

Interdisciplinary Research On Homosexuality In The Netherlands

Gay Studies from the French Cultures Rommel Mendès-Leite 1993 Now English-speaking readers can gain new access to valuable information on homosexuality and homosociality written by French-speaking scholars and researchers. *Gay Studies From the French Cultures* contains work taken from symposia held by the Research and Study Group on Homosociality and Homosexualities (GREH) in France over the past several years. GREH, founded by Mendès-Leite in 1986, is a forum and university network designed to open and enrich debate and interdisciplinary research on homosociality, homosexuality, and lesbianism. The chapters, all translated from their original French, represent a mosaic of scholars from Brazil, The Netherlands, Belgium, and Canada, as well as France, giving readers a broad perspective on the subject. Although authors share cultural roots and connections through GREH, the book contains a deliberate disparity of topics and points of view from French-speaking persons in the western hemisphere, seeking to heighten understanding through diversity. The book is divided into three parts: Theoretical Background, Lesbian History and Commentary, and Gay Male History and Commentary. Some of the various topics discussed include: theoretical background on sexualities and gender studies gay and lesbian history homosexuality and AIDS nineteenth century's French gay and lesbian history sociology of Brazilian homosexualities French-spoken Canadian history on sexualities historiographies An enlightening volume, *Gay Studies From the French Cultures* provides a bridge between English-language and Francophone research on homosexuality, increasing the knowledge, awareness, and understanding of a whole new group of readers.

Laboring For Rights Gerald Hunt 1999-10-15 How do unions around the world respond to issues raised by sexual minorities? Much has been written on labor's response to issues raised by women and racial minorities, but there has been little work done on labor's engagement with gays, lesbians, bisexuals, and the transgendered. The original essays in this collection attempt to fill that void by bringing together a group of experts who examine labor's response to such issues as benefits for same-sex partners, anti-discrimination language in collective agreements, and education. Speaking from a variety of racial backgrounds, sexual orientations, and political views, the contributors bring their unique personal perspectives and scholarly approaches to this groundbreaking book. The chapters included in *Laboring for Rights* give a global vision to the increasingly important subject of equity in the workplace. They offer a much-needed look at labor's involvement with current international workplace conditions from such diverse countries as the United States, Canada, Australia, Germany, Britain, France, the Netherlands, and South Africa, as well as parts of the South Pacific. Some of these countries have strong and progressive labor unions; some, like the U.S., have relatively weak labor organizations. But whatever the context, as these articles demonstrate, there seems to be a growing and in some instances prospering gay/lesbian labor alliance in many parts of the world. *Laboring for Rights* is a pioneering text in an important new area of labor study. It will engage readers interested in equality in the workplace, labor and organizational studies, gay and lesbian activism, and international, comparative studies.

Gay and Lesbian Asia Gerard Sullivan 2013-09-13 How do Asian cultures construct queer genders, sexualities, and eroticism? *Gay and Lesbian Asia* demonstrates the astonishing diversity of gay, lesbian, bisexual, and transgendered identities in countries including Korea, Thailand, Malaysia, China, India, Indonesia, Singapore, and the Philippines. Although many Asian cultures borrow the language of the West when discussing queerness, the attitudes, relationships, and roles described are quite different. *Gay and Lesbian Asia* discusses cultural issues as well as the unique political position of gays in Asian societies. For example, the Thai concept of phet--eroticized gender--is quite different from the Western view that classifies people by the sex of the partners they desire, not by their level of masculine or feminine traits. Similarly, some gay and lesbian Chinese people "come home" rather than "come out." By bringing their partners into the extended family, they can maintain the filial relationships that define them while being able to love whom they choose. The essays in *Gay and Lesbian Asia* cover a broad range of approaches and subjects: globalization theory exploring the political and cultural ramifications of the Western gay identity movement Foucauldian discourse on sexuality and sharply distinct erotic cultures political and cultural analyses of gay and lesbian comradeship and filial relationships in Chinese societies research on the "T" and "po" lesbians (similar to butch and femme) in Malaysian bars the formation of gay cybercommunities in Asia the effects of class distinctions on Jakarta lesbians studies of local historical forms of homoeroticism and transgenderism *Gay and Lesbian Asia* continues Haworth's landmark series of books on gay and lesbian issues in Asia and Australia. Along with *Tongzhi: Politics of Same-Sex Eroticism in Chinese Societies*; *Queer Asian Cinema*; *Multicultural Queer: Australian Narratives*; *Gays and Lesbians in Asia and the Pacific*; and *Lady Boys, Tom Boys, Rent Boys: Male and Female Homosexualities in Contemporary Thailand*, this book presents some of the most original, powerful current thought available on cultural, political, sexual, and gender issues for queer subcultures within Asian cultures.

