Confessions of a Frat Girl - Abigail Davies

Confession One: Musical theatre and chess were my true loves. I was a mixture of nerd and drama queen. I liked to think of myself as raspberry ripple ice cream. The perfect combination of sauce to creamy goodness. Confession Two: I was an adaptable kind of girl. Until it came to my dreams. Four years of hard work and I finally got into the college I'd fantasized about since I was a little girl. But sometimes things didn't work out how you wanted them to. One incident—and a Viking helmet—was all it took to have my aspirations snatched away at the end of my first year. And now I was here. In a state I hated. A second college I didn't want to go to. But no other

choices available. Confession Three: Alcohol was the enemy. All I wanted was to blow off some steam before I met my new fate. To let loose, and have a little fun. I was never meant to wake up in a hot guys bed and not remember how I got there. Confession Four: He was my new roommate. Running out of his house the morning after the night before was the last time I was meant to see him. I could forget it ever happened and start my sophomore year unscathed. Until I found out he was my new roommate...along with another thirty guys. I was the new frat girl in town, and life was about to get a whole lot of messy.

*On History and Memory in Arab Literature and Western Poetics* - Bootheina Majoul 2020-10-06  
Texts act like receptacles for an ever-present remembered past, or what the French philosopher Paul Ricoeur calls "the present representation of an absent thing". They might embody an efficient remedy to forgetting but could also become a vivid testimony for exorcised traumas. This volume focuses on Ricoeur's phenomenology of memory, epistemology of history, and hermeneutics of forgetting. A special emphasis is laid on the dissension between individual and collective institutional memory.

**Girl, Rise: A 31 Day Journal to Help You Rise Above Your Past and Rise Into the Powerful Woman You Are** - Michelle Lillie 2019-03-27

How many of us can agree that the huge reason we don't live the amazing life we are capable of living is because we are mentally and maybe physically stuck in our past experiences? Maybe you have dreams and goals, but you're a single mother, and you are doing what you can to just survive each day. Maybe you're divorced and the pain and words spoken over you are keeping you from thriving in life. Maybe you struggle with feeling like you're enough, and you feel true joy is so far out of your reach. Whatever your story may be, you too can rise and thrive you just have to choose it. The best way to move forward is to first write it all down. Get it out of your mind where it's been sitting for God knows how long, process it, and then move on. In this journal, we will be choosing to rise above it all every day of our lives from here on out. Why? Because GIRL, we deserve to be free from all the madness that has been holding us down and bringing thoughts of doubt into our minds for way too long! If

you've picked up this book, I have no doubt that you are tired and ready to see breakthrough in your life. But like Trent Shelton says, it all starts with YOU. You are fully capable of living the empowering life you desire, but it's going to take some self-discovering, self-reflecting, hard decision making and lots of chocolate with maybeeee some tears (a lot of tears if you're like me). The best thing I've learned in my crazy and unpredictable journey is to embrace every part of it. The embarrassing parts, the fun parts, the sad parts, the traumatic parts, the confusing parts, the desperate parts, and the unknowing parts of my story that lie ahead. So much of it is out of our control, and it's scary. But how you react to life IS IN YOUR CONTROL. No matter what comes your way, YOU DECIDE how it's going to affect the direction of your life. In my times of being sorry for myself and basking in my emotions, I learned that I had so much more control than I realized. I woke up one day, looked myself in the mirror and said, "GIRL, RISE." The joy I have discovered since then even when my life was in a hole is pretty darn awesome. Our goal is to have joy above happiness because joy is lasting. It's unshakable. It's not based off circumstance. It's a constant thing you carry inside of you no matter what. Happiness is temporary. It comes as quick as it goes. It's based off what's going on in each moment of your life. Happiness is a feeling. Joy is a choice. Life really is all about CHOOSING. I choose joy every day and by doing so I choose to rise above whatever comes my way. Do I always succeed? No. I'm human. And some things in life are so painful and hard to rise above and WILL TAKE TIME. But It's a mindset I work toward every day, and I hope you join me in doing so as well. Let's get started!

Slash - Vivian Gray

Slash is book 1 of the Savage Hearts MC trilogy. Books 2 and 3, Slash and Burn and Slash and Dominate are available everywhere now! I sold him my innocence. I just never thought he'd claim it like this. Brutal. Savage. Reckless. Wild. But there's no denying the truth: The bad boy owns me now. ERIN I'm in over my head. It just got out of control. And before I could stop it, things were happening that I was powerless to stop. I was on stage, barely dressed, while strange men offered cash bounties that made my jaw drop. Then a voice came out of the back that cut through the chaos and froze my blood in my veins. He said he'd own me... Whatever the cost. And that's when this nightmare truly began. Because the man who bought me is the devil incarnate. Slash is a bona fide killer, a ruthless biker bad boy with the ink and leather to match. His motorcycle roars like some demon from below. And those eyes... So hungry. So cruel. From the moment the door shut and we were alone together, I knew that this could end only

one way: With me on my knees, begging the bad boy to own me. SLASH There are enough bodies in my past to fill a morgue. Enough blood on my hands that I'll never truly be rid of it. I've sinned, I've killed, I've broken people and left them to suffer in the darkness and the silence. But it was all for the club. All of it - everything I've ever done - was in the name of the Savage Hearts MC. Until now. This time, my sins are for me and me alone. Because when I saw the girl on the stage, I knew I couldn't rest until I'd made her mine. Every woman in my past was nothing more than a toy to me. But Erin... She lit a fire I didn't know I had. It won't be enough to use her and throw her aside. I need to take her senseless, then put her on the back of my chopper and ride into the sunset. F\*\*k all this chaos. F\*\*k all this war. I'll brand this woman and put my baby in her so the whole damn world knows to keep their filthy hands off. But the underworld where I've spent my whole life isn't so eager to let us escape. There are men here who would love to see my head on a spike. Along with the heads of

everyone I've ever cared about. And when they find out about the girl I've brought into my home... They know I'm vulnerable now. That's when they come for us. So be it. Let them. I'm ready for one final war. And I'll slay them all to protect what's mine.
