How to Become the Man Every Woman Wants - Tatyana Jacques 2013-12

Why do some men find it easy to succeed with women...while others don't? What is the distinguishing feature between these two types of men? Individual differences...every man is attractive to specific women. Both men and women who might be considered unattractive to the average person succeed in attracting and winning highly desirable mates every day, everywhere. Your own experiences may suggest many such cases. Taste and preference in love is infinite. However, there is something in certain men that acts as a magnet in attracting different women! I have two pieces of news for you: one piece of news is good and the other is even better. 1. Good men are constantly in demand. Statistics show that for every single man there are several available women. In some countries there are ten or twenty available women to every single man. In reality women have to fight to get a good man. They have serious competition to win the heart of an eligible bachelor. 2. Age is no barrier. In comparison to their female counterparts, men in their later years who are of good character are much sought after. A good man can get a woman in any age group. Unfortunately, women fade quicker than men do. Often, their looks as well as their figure-shape diminish with age. How many books have been written on how to get or seduce a woman quickly? Many hundreds I would imagine-but what a waste of time! The secret formula for a successful man in the dating world is to become that good, attractive and desirable man. So, Let's Decode this Formula. Every woman likes good qualities in a man's personality, including confidence, honesty, power, generosity, as well as being resourceful and masculine. Also a sense of humor, the ability to lead with a combination of gentleness and kindness, and the ability to love and demonstrate commitment-yes, commitment-will attract most women. Even contemporary professional or businesswomen who have

focused on their careers throughout their lives want love and devotion. As evidenced in the movie Sex and the City, here is a good example of how, eventually, even "loose" women would have only one man in their lives, to be loved and be faithful to him alone. In addition, it is important to understand what a woman needs from a relationship, and what she values in a male. What qualities attract her to particular men, and what standards does she have? What does a man need to do to be delicately attuned to her ideals? One important element for any happy relationship (when a man chooses a woman) is that looks count, but his personality is what makes the woman stick around. The reality of attraction is finding out what works with different women. What draws women to a particular man and why do they choose to create a relationship with him? Another criteria for successful outcomes in dating for men is an ability to understand what qualities he is looking for in a woman when developing a relationship, and what level of commitment each party is prepared to invest in the relationship. Invest? Yes, creating a healthy relationship takes time, energy, affection, emotions, feelings and other resources. Some people fall in love many times throughout their lives. They become attracted to the opposite sex initially through appearance, but over time, they develop a loving relationship based on qualities of character and personality as well as values. Despite the fact that we all have our preferences when trying to attract the opposite sex, you have to remember, it is a male's personality and character traits that draw women like a magnet. Even money or a handsome appearance cannot help to build a good relationship with a desirable woman if the man is abusive, mean, or unfaithful. To become effective in dating, you may need to learn new behavior skills and develop a new attitude that will catch the attention of desirable women. By knowing the fundamental principles of what attracts females, you can then focus on becoming an attractive male yourself

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to

the spread of social justice and hashtag activism. *Game* was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, *Game* teaches you how to have pleasant face-to-face interactions with women. You'll learn... - How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date - The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to

know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.

Beyond the Breakup - Andrew Aitken 2015-04-21
Written by a man with extensive experience on the topic, *Beyond the Breakup* explains how men think about breakups, their ex-girlfriend, and how they perceive her behavior in the wake of a relationship's end. It also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Chapter List:

What's Your Next Move? Practical Strategies for Attracting and Dating Chinese Women - Ryan Hill
2016-12-09

