gods explores a clinical theological approach to the treatment of individuals, couples, and families suffering from neurotic styles of life. second idolatry: becoming one's own Messiah, parts of the self are sacrificed to placate the false gods. The resulting personality distortions are the source of many emotional difficulties. Jordan discusses not only the role of pastoral counselors in helping clients confront their idols, but also the counselors responsibility to recognize their own false gods. Topics covered include: Pastoral Counseling as the Encounter Between Gods, The Implicit Religious Drama in Marital and Family Counseling, The Operational Theology of the 'Common Cold' - Depression, and Self-justification Versus Justification by Faith Through Grace. According to Jordan, helping people to 'take on their gods,' to free themselves to experience the loving God, is the heart of the pastoral counselor's task.

Ask Anything - Richard L

Dayringer 2014-01-14

Know how to answer those most-asked questions—by using a scriptural perspective. The search for answers remains a valuable catalyst for the growth of personal faith. *Ask Anything: A Pastoral Theology of Inquiry* provides a fresh approach to answering questions of personal growth, facing problems, and building community. The questions most asked of today's pastors and pastoral counselors are answered by integrating psychological with biblical/Christian perspectives. Jesus' own questions from scripture are presented as a response to those difficult questions, sparking a self-reflective personal dialogue that illuminates as well as inspires. As each of us journeys through life, urgent questions arise even for the most faithful. Each chapter of *Ask Anything: A Pastoral Theology of Inquiry* takes parishioners' most-asked questions about the basic issues of life, death, and faith, and connects them with Jesus'

questions from scripture, allowing a new depth of introspection and thought. These questions open a free flow of ideas that refreshes personal perspectives and leads to a spiritual resolution for the issue at hand. Jesus' teachings spring to life through the questions from the gospels and the probing thoughts of contemporary authors and scholars, stimulating a productive inner dialogue and positive direction for reflection. Each chapter is carefully referenced and includes helpful exercises and questions for group discussion, counseling conversations, or personal contemplation. Appendixes are included with complete listings of Jesus' questions from the gospels as well as a complete bibliography to facilitate further research. *Ask Anything: A Pastoral Theology of Inquiry* discusses these questions often asked of pastors: Where do I find meaning in life? How can I succeed? What can I do to protect my children? How can I know which leaders to trust? What can I do about my battle
