The Amazing World of Horses Midnight Edition Cindy Elsharouni 2016-08-04 After creating the first volume of "The Amazing World of Horses", I was inspired to create the "Midnight Edition". This edition is made with black or dark backgrounds to intensify the beautiful shape and form of each horse. Now you can focus on the colors of the horse and designs without using up your black mediums to fill in background space. So go to your favorite horse (or pegasus) page and release that inner artist. Happy Coloring!
