### A Superstar Love Story - Saul Cuautle 2016-02-09

"Listen, I really like you." "Awww. I really like you too - you're such a good friend!" Those are words no one ever wants to hear. If you've ever uttered the words, "we're just friends," you know all too well the awkwardness of being in that situation. And if you've ever been told "we're just friends," you know the weird and embarrassing pain of telling your crush you want to take the relationship to the next level, only to be told they don't feel the same way. Many people from all walks of life face unrequited love and wind up in the "friend zone." What if I told you most people friend zone themselves? One of the reasons people end up being "just friends" is they are simply not attractive to the person they desire. Is it possible to get out the friend zone? Enter Angelo, an obese tech engineer in desperate need of losing 180 pounds of body fat. When

serendipity introduces him to super fit Jean, he's instantly placed inside the infamous friend zone. Ignoring countless rejection and logical reasoning, Angelo embarks on a mythical journey over three mountains. Never giving in to despair, Angelo's astonishing journey shows you how far willpower, perseverance and love can take you. And that nothing's over until it's over. More than a book about struggling with the mystery of the friend zone dilemma, this insightful true story is about breaking down self-imposed limitations about what's possible in love, life and fitness. It showcases you must stumble in order to triumph, and the transformative power of the human mind. Witty, inspirational and unflatteringly honest, this feel-good drama appeals to the very essence of why romantic relationships are so hard to be successful. And why they're worth the often painful pursuit. Whether you're in a relationship, looking for a relationship, or happily single, you'll walk away with a renewed faith in dating and relationships. From USA Today bestselling author Jennifer Sucevic comes a sexy, new adult sports romance. Sam Harper, left tackle for the Barnett Bulldogs, is my best friend and has been since we were fourteen years old.

Unfortunately, he sees himself as my unofficial big brother. Which is to say that the guy is a major cock block. I swear he has a sixth sense when it comes to me getting laid. It's frustrating how I can be on the verge of sealing the deal when Sam will appear out of nowhere, and suddenly my night is going up in a big ball of sexually frustrated flames. I think the guy enjoys messing with me. Why else would he take such perverse pleasure in doing it? Exactly. I'm thinking he needs a girlfriend. Someone to preoccupy him. Maybe then he'd stop trying to get in my way all the time. Except...I'm starting to notice things about Sam that I definitely shouldn't be noticing. Like those piercing blue eyes that pin me in place. Or his short blond hair that I want to drag my fingers through. Not to mention those killer abs that I sometimes catch a fleeting glimpse of when he stretches next to me in class. The strange feelings that have sprung up in me are definitely starting to freak me out. I mean, we're friends. We've always been just friends. And I don't want that to change. I don't want to take a chance and lose Sam. Next to my grandparents, he's all I have. What I need is for our relationship to slide back to the way it's always been. We have eight solid years of friendship behind us. That's not something I'm willing to throw away on a bit of sexual attraction that will eventually fizzle out. No matter how tempted I might be. --- "I absolutely loved this book! I rarely give a book five stars but this one turned out to be one of my favorites!" -Carla, GoodReads "Sam was definitely the hero of this book and is now one of my book boyfriends" - Nicole, GoodReads "Sam and Violet's friendship was rock solid and the way it turned into romantic feelings was so natural. **Why We Love** - Helen Fisher 2005-01-02

A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, Why We Love offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.

Dating Coach Rule Number 1: Don't fall for your client, especially if he's your best friend. Cole I don't suck at dating. I suck at getting over the girl who friend-zoned me back in college. But I have a plan: Let her set me up. Bomb the dates. Then she can be my dating coach and I can finally show her I'm the one for her and not that jerk boyfriend she's always crying on my shoulder about. Arianna I've had the same boyfriend for three years, which practically makes me a relationship expert. So when my famous best friend asks for my help, I know turning him into boyfriend material will be a piece of cake. I'll tell him to get a haircut, maybe open a few doors here and there and the guy will be golden. I mean, with all those muscles and jaw-dropping good looks, it really should be no problem. There's just one thing I didn't expect: to want him for myself. Friend Zone to End Zone is a sweet romance with no cheating.

This short but value-packed book is for men who want to stop being a nice guy who always doesn't get the girl he wants and wants to turn to the man who women she likes and love want to date and even be so much in love with. Let face the truth, being a nice guy sucks! And yes, I have been there before many years ago when I am the chief resident officer of the nice guy villa while thinking I am so nice, agreeable, affectionate, gentle on the women I want, subtle and many more good words that I think women should love me for. But the harsh reality I faced then showed me I was doing everything wrong, which makes the girls I want to date only want to be my friend and nothing more. It's cool to be nice, but you know that being nice and even ultimately being a nice guy isn't working for you. If you have always been that nice guy, this book tells you everything you need to stop being Mr. Nice Guy who doesn't get the girl he wants to the one who is still nice and gets all the girls he wants to date and have a relationship with. In this book, you will learn: My journey as a nice guy for years and how a nice guy screwed me up many times and what you should learn from my nice guy experience will cause you to get any girl you want from now on. Why being nice is a bad idea when you meet a girl you love to date. The qualities you need to start developing as a man to make sure you stop getting the results you are getting now from women like a nice guy. Insanity, they say, is doing the same thing all the time and expecting different results. In this book, you will learn all the new things you should be doing and the mindset you should develop to win as a nice guy. What women need that you don't know. These things are what have helped you get friend-zoned as a nice guy many times. In this book, you will learn what women need, and in giving them that, you increase your chance of dating them and even sleeping with them (if you want to). I have been the poster boy for a nice guy for years, and after being tired of getting the same "let's be friends" vibe from many women I love to date, I started digging to learn what I was doing wrong and what I should be doing to get the girls I want. The result of my many months of digging helped me for years to start dating hot women I would have never been able to date before I started fixing my nice guy problem. If I can overcome my nice guy problem, then why not share all I know with other nice guys out there who are seriously looking for a solution to stop being

a Mr. Nice Guy. The result of that, though, is this book. You will learn a lot about how not to be a nice guy again in this book, and I guarantee there will be a shift in result for good if you read this book and implement everything you will learn in the book.
