SignMates Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

Spirit Junkie Gabrielle Bernstein 2011-10-03 'Stylish, straight-talking and switched on... her tell-it-like-it-is tactics are attracting a new audience.' Sunday Times Style magazine In Spirit Junkie, Gabrielle Bernstein shares the story of her spiritual journey and shows you how you, too, can overcome the fears that paralyse you and manifest the greatest joy in your life. Before she became an international bestselling author and teacher, Gabrielle Bernstein kept a journal of self-loathing, self-doubt and calorie consumption for more than twenty years. That all changed when she discovered A Course in Miracles, which taught her that much of what she feared in life was not frightening at all and, in many cases, not even real. Bernstein guides you through the life-changing lessons that she has lived and learned in three parts: · 'The Detour into Fear' explains how our minds go wrong and why we become accustomed to fearful ways of being. · 'The Answer' provides the necessary tools for reconditioning our minds back to peace and joy. · 'The Miracle' helps you maintain your happiness and share it with the world. By understanding and changing our perceptions, resentments will release, hang-ups will melt away and a renewed faith in joy will be reignited.

Leo Ascendant Secrets Saket Shah 2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

The History of Love Nicole Krauss 2012-06-28 Leo Gursky is a man who fell in love at the age of ten and has been in love ever since. These days he is just about surviving life in America, tapping his radiator each evening to let his upstairs neighbour know he's still alive, drawing attention to himself at the milk counter of Starbucks. But life wasn't always like this: sixty years ago in the Polish village where he was born Leo fell in love with a young girl called Alma and wrote a book in honour of his love. These days he assumes that the book, and his dreams, are irretrievably lost, until one day they return to him in the form of a brown envelope. Meanwhile, a young girl, hoping to find a cure for her mother's loneliness, stumbles across a book that changed her mother's life and she goes in search of the author. Soon these and other worlds collide in *The History of Love*, a captivating story of the power of love, of loneliness and of survival.

On Sympathy Sophie Ratcliffe 2008-05-15 What happens when we engage with fictional characters? How do our imaginative engagements bear on our actions in the wider world? Moving between the literary and the philosophical, Sophie Ratcliffe considers the ways in which readers feel when they read, and how they understand ideas of feeling. *On Sympathy* uses dramatic monologues based on *The Tempest* as its focus, and broaches questions about fictional belief, morality, and the dynamics between readers, writers, and fictional characters. The book challenges conventionally accepted ideas of literary identification and sympathy, and asks why the idea of sympathy has been seen as so important to liberal humanist theories of literary value. Individual chapters on Robert Browning, W. H. Auden, and Samuel Beckett, who all drew on Shakespeare's late play, offer new readings of some major works, while the book's epilogue tackles questions of contemporary sympathy. Ranging from the nineteenth century to the present day, this important new study sets out to clarify and challenge current assumptions about reading and sympathetic belief, shedding new light on the idea and ideal of sympathy, the workings of affect and allusion, and the ethics of reading.

Victor Pemberton writes a compelling saga in *Leo's Girl*, a story of class divisions, romance and the Second World War. Perfect for fans of Dee Williams and Dilly Court. 'Lights down, tucked up snug you can almost hear air raid sirens as Pemberton spins another superb story of London folk during wartime' - Peterborough Evening Telegraph Twenty-six-year old Peggy Thornton is a middle-class girl living in

the heart of working-class Islington. Although she loves her parents, Peggy has always felt her home life to be narrow and claustrophobic so, when women are urged to help on the home front after the outbreak of the Second World War, she starts training as a conductor on a London Transport bus. Her parents are both appalled; it's hardly a fitting position for the daughter of a local magistrate. It is not just Peggy's parents who make her life difficult. Many of the bus crew haven't adjusted to women from their own class working let alone the likes of Peggy. And her relationship with Leo, who is most definitely from the wrong part of town, serves to create further tensions. It is only when the real enemy strikes, and a bomb explodes in the path of a bus, that these petty differences are cast aside, but, for some, it's too late to say sorry. What readers are saying about Victor Pemberton: 'Always a good and enjoyable read' 'An excellent read, [Victor Pemberton's] stories are always very authentic' 'Five stars'

Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. - Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.
