incredible life of Marcus Rashford, the world-famous soccer player and campaigner against childhood hunger. When Marcus was a kid, he had a family that loved him and a talent for soccer. His mum, Melanie, worked long hours to provide for her family, but sometimes she would go without food herself to make sure that her children had enough to eat. With his mum's support, Marcus pursued his dreams and progressed through the youth academy at Manchester United Football Club. He worked hard and trained for years to reach the top of the game, making his debut in the Premier League in 2016. But no matter how successful he became, he never forgot where he came from and his experience as a hungry child. When schools were closed during the Coronavirus pandemic of 2020, the situation left schoolchildren without free meals that they would have had. And so Marcus took it upon himself to lead a nationwide campaign to ensure that no child would go without food.

#1 NEW YORK TIMES BESTSELLER • Michelle

## I Am Malala How One Girl Stood Up For Education And

## Changed The World

Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to

expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters' swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous

initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?

when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, which is part memoir, part communal storytelling, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys -- girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person -- often a young person -- with hopes and dreams.

Malala's Magic Pencil - Malala Yousafzai 2017-10-17

As a child in Pakistan, Malala made a wish for a magic pencil that she could use to redraw reality. She would use it to give gifts to her family, to erase the smell from the rubbish dump near her house, to sleep an extra hour in the morning. As she grew older, Malala wished

for bigger and bigger things.

She saw a world that needed fixing. And even if she never found a magic pencil, Malala realized that she could still work hard every day to make her wishes come true. This beautifully illustrated picture book tells Malala's story, in her own words, for a younger audience and shows them the worldview that allowed her to hold on to hope and to make her voice heard even in the most difficult of times.