Gay and Lesbian Literature Since World War II Sonya L Jones 2014-05-22 *Gay and Lesbian Literature Since World War II* chronicles the multifaceted explosion of gay and lesbian writing that has taken place in the second half of the twentieth century. Encompassing a wide range of subject matter and a balance of gay and lesbian concerns, it includes work by established scholars as well as young theoreticians and archivists who have initiated new areas of investigation. The contributors' examinations of this rich literary period make it easy to view the half-century from 1948 to 1998 as the Queer Renaissance. Included in *Gay and Lesbian Literature Since World War II* are critical and social analyses of literary movements, novels, short fiction, periodicals, and poetry as well as a look at the challenges of establishing a repository for lesbian cultural history. Specific chapters in this groundbreaking work trace the development of gay poetry in America after World War II; examine how AIDS is represented in the first four Latino novels to deal with the subject matter; and chronicle the birth of lesbian-feminist publishing in the 1970s--showing how it created a flourishing gay literature in the 1980s and 1990s. Other chapters: outline the history of *The Ladder* from its initial publication in 1956 as the official vehicle of the Daughters of Bilitis to its final issue as a privately published literary magazine in 1972 examine Baldwin's 1962 novel *Another Country* and discuss the complicated critical history of this work and its relation to Baldwin's literary reputation--racial, sexual, and political factors are taken into account chart how *Other Voices, Other Rooms*, by Truman Capote, and *The House of Breath*, by William Goyen, reveal contradictory genderings of male homosexuality--suggesting an absence of a unified model of mid-twentieth-century male homosexuality argue that the 1976 novel *Lover*, by Bertha Harris, can be considered an exemplary novel within discussions of both postmodern fiction and lesbian theory. (The author calls for Harris to be added to the group of writers such as Wittig, Anzaldúa, Lorde, and Winterson, who are discussed within the context of a postmodern lesbian narrative.) examine the short fiction of Canadian lesbian novelist Jane Rule in an effort to shed light on lesbian creative practice in the homophobic climate of postwar North America argue for an understanding of Dale Peck's novel *Martin and John* as an attempt to link two apparently different processes of import to contemporary male subjects through examination of the novel alongside selected passages from Nietzsche and Freud focus on the pragmatic issues of developing and maintaining accessible research venues from which to cultivate the study of racial and cultural diversity in lesbian lives Document the history of the Lesbian Herstory Archives, one of the first lesbian-specific collections in the world, from its birth in the early 1970s to the present.

Coming Out of the Classroom Closet Karen M Harbeck 2014-03-05 This landmark book empowers educators to become visible, positive influences and role models for gay and lesbian students in their classrooms and schools. As most homosexual educators, and even students, remain invisible due to possible hostilities of "coming out," this eye-opening book presents recent research to help gay and lesbian teachers break their silence. It encourages them to speak out on issues of homosexuality where curricula, civil rights, personal freedoms, and social entitlements are concerned. It promotes the development of school-based intervention for gay, lesbian, and bisexual students. While the controversy over education and homosexuality is one of the most personally threatening in this nation's history, the timely research presented in *Coming Out of the Classroom Closet* will hearten gay and lesbian educators to continue to strive for fair treatment as peers and for equal representation in educational materials. Pointing to reports of greater social support and legal protection than is assumed by most in the educational system, this book should be required reading for all persons concerned about continuing to provide high-quality education at all levels--college and university,

secondary, and even elementary. Chapters of *Coming Out of the Classroom Closet* look closely at many issues surrounding the issue of homosexuality in schools, including a history of treatment of gay and lesbian educators and their legal rights; effects of internalized homophobia on homosexual educators; gay and lesbian student's perceptions of their counselors and teachers ability to understand and help; beliefs, lack of knowledge, and lack of training of counselors and teachers about the needs of gay and lesbian youth; images of gays and lesbians in sexuality and health textbooks; important AIDS education; and the issue of homophobia.

