*How to Attract Women* - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and pick up How to Attract Women RIGHT NOW!

No man wants to be with a girl they cannot control, submit, and believe 100% without doubt, the girl belongs to them, and only them. This book is something special. You will learn how to master control over your girl and through making her relive a past childhood experience, resort back to being the good little obedient girl she once was. When she gets to that place you'll set an anchor to have an instant on an off light switch to reset her back to being that little girl again, anytime she starts to act up, disobey, or not submit to your every wish. I'm telling you a lot here; you need this book more than you know. Tired of failed relationships? Tired of getting crapped on by girls? Tired of being taken advantage of? Tired of being pathetic? Maybe it is time you started being a man. It is time to step up your game and master girls at once, so you can live a happy life and keep your girl happy too. In this book you'll learn how covert hypnosis and hypnotic persuasion and how to apply it so you can indirectly hypnotize, manipulate, control, and train any girl you want to be fully obedient, subservient, and ready to do what you say. The best part she'll be happy assuming the female girl role and happy to obey the man who dominates her and controls her completely. It's a great feeling knowing you're in charge and knowing your girl has become 100% dependent on you, afraid to leave you, unable to make a single decision without your approval. A girl needs to be a girl and now you can make her one. Girl training takes a little bit of time and little knowledge to know what to do, but in the end it's all worth the effort, because you'll be happy and so will she. It's time for you to be a man. When you stop to think about it; there are so many benefits you'll gain from reading, learning, and applying this knowledge. You'll finally learn how to step up and be a man, and quit being a wussy.
