Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone

has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's *SignMates*. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

Apollo in the Age of Aquarius - Neil M. Maher 2017-03-27

Winner of the Eugene M. Emme Astronautical Literature Award A Bloomberg View Must-Read Book of the Year A Choice Outstanding Academic Title of the Year "A substance-rich, original on every page exploration of how the space program interacted with the environmental movement, and also with the peace and 'Whole Earth' movements of the 1960s." —Tyler Cowen, *Marginal Revolution* The summer of 1969 saw astronauts land on the moon for the first time and hippie hordes descend on Woodstock. This lively and original account of the space race makes the case that the conjunction of these two era-defining events was not entirely coincidental. With its lavishly funded mandate to put a man on the moon, the Apollo mission promised to reinvigorate a country that had lost its way. But a new breed of activists denounced it as a colossal waste of resources needed to solve pressing problems at home. Neil Maher reveals that there were actually unexpected synergies between the space program and the budding environmental, feminist and civil rights movements as photos from space galvanized environmentalists, women challenged the astronauts' boys club and NASA's engineers helped tackle inner city housing problems. Against a backdrop of Saturn V moonshots and Neil Armstrong's giant leap for mankind, *Apollo in the Age of Aquarius* brings the cultural politics of the space race back down to planet Earth. "As a child in the 1960s, I was aware of both NASA's achievements and social unrest, but unaware of the clashes between those two historical currents. Maher [captures] the maelstrom of the 1960s and 1970s as it collided with NASA's program for human spaceflight." —George Zamka, Colonel USMC (Ret.) and former NASA astronaut "NASA and Woodstock may now seem polarized, but this illuminating, original chronicle...traces multiple crosscurrents between them." —Nature

Spirit Junkie - Gabrielle Bernstein 2011-10-03

'Stylish, straight-talking and switched on... her tell-it-like-it-is tactics are attracting a new audience.' Sunday Times Style magazine In *Spirit Junkie*, Gabrielle Bernstein shares the story of her spiritual journey

and shows you how you, too, can overcome the fears that paralyse you and manifest the greatest joy in your life. Before she became an international bestselling author and teacher, Gabrielle Bernstein kept a journal of self-loathing, self-doubt and calorie consumption for more than twenty years. That all changed when she discovered *A Course in Miracles*, which taught her that much of what she feared in life was not frightening at all and, in many cases, not even real. Bernstein guides you through the life-changing lessons that she has lived and learned in three parts: · ‘The Detour into Fear’ explains how our minds go wrong and why we become accustomed to fearful ways of being. · ‘The Answer’ provides the necessary tools for reconditioning our minds back to peace and joy. · ‘The Miracle’ helps you maintain your happiness and share it with the world. By understanding and changing our perceptions, resentments will release, hang-ups will melt away and a renewed faith in joy will be reignited.