Bulletin of the Public Affairs Information Service Public Affairs Information Service 1987

Interdisciplinary Research on Homosexuality in the Netherlands Lex van Naerssen 1987

Interdisciplinary Research on Homosexuality in the Netherlands A. X. van Naerssen 1987 Learn how a society can foster understanding and acceptance of homosexuality. This important and unique volume documents gay life in The Netherlands--from the early 1700s to the present. Respected scholars from The Netherlands provide a comprehensive insider's look at the presentation of homosexuality in Dutch instruction books for youths, constitutional protection against discrimination of gays, theories on homosexuality among leading Dutch therapists, lesbian emancipation, and much more.

Gays, Lesbians, and Consumer Behavior Daniel L. Wardlow 2014-01-02 Marketing practitioners have begun to target gays and lesbians as consumers, although little is known about their buying behavior, expectations in consumption, or of their treatment in the marketplace. *Gays, Lesbians, and Consumer Behavior* is the first attempt at presenting the roles, treatment, and expectations of gays and lesbians as consumers in the marketplace. It asserts that homosexuality often entails a fully elaborated lifestyle, many details of which revolve around, and reflect differences from, mainstream society. These findings are of practical value since consumers, businesses, channels of distribution, and media forms are all segmented, addressing a diversity of attitudes and behaviors and reaching consumers through targeted marketing. In *Gays, Lesbians, and Consumer Behavior*, Editor Daniel L. Wardlow brings together research which builds upon the theoretical and empirical bases of consumer behavior. Each chapter contributes to an understanding of consumption in the gay and lesbian subculture and raises a series of questions and ethical concerns to guide future research in this area. Chapters center on the four broad themes of consumption rituals, presentation through consumption, discrimination and tolerance, and application and accommodation. Specific topics covered include: ritualistic consumption in a sub-cultural context lesbian consumption of lesbian imagery discrimination issues in retail customer service and hotel reservations effects of homosexual imagery on advertising gift-giving behavior among homosexuals using marketing in HIV/AIDS prevention counseling market profiling and strategy suggestions accommodating gays and lesbians as consumers in the marketplace The research presented in *Gays, Lesbians, and Consumer Behavior* draws from a diverse collection of academic disciplines and fields of inquiry to present a glimpse at the consumption behavior of gay men, lesbians, and bisexuals, and at the marketing response to these different populations. As a pioneering effort, *Gays, Lesbians, and Consumer Behavior's* scope is not comprehensive, but deliberately broad to allow researchers to delineate avenues for subsequent research. Many of the chapters are empirical or descriptive in nature and contain insights for academic and practitioner alike. Academics in marketing, psychology, sociology, consumer behavior, gay and lesbian studies, and cultural anthropology will find this a valuable addition to their reading material. Marketing, advertising, and retailing professionals will be able to put the information and findings to practical use as they aim to reach more consumers and broaden their audience.

Psychopathology and Psychotherapy in Homosexuality Michael W. Ross 1988 An up-to-date review of the full range of affirmative treatments and therapies for lesbian and gay clients.

Male Intergenerational Intimacy Alex Van Naerssen 2013-09-13 This groundbreaking book presents new historical, legal, sociological, psychological, and cross-disciplinary research on male intergenerational intimacy. Experts thoroughly document and further the discussion about this area of research through historical and ethnological examples from different times and places, and aim to clarify how controversies about the subject have evolved in modern Western society. The editors of *Male Intergenerational Intimacy* have solicited original research and literature reviews which do not digress into emotional arguments for or against intergenerational intimacy but instead aim to establish the basics for a research-based scholarship. The contributors address the implications of intergenerational intimacy on a variety of levels--from friendship and companionship through sexual dimensions--and further analyze personal accounts to illustrate how individuals involved in intergenerational intimacy understand themselves and how they construct their concepts of intimacy and sexual identity. Contributors also deal with intergenerational intimacy behaviors that require counseling, treatment, and psychotherapeutic interventions from a positive approach. Finally, separate chapters deal with criminology issues and penal codes as they relate to the subject area.

