Under the Rainbow - John
Carlyle 2007-10-12

Actor John Carlyle got his big break in 1954. New to Hollywood, the twenty-three-year-old Carlyle was cast as the assistant director of the movie-within-a movie in George Cukor's *A Star is Born*. Although Carlyle's scene was later cut from the film — and his star status subsequently never materialized — the job brought him in touch with Judy Garland, who up until her death fifteen years later was Carlyle's friend and sometime lover. *Under the Rainbow* tells the story of this rocky but beloved relationship. No longer

the great star who first enthralled Carlyle as an adolescent, Garland — like many former headliners in the 1960s — lived an often desperate, hand-to-mouth existence that was eased only by pills and liquor. She turned to Carlyle for support, even with the hope of marrying the openly gay actor. He politely declined the opportunity of matrimony, but remained constant in his adoration of the star for the rest of his life. The author takes us on a rare, behind-the-scenes tour of gay Hollywood, with an intimate, often hilarious, star-studded memoir of the decline and end

The Great Gatsby - F. Scott Fitzgerald 1925

The 100 Most Influential World Leaders of All Time - Britannica Educational Publishing 2009-10-01

It takes a great deal of personal strength, charisma, and intelligence to lead others. Some leaders improve the lives of their fellow citizens while others rule with an iron fist, oblivious to the plight of others. This book covers the lives and agendas of leaders good and bad, those who history has justifiably vilified and others who will be cherished for years to come. Spain, a Global History - Luis Francisco Martinez Montes 2018-11-12

From the late fifteenth to the

nineteenth centuries, the **Babylon** Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was true not only in an economic sense-the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system-but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec

nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value

and money, Cervantes was writing Don Quixote, Velázquez was painting Las Meninas, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time. In the 1980s Michael Jackson was the most controversial figure in the world, generating fame that was greater in some places than that associated with either the US president or Jesus Christ. Dripping with ironies, and with the kind of text that really connects the hundreds of dots that Michael Jackson has tattooed into the world's consciousness, this is the first ever comprehensive and inclusive biography ever written about America's most bizarre superstar. Startling revelations about the Wizard of Odd.

New Individualist Review -

Milton Friedman 1981-05

Over its life the Review printed seminal writing on free market and conservative topics by remarkably mature students and by Russell Kirk, Ludwig von Mises, George Stigler, Benjamin Rogge, and other already established men. What characterized the Review writers was their rigor of thought and concern for principles, features that coexist naturally. —Chronicles Initially

sponsored by the University of

Chicago Chapter of the Intercollegiate Society of Individualists, the *New Individualist Review* was more than the usual "campus magazine." It declared itself "founded in a commitment to human liberty." Between 1961 and 1968, seventeen issues were published which attracted a national audience of readers. Its contributors spanned the libertarian-conservative spectrum, from F. A. Hayek and Ludwig von Mises to Richard M. Weaver and William F. Buckley, Jr. In his introduction to this reprint edition, Milton Friedman—one of the magazine's faculty advisors—writes that the Review set "an intellectual standard that has not yet, I believe, been matched by any of the more recent publications in the same philosophical tradition.

Creatures of Darkness - Gene D. Phillips 2021-03-17

"[An] exhaustively researched survey of Raymond Chandler's thorny relationship with Hollywood during the classic period of film noir." —Alain Silver, film producer and author Raymond Chandler's seven novels, including *The Big Sleep* (1939) and *The Long Goodbye* (1953), with their pessimism and grim realism, had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town, rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration

between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback*, and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking private eye, Philip Marlowe, has spawned a thousand imitations. *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-

J. Edgar Hoover & Clyde Tolson - Darwin Porter 2012

Darwin Porter's saga of power and corruption has a revelation on every page - cross-dressing, gay parties, sexual indiscretions, hustlers for sale, alliances with the Mafia, criminal activity by the FBI and an obsessive and voyeuristic interest in the sex lives of Washington and Hollywood celebrities, including Marilyn Monroe to Dwight D. Eisenhower, Katharine Hepburn and Martin Luther King, Jr.

guide to reclaiming your right to be idle. As Oscar Wilde said, doing nothing is hard work. The Protestant work ethic has most of us in its thrall, and the idlers of this world have the odds stacked against them. But here, at last, is a book that can help. From Tom Hodgkinson, editor of the *Idler*, comes *How to be Idle*, an antidote to the work-obsessed culture which puts so many obstacles between ourselves and our dreams. Hodgkinson presents us with a laid-back argument for a new contract between routine and chaos, an argument for experiencing life to the full and living in the moment. Ranging across a host of issues that may affect the modern idler - sleep, the world of work, pleasure and hedonism, relationships, bohemian living, revolution - he draws on the writings of such well-known apologists for idleness as Dr Johnson, Oscar Wilde, Robert Louis Stevenson and Nietzsche. His message is clear: take control of your life and reclaim your right to be idle. 'Well written, funny and

with a scholarly knowledge of the literature of laziness, it is both a book to be enjoyed at leisure and to change lives' *Sunday Times* 'In his life and in this book the author is 100 per cent on the side of the angels' *Literary Review* 'The book is so stuffed with wisdom and so stuffed with good jokes that I raced through it like a speed freak' *Independent on Sunday* Tom Hodgkinson is the founder and editor of *The Idler* and the author of *How to be Idle*, *How to be Free*, *The Idle Parent* and *Brave Old World*. In spring 2011 he founded *The Idler Academy* in London, a bookshop, coffeehouse and cultural centre which hosts literary events and offers courses in academic and practical subjects - from Latin to embroidery. Its motto is 'Liberty through Education'. Find out more at www.idler.co.uk.
