They also found that with loving dialogue and open hearts, the couples had found ways to heal, grow, and deepen their commitment through, and not despite, their challenges. The Blooms distill this real-world wisdom into practical, positive actions any couple can take to achieve or regain not just a good marriage but a great one.

**Lasting Love** Gay Hendricks, Ph.D. 2004-01-17 In this long-awaited follow-up to their seminal *Conscious Loving*, Kathlyn and Gay Hendricks take on two of the most pressing problems that sap vitality and energy from our committed relationships: how to forge a closer relationship that still allows each partner full creative autonomy, and how to generate the passion and preserve the harmony essential to keeping long-term partnerships alive and blooming. *Lasting Love* grew out of the Hendricks' laboratory of their 23-year marriage as well as their 10-year study of more than 2,000 long-term, committed couples. They discovered that the most common couples conflicts could be traced to at least one of five root causes: \* An imbalance between the creative energy each partner contributes to the relationship \* A lack of emotional honesty \* An unwillingness to accept responsibility for everyday issues \* Deep-seated commitment problems \* A deficiency of daily appreciations Using these insights as a starting point, the Hendricks devised a program based on five vital actions that simultaneously lead to a deeper flow of intimacy between partners and greater creative freedom for each individual: \* Spend time expressing your own creativity rather than focusing on "fixing" your partner \* Eliminate the barrier to speaking and hearing the truth about everything \* Break the cycle of blame and criticism \* Make commitments you can really stand by \* Become a master of verbal and nonverbal appreciation Filled with helpful real-life scenarios and straightforward advice, *Lasting Love* is an essential guide for anyone involved in a long-term relationship who wants it not only to last but to flourish.

**A Relationship Is a Living Thing** Russell Crescimanno 2009-04 Many marital relationships that dissolve could survive, and even thrive, if the couple realized that there is an art and science to love and intimacy, and were willing to learn and practice it. This involves learning how to experience the difference between our ego and our Self. Quieting the mind through meditation, using methods both traditional and "home made," is the key to this experience. It is the felt sense of the deep Self within that moves us to choose to be kind or considerate when our egos would have us behave otherwise. When we extend ourselves in friendship, a genuine fondness for one another begins to grow which then nurtures the soul of our relationship. Cultivating these qualities promotes deep, spiritual partnership and long term intimacy. This book offers both principles and practices for those who feel they may be ready to engage this kind of soul-centered learning. Russell Crescimanno, Ph.D., is Professor Emeritus at Piedmont Virginia Community College. He has been teaching courses in sociology for forty years. One in particular, called Marriage and Family Relations, became his passion as both his personal life and the climate of the culture regarding marriage and divorce changed over time. He has also been a student and practitioner of the science of meditation and Self realization for twenty years. This work has complemented his specialization in the sociology of knowledge and his desire to understand how society shapes human consciousness, and therefore our relationships. Motivated by the growing divorce rate in the country, the painful stories of so many students who come from "broken" homes, and the dissolution of his first two marriages he has been increasingly invested in learning what it takes to keep love alive - and what we now know is sure to deaden it.

Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

**Be Loved for Who You Really Are** Judith Sherven 2014-10-14 Based on their 14 years together as relationship trainers working with over 100,000 singles and couples, Judith Sherven and James Sniechowski have developed a truly new and original way to approach relationships. Be Loved for Who You Really Are describes how differences between partners can be a source of understanding and intimacy, enhancing rather than destroying a relationship. Readers learn to recognize the process of understanding differences, and what is necessary to keep lovemaking and romance alive for a lifetime. Be Loved for Who You Really Are outlines a natural and predictable path that love requires, called the arc of love. Within this arc are four inevitable passages that enable the reader to better understand the challenges and pitfalls they will encounter, and to not confuse conflicts and tough times with disaster or failure. The idea of a "passage" is used because as love evolves between two people it requires that they face into and grow through a number of challenges. Those challenges are necessary for them to mature in the wisdom of their love and intimacy and in the day-to-day relationship they are co-creating. The four passages are: \*A Glimpse of What Is Possible, the wonderful time of falling in love when you actually see the perfection of your partner. \*The Clash of Differences, when your love is tested through the inevitable conflicts that emerge from your differences. \*The Magic of Differences, when those very same differences allow you to be respected and loved for the person you truly are. \*And The Grace of Deep Intimacy, when the passionate wonder of the beginning is now yours, through and through, and your love touches everyone you encounter. Unlike most relationship books, which are written primarily for women, Be Loved for Who You Really Are speaks to women and men equally. Judith & Jim underscore the fact that men are just as hungry for this kind of life-changing information. Throughout Be Loved for Who You Really Are, Judith and Jim provide inspiring examples that show how love lives between people, and that differences can actually be the key to the deepest connection being together has to offer.