Homosexuality in French History and Culture Jeffrey Merrick 2013-09-13 Deconstruct changing representations of homosexuality with this important new work of cultural criticism! *Homosexuality in French History and Culture* explores episodes, patterns, and images of same-sex attraction in France from the sixteenth to the twenty-first century, from the essays of Michel de Montaigne to pride parades in contemporary Paris. This groundbreaking book documents the ways homosexuality has been named, experienced, regulated, understood, and imagined. During these centuries, homosexuality has been stigmatized as a sin, crime, or disease, and denounced as a threat to social order and national identity. Yet the rhetoric of condemnation has always co-existed with the reality of toleration. This groundbreaking collection analyzes the ways in which persecutions, as well as differences within minority sexual subcultures, have highlighted stereotypes and anxieties about class and age differences, gendered roles, and separatism. *Homosexuality in French History and Culture* offers historical and literary studies based on a wide variety of sources, including: novels, plays, and poetry gossip and satires police reports medical texts travel literature newspapers and periodicals memoirs *Homosexuality in French History and Culture* combines fresh, creative re-interpretation of familiar texts with exciting new explorations of neglected historical episodes and cultures. It is a landmark of meticulous scholarship and rigorous theoretical analysis, and a vital resource for scholars of queer theory, French history and culture, and literary criticism.

Homosexuality and the Family Frederick. W. Bozett 2020-12-15 Disproving the notion that homosexuals are antifamily, this enlightening book details the variety of family forms in which gays and lesbians live and explores the effects of homosexuality on individuals in families and on the family as a whole. Little in the professional literature addresses the combined topics of homosexuality and the family, so practitioners, academicians, researchers, and students in various disciplines--counseling, gay studies, sociology, human sexuality, psychology, social work, law, and medicine--will discover a wealth of unique and useful material here. Arranged in a life history sequence that moves from adolescence to adulthood, this informative volume documents the responses of parents of gay children, wives of gay men, children of lesbian mothers, and gay fathers about their family lives.

Gay Community Survival in the New Millennium Michael R Botnick 2021-06-03 Understand the international challenges facing gay male societies! This eye-opening account examines the idealistic, structural, and emotional meanings of community within the gay population. *Gay Community Survival in the New Millennium* explores the concept of "gay community" as well as the problems and progress that these communities are facing in the United States, Canada, and Israel. As a community leader, gay rights advocate, or policymaker, you will gain insight into issues that must be addressed now in order to strengthen your own community. *Gay Community Survival in the New Millennium* explores many of the fractures in gay society that must be addressed to ensure progress in the gay liberation movements, including: racial and ethnic divisions in the gay community, especially based on HIV-positive and HIV-negative status, and programs that work to bridge this gap the rift between HIV-positive and HIV-negative gay men based on the allocation of money for social programs meant to support entire gay communities AIDSphobia, the irrational fear of contracting the virus and how it has affected gay communities the Israeli gay rights movement, which is visibly pursuing full and equal citizenship in Israel, including acceptance into the Israeli military projections for gay rights movements in the future if homophobia continues to exist the enormous power that would be created if all gay and AIDS social organizations in a given geographic region banded together to influence change in social policies and eliminate stereotypes *Gay Community Survival in the New Millennium* explores what it means to be a gay man in today's communities, from the fear of AIDS and the need for financing of gay men's social programs to forming a collective organization that will work for the gay men's liberation movements. This essential guide will provide you with suggestions to help you shape and successfully change your gay community.

Queer Sites David Higgs 2002-01-04 There are areas which can be described as gay space in that they have many lesbians and gays in the population. *Queerspace: A History of Urban Sexuality*, edited by David Higgs, offers a history of gay space in the major cities from the early modern period to the present. The book focuses on the changing nature of queer experience in London, Amsterdam, Rio de Janeiro, San Francisco, Paris, Lisbon and Moscow. This book provides an interdisciplinary analysis of extensive source material, including diaries, poems, legal accounts and journalism. By concentrating the importance of the city and varied meeting places such as parks, river walks, bathing places, the street, bars and even churches, the contributors explore the extent to which gay space existed, the degree of social collectiveness felt by those who used this space and their individual histories.

