50 Walks on the Essex Coast - Peter Caton 2016-11-28

A walking guide describing 50 walks along the Essex coast, the longest coastline of any English county. Peter Caton discovered the wonderful Essex coastline as he narrated his journey along its whole length, writing *Essex Coast Walk* (Matador, 2009). He now describes walks covering the entire publicly accessible coast, helping others to follow in his footsteps. Detailed route instructions are provided, along with high-quality maps, while background information and

colour photos add context and interest.

Following rivers, creeks and open sea, on paths, tracks and promenades, often with circuits completed across countryside, the walking and views are varied. There is much history and wildlife to be seen as the walker discovers picturesque villages, smugglers' haunts, nature reserves and little-known gems along the coast. Walks range from 2 to 15 miles, with most having different length options, plus the possibility of linking adjoining routes. Produced in full colour, *50 Walks on the Essex Coast* is an invitation for serious ramblers, or those looking for just an afternoon stroll, to discover the hidden magic of the Essex coast.

Suffolk Coast Walk - Peter Caton 2015-01-28
Combining travel writing with a walking guide, *Suffolk Coast Walk* provides a wonderful insight into this fascinating county and is the companion book to *Essex Coast Walk* by the same author. Peter Caton explores all 162 miles of Suffolk's unique coastline, describing the route for fellow walkers, with an engaging narrative that tells of the beauty, history and wildlife of this mysterious and varied coast. The reader is taken up and down Suffolk's remote creeks and rivers, past sandy beaches and huge expanses of shingle, through nature reserves, seaside resorts and tiny villages. We learn of the county's abundant wildlife, not just through its famous bird populations but also of equally interesting and less celebrated creatures, and how habitats are managed to balance the needs of nature and mankind. Throughout his journey, Peter uncovers many mysteries and considers the stories behind legends of Anne Boleyn, invading Germans, a half-man half-fish character, UFOs, Crazy Mary and bells tolling beneath the sea. He visits Suffolk's only island and takes a boat trip to investigate the secret world of Orford Ness. More than 100 colour and black & white photos illustrate the story of the walk and the beauty and atmosphere of county's remarkable coast. With maps at the start of each chapter, this is a book for those who enjoy a short stroll, a longer ramble or simply wish to follow the coast from the comfort of an armchair.

The Invention of Essex - Tim Burrows

2023-06-01

'A deeply sensitive and engaging portrait of a misunderstood county and its people' Financial Times, 'Books to Read in 2023' 'Celebrates the rich history and legacy of Essex' Daily Mail 'If you are interested in this remarkable microcosm of England, the book will grip you; if you aren't, it will make you realise that you jolly well should be.' Simon Heffer, Spectator Essex. A county

both famous and infamous: the stuff of tabloid headlines and reality television, consumer culture and right-wing politicians. England's dark id. But beyond the sensationalist headlines lies a strange and secret place with a rich history: of smugglers and private islands, artists and radicals, myths and legends. It's where the Peasants' Revolt began and the Empire Windrush docked. And - from political movements like Brexit to cultural events like TOWIE - where Essex leads, the rest of us often follow. Deeply researched and thoroughly engaging, The Invention of Essex shows that there is more to this fabled English county than meets the eye.