A Summary of What You'll Learn From Reading this Book * You will learn to recognize and harness the Chinese concept of 'Anquangan' in order built trust with Chinese women and avoid rejection* You will learn the secrets on how to read and recognize if a Chinese woman likes

you* You will learn how to create a lifestyle where you can meet Chinese women in China or around the world* You will learn how to finally overcome your fears and meet random Chinese girls on the street and in everyday circumstances* How to optimize your chances on dating and instant messaging apps* How to plan killer dates* Learn little games and activities you can play to build chemistry * How to hold her hand without freaking her out* How to approach formal and informal relationships
Honest Disclaimer: This book does not go into detail on resolving relationship problems, breaking-up or issues that married couples may face. Focus instead is placed on how to start from zero, all the way up to creating a lifestyle where finding and meeting a Chinese girlfriend or lover is simple and easy. Are Chinese Girls Easy? The myth that Chinese girls are 'easy'. It runs deep in popular culture and even rings of Hollywood. Remember the Chinese girl pulling down Mark Zuckerberg's pants in the movie The Social Network? Picture a white guy with an attractive Chinese girl and a pimpled and pale geek comes to mind. A guy with next to no skill in seducing attractive women in his home country, and perhaps even a recent virgin. This popular stereotype is not uncommon. Men with limited dating success in their home country do significantly better when it comes to attracting and dating Chinese girls. I know this is fact because I have observed and experienced this phenomenon myself. However the myth I want to dispel in this book is that Chinese women are in some way 'easy' to sleep with, and the false assumption that Chinese girls will throw themselves or bend at the knees just at the sight of a foreign man. The Reality And well, while there are Chinese girls who may respond positively to this situation, my experience tells me they are rare. Of the many Chinese girls I have had the opportunity to meet and get to know over the past eight years, few were so 'easy' that they could be seduced on the same day of meeting. What's more, only a couple of girls have barely known me and slept with me purely on the basis of my status as a foreigner. In case you wish to know, I met both these girls on a local Chinese dating/pickup app and not in an offline setting. How You Should Really Behave With Chinese Women As such there are

processes and behavioral patterns you need to adhere to if you want to have a rich and successful dating life with Chinese girls. This book will provide a detailed overview of the five main stages of attraction, look at the common pitfalls of foreign guys and provide insight into the mind of modern-day Chinese women. In addition, I have detailed in depth different contexts in which you can meet Chinese women and how that environment can impact the situation. Most of all, this book will empower you to start making the right moves for the right situation to attract amazing Chinese women. Win Love Win Life is written for the guy who hungers to improve himself and acquire the perfect woman he desires. It's written for ANY man, young or old, who needs a little polishing around the edges to achieve his dreams! It's also a HUGE resource for women: understand how your husband or boyfriend thinks and learn what he needs and wants! I started writing this book as a time machine letter to my teenage self. It quickly took on a life of its own and I hope the collection of expert wisdom and shared life experiences helps give you the complete knowledge you crave to make your dreams become a reality. Senior year of high school I'd lay on my bed and wonder what my life would be

like in the future. I still hadn't landed a girlfriend at this point. Most of my friends had girlfriends and allegedly gotten laid already and I wondered if I ever would. I needed a step-by-step guide on not only how to pick up and date women but how to act "normal" and be "cool." I bought a copy of Eric Weber's How to Pick Up Girls and felt immediately ripped off as learned nothing from the outdated and misogynistic advice. I still didn't know how to successfully present myself so girls would be attracted to me and want to go out on dates. What I began to realize in my following college years is that repetition, bravery, and failure can breed strong self-confidence and magnetism (mojo). The blinders were lifted from my eyes and woman after woman would walk into my life. It was my total choice and personal actions to direct where these relationships went, exactly like the Choose Your Own Adventure books I used to read in grammar school. We truly do hold that much power in our lives with every decision - or indecision - writing our futures in real time. Instead of writing a faux-intellectual "how to pick up women" book filled with regurgitated hyperbole, I thought it would be more fun for you to gain insight through my personal experiences with dozens of women all-the-while absorbing tips and tricks interlaced between stories. Every story has multiple lessons you can glean wisdom from and implement immediately into your life. Acquiring your true love will take dating multiple women until you find a hottie that clicks with you. With the knowledge contained in this book I will teach you exactly how to make it happen and pave your road to achieve success in love and life. Start your journey to the Alpha kingdom and begin winning love and life!

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better

in bed. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