Gay Life in Dutch Society A. X. van Naerssen 1987 Learn how a society can foster understanding and acceptance of homosexuality. This important and unique volume documents gay life in The Netherlands—from the early 1700s to the present. Respected scholars from The Netherlands provide a comprehensive insider's look at the presentation of homosexuality in Dutch instruction books for youths, constitutional protection against discrimination of gays, theories on homosexuality among leading Dutch therapists, lesbian emancipation, and much more.

Reader's Guide to Lesbian and Gay Studies Timothy Murphy 2013-10-18 The *Reader's Guide to Lesbian and Gay Studies* surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology, social sciences, and education (Kinsey Report).

Gay and Lesbian Studies in Art History Whitney Davis 2013-11-19 Find original research and interpretive studies of the relations between homosexuality and the visual arts. Evidence for the role of homosexuality in artistic creation has often not survived, in part because the direct expression of homosexuality has often been condemned in Western societies. *Gay and Lesbian Studies in Art History* presents examples of contemporary art historical research on homoeroticism and homosexuality in the visual arts (chiefly painting and sculpture) of the Western tradition from the ancient to the modern periods. Chapters explore the dynamic interrelation of sexuality and visual art and emphasize problems of historical evidence and interpretation and the need to reconstruct social and cultural realities sometimes quite different from our own. *Gay and Lesbian Studies in Art History* addresses contemporary art historians' interest in studying sexuality in the visual arts, examining such questions as: What are some of the present-day reasons for, and problems of, this research? How is it related to other research areas within art history and to wider public debates about the meaning, value, and propriety of works of art? While the book examines a variety of research problems and theoretical perspectives, most chapters focus on the historical interpretation of a particular work of art, artist, or visual convention. Chapters present new documentation of the importance of homosexuality in the production and reception of artworks in the Western tradition, develop models for approaching the question of how sexuality and visual creation are related, and explore researchers' experiences and obligations in working in the area of gay and lesbian studies in art history today. Contributing authors stress problems of historical evidence and reconstruction; the social and cultural construction of homosexuality; and the active role of visual conventions in shaping perceptions of homosexuals, homosexuality, and homosexual desire. They discuss both the biography of artists and the significance of individual works of art and the social reception and circulation of works of art in the context of wider religious, legal, medical, political, and economic relations. The book may revise readers' beliefs about the significance and value of a number of works of art hitherto forgotten, neglected, under-appreciated, or misinterpreted. *Gay and Lesbian Studies in Art History* is an enlightening and informative book for art historians, museum professionals, scholars in the field of lesbian and gay studies, and art history students and professors.

Lesbian and Gay Studies Theo Sandfort 2000-07-19 This timely book seeks to demonstrate the coherence of lesbian and gay studies. It introduces the reader to the principal inter-disciplinary approaches in the field and critically assesses their strengths and weaknesses whilst asking: What is lesbian and gay studies? When did it emerge? And what are its achievements and research agenda? The gay and lesbian movement has emerged as a major political and cultural force. It poses a series of far reaching questions about the organization of identity, the operation of power and the limits of tolerance. *Lesbian and Gay Studies* has emerged as a vital and enriching field. It offers challenges to more traditional disciplines and requires new forms of thought about the connections between academic work and personal politics.

Gay Men and the Sexual History of the Political Left Gert Hekma 1995 Chapter authors are internationally recognized scholars who analyze key developments of the attitudes and policies of leftist thinkers, parties, and regimes toward homosexuality in Western Europe, the Soviet Union, and the United States.

Sexuality and Human Rights Phillip Tahmindjis 2014-05-22 Finally—a comparative overview of sexuality and human rights issues and law! Human rights issues exist globally, particularly when they have to do with sexuality. *Sexuality and Human Rights: A Global Overview* focuses on the controversial issues of human sexuality and the legal challenges that LGBT individuals face. Internationally recognized legal experts thoroughly discuss the status of important human rights laws pertaining to sexuality from around the world. Reviewing the progression from historical foundations and shifting public opinions through the most recent landmark legal cases, this is an essential resource on the present state of human rights laws and sexuality. This unique, up-to-date examination of the legal issues involving LGBT individuals' rights around the world reviews the latest rulings, such as the adoption of minors by homosexual or bisexual parents, the legal acceptance of marriage between same-sex couples, whether the gender-reassigned can be legally considered their true gender identity, and much, much more. *Sexuality and Human Rights: A Global Overview* illustrates the journey our worldwide legal systems have traveled, and the path stretching before them, until the destination of equality and acceptance in sexuality may finally be reached. Well-referenced, comprehensive, and yet accessible to the general reader, this book provides a crucial, provocative look at just what basic sexual human rights means in today's laws. Some of the topics of *Sexuality and Human Rights: A Global Overview* include: perspectives and objectives to challenge discrimination sexuality and international human rights law sexuality and human

