Getting Played - Jody Miller 2008-03-01
2010 Distinguished Contribution to Scholarship Book Award from the American Sociological Association; Race, Gender, and Class Section 2008 Finalist, The Society for the Study of Social Problems C. Wright Mills Award Much has been written about the challenges that face urban African American young men, but less is said about the harsh realities for African American young women in disadvantaged communities. Sexual harassment, sexual assault, dating violence, and even gang rape are not uncommon experiences. In *Getting Played*, sociologist Jody Miller presents a compelling picture of this dire social problem and explores how inextricably, and tragically, linked violence is to their daily lives in poor urban neighborhoods. Drawing from richly textured interviews with adolescent girls and boys, Miller brings a keen eye to the troubling realities of a world infused with danger and gender-based violence. These girls are isolated, ignored, and often victimized by those considered family and friends. Community institutions such as the police and schools that are meant to protect them often turn a blind eye, leaving girls to fend for themselves. Miller draws a vivid picture of the race and gender inequalities that harm these communities—and how these result in deeply and dangerously engrained beliefs about gender that teach youths to see such violence—rather than the result of broader social inequalities—as deserved due to individual girls' flawed characters, i.e., she deserved it. Through Miller's careful analysis of these engaging, often unsettling stories, *Getting Played* shows us not only how these young women are victimized, but how, despite vastly inadequate social support and opportunities, they struggle to navigate this dangerous terrain.

Karma - ENVY 2012-04-18

My future, My destiny, My focus, My life. —ENVY As long as I can remember, it seems like the excuses of men get weaker and weaker concerning them doing something wrong in a relationship. What can I say? Shit happens. Are women any different really than men are? What is next after the tables have turned! This is about how dishonesty plays a big part in our lives. For some reasons, some people find it

easier to tell a lie than to tell the truth. You decide. It begins. "I wish you would stop bugging me over and over again. I told you that I am not cheating on you! What the fuck do you want from me?" James kept saying over and over as he slammed the door and left again, claiming that he was playing cards with his friends, but I knew that he was going to go sleep with his ex-girlfriend. He knew that I knew, but I guess, to ease the pain, he thought it was necessary to lie about it! What fucking nerve did he have thinking that I didn't know what was going on? The door slammed and out he went. I sat on the couch and thought to myself, If he wants to play this game with me, then I will be the one with the last laugh, and when I laugh, everybody listens. When he left the house, I started packing and packing and I never looked back. I knew he was going to come to my job looking for me, but I had security get him out of the building at his first sighting. I really didn't want to see him or hear from him. At that point, I really didn't care if my co-workers knew or not what was going on with my personal situation as long as everyone knew that he and I were not a couple anymore. As a matter of fact, the ignorance of the people at this particular job probably already knew that he was doing this. After all, he worked over at the next building and they couldn't help not to see him in his so-called business lunches, which really was his time to sneak away and have sex with someone! One day, for the hell of it, I followed him, and he ended up at some apartment complex. It looked real shady, and I thought to myself, Wow, he really is taking this shit to another level coming down here. He actually stayed in the car and pulled out his cell phone and looked over his shoulder while making the call, and suddenly a tall black woman with a long blond wig showed up and got in his car. He then pulled off, and I pulled off behind the both of them. They pulled up into a cheesy motel, and both of them got out of the car. He walked up to the window, pulled out cash, and got the key! They went into the room, and I was sitting in my car with binoculars and I could see a good view until she got up and closed the curtains. I sat in my car, not really shocked at that point. I was just disappointed in men. Why do men let you down so much? Is flesh that weak that men just lie about the simplest

things or the simplest question? "Do you want me? Do you want to be with me? If you don't just tell me"—this is what the woman normally says, but is her question ever answered? No! Therefore we take things into our own hands. I am definitely going to meet someone and settle down, and when I do meet him, I will know. So long to James and his cheating ass! Let someone else deal with his shit. I sat there until they closed the curtains and knew that I made the right decision to follow him. He wasn't going to walk over me again. In my opinion, that was when I created my "bitchy" attitude. I was actually called this one day. It didn't seem to bother me because I wasn't considering myself a bitch. I just wasn't going to let someone think that I was going to be that person's doormat. My heart became dark, and cold. I am not saying that I was bitter, but I definitely didn't have any love for the men that came into my life. I thought in my mind that they all were the same at one point—spineless, greedy, and selfish. I must say I thought I knew James, but we were formerly introduced ab

What Makes Love Last? - John Gottman
2013-09-10

"One of the foremost relationship experts at work today applies the insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how partners can avoid or recover from unfaithfulness and maintain a loving relationship. Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle where he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological

Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely calculates any couple's loyalty level. The results determine a relationship's likely future, including the potential for one or both partners to stray. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of--"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. A Love You Can Trust guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship"--

engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

After the Affair - Janis A. Spring 1997-02-14
For the 70 percent of couples who have been affected by extramarital affairs, this is the only book to offer proven strategies for surviving the crisis and rebuilding the relationship -- written by a nationally known therapist considered an expert on infidelity. When I was 15, I was raped. That was nothing compared to your affair. The rapist was a stranger; you, I thought, were my best friend. There is nothing quite like the pain and shock caused when a partner has been unfaithful. The hurt partner often experiences a profound loss of self-respect and falls into a depression that can last for years. For the

relationship, infidelity is often a death blow. *After the Affair* is the first book to help readers survive this crisis. Written by a clinical psychologist who has been treating distressed couples for 22 years, it guides both hurt and unfaithful partners through the three stages of healing: Normalizing feelings, deciding whether to recommit and revitalizing the relationship. It provides proven, practical advice to help the couple change their behavior toward each other, cultivate trust and forgiveness and build a healthier, more conscious intimate partnership.

NOT "Just Friends" - Shirley Glass 2007-11-01
One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Told candidly in an engaging voice, *Frozen Pancakes and Fake Lashes* captures the tale of Everywoman's struggle to balance the overwhelming demands of marriage, career and new baby.