rights in Australian law transsexuals issues in European human rights law sexual orientation and gender identity legal issues in North America the present state of sexuality and human rights in European law the Asian legal perspective on sexuality and human rights laws pertaining to sexual identity issues *Sexuality and Human Rights: A Global Overview* is a vital reference source for law educators, law students, gay rights activists, and law reformers.

Homosexuality and Male Bonding in Pre-Nazi Germany Hubert Kennedy 2013-09-13 This is a landmark publication featuring English translations of selections from the early gay German journal, *Der Eigene*. This collection, previously scattered and difficult to read in the original German, allows readers direct access to primary source material on the early gay movement. Neglected for years, these articles provide insight into the early gay movement, particularly in its relation to the various political currents in pre-World War II Germany. Simultaneously, the essays are relevant to current discussions and debates in contemporary gay, women's, and youth movements. Masterly introductory and concluding essays add additional insight by placing the articles in their historical context, discussing their past and current significance, and drawing lessons for the future. Readers of all levels of sophistication will find this anthology a fascinating look at homosexuality in early years.

Eclectic Views on Gay Male Pornography Todd G. Morrison 2004 Open any gay lifestyle magazine (even the serious ones) or go to any gay bar, and you're likely to encounter something related to pornography, be it an image of a porn superstar or advertisements for pornographic magazines, DVDs, calendars, etc. Given that it is an omnipresent feature of gay male culture, one might assume that gay pornography has received considerable attention from academics. Yet, surprisingly, even those with a professed interest in gay studies have neglected this medium. This book addresses that omission with a series of provocative essays devoted to the topic. Contributors from the fields of history, law, media studies, psychology, and more explore the complex world of male pornography and the various ways in which it permeates gay culture.

Equality for Same-Sex Couples Yuval Merin 2010-02-15 During the past three decades, nations all over the world have been debating whether to allow same-sex couples to marry, or at least grant these couples various rights associated with marriage. In *Equality for Same-Sex Couples*, Yuval Merin presents the first comparative study of the legal regulation of same-sex partnerships worldwide, as well as a unique survey of the status of same-sex couples in Europe. Merin begins by providing a historical overview of the transformation of marriage from antiquity to the present. He then identifies and critically compares four principal models for the legal regulation and recognition of same-sex partnerships: civil marriage, registered partnership, domestic partnership, and cohabitation. Merin concludes that all of the models except civil marriage discriminate against gays and lesbians just as the "separate but equal" doctrine discriminated against African Americans; thus, so-called alternatives to marriage, even if they provide the same rights and benefits as marriage, are inherently unequal and therefore unconstitutional.

Gay and Lesbian Youth Gilbert Herdt 2013-11-12 Here is a pioneering volume that explores adolescent homosexuality around the world. Social scientists examine the personal experiences of gay and lesbian teenagers from culture to culture and address the problems and obstacles these young people face. The changing contexts, values, and goals of societies worldwide are affecting how these adolescents adapt to being homosexual, and this compelling book gives keen insight into how changes in the United States contrast with changes elsewhere. A unique and thorough description of the identities, situations, and relationships of homosexual teens in many societies, *Gay and Lesbian Youth* will help social scientists, health care professionals, counselors, gay teenagers, and their parents to better understand the similarities of the problems facing these youth, while recognizing the minor differences in their social and personal situations. How do the personal experiences of gay and lesbian teenagers vary from culture to culture? Here is the best, most complete description of the identities, situations, and relationships of homosexual teens in many societies. The changing contexts, values, and goals of societies worldwide are affecting how these adolescents adapt to being homosexual, and this compelling book gives keen insight into how changes in the United States contrast with changes elsewhere. Social scientists, health care professionals, counselors, gay teenagers, and their parents will better understand the similarities of the problems facing these youth, while recognizing the minor differences in their social and personal situations. These differences must be understood by interpreting the adaptations of gay and bisexual teenagers around the world.

Male Same-sex Sexuality and HIV in Sub-Saharan Africa Theo Sandfort 2021-06-20 This book addresses the impact of HIV on populations of men who have sex with men in Africa and local responses to the issue. It documents the enduring existence of a rich variety of same-sex practices between men. More critically, it analyses how the denial and social rejection of same-sex sexuality, together with the legacy of criminalization by former colonial rulers, has not only fueled the transmission of HIV between men, but has also impeded an effective response. The book also documents some of the outstanding progress that has been made and acknowledges the differences between African countries. Through its focus on lived realities and grassroots activism in Africa, this book will appeal to researchers, policy makers and practitioners alike.

Homosexuality in Renaissance and Enlightenment England Claude J Summers 2013-11-26 This new book significantly contributes to an increased understanding of the gay and lesbian experience as it illuminates important works of literature and clarifies the status of same-sex desire in English literature from 1500--1760. Homosexual themes can be found throughout the literature of the English Renaissance and Enlightenment, but only rarely are they direct and unambiguous. The essays here are engaged in a vital and necessary process of re-historicizing and re-contextualizing literature. Utilizing a variety of critical methods and proceeding from several different theoretical and ideological presuppositions, these essays raise important questions about the methodology of gay studies, about the conception of same-sex desire, about the depiction of homoerotics, and about the relationship of sexuality and textuality, even as they shed new light on the homosexual import of a number of significant works of literature. Among the authors studied are Christopher Marlowe, William Shakespeare, John Donne, Lady Mary Wroth, Katherine Philips, Aphra Behn, John Cleland, and Thomas Gray. The collection attests both the current intellectual ferment in gay studies and the richness of English Renaissance and eighteenth-century literary representations of homosexuality. *Homosexuality in Renaissance and Enlightenment England* provides numerous insights into important works of literature and into significant theoretical issues implicit in the process of discerning and defining homosexuality in texts of earlier ages. All the contributors locate their texts in carefully delineated cultural and historical milieux. But they are not unduly constrained by either the tyranny of theory or the anxieties of anachronism. Rather than proceeding from hidebound or fashionably current ideologies, they sift the texts they study for the concrete evidence from which theories of sexuality might be constructed or modified. Hence, the collection will be valuable both for its practical criticism and for its theoretical contributions. It vividly illustrates the variety of gay studies in literature, especially as applied to works of earlier ages.

Sex and Reason Richard A. Posner 2009-07-01 Sexual drives are rooted in biology, but we don't act on them blindly. Indeed, as the eminently readable judge and legal scholar Richard Posner shows, we make quite rational choices about sex, based on the costs and benefits perceived. Drawing on the fields of biology, law, history, religion, and economics, this sweeping study examines societies from ancient Greece to today's Sweden and issues from masturbation, incest taboos, date rape, and gay marriage to Baby M. The first comprehensive approach to sexuality and its social controls, Posner's rational choice theory surprises, explains, predicts, and totally absorbs.

Queer Asian Cinema Andrew Grossman 2018-10-24 Explore queer themes in films from Hong Kong gangster flicks to Bollywood melodramas! Although Asian films have reached a new height in popularity worldwide,

Queer Asian Cinema: Shadows in the Shade is the first full-length book in English solely devoted to examining the aesthetics and politics of homosexuality in Asian films. This unique book presents multiple points of view on the portrayal of gay, lesbian, and transgendered people in film throughout Asia. From the subversive sadomasochism of Japan's "pink films" to the hard-boiled world of Hong Kong's gangster movies, Queer Asian Cinema analyzes and discusses attitudes toward homosexuality in the full spectrum of Asian film. In addition to studies of the representation of identified gay men, lesbians, and transgendered individuals, it reveals the hidden homoerotic subtext of otherwise conventional films. Queer Asian Cinema: Shadows in the Shade examines diverse aspects of Asian films, including: the political and psychological links between feudal and sadomasochist hierarchies the inevitable punishment of homoerotic bonds in gangster films the integration of the homosexual couple into the Confucian family structure in Korean films the complexities of cross-gender casting the differences between transvestism and cross-dressing the definition of male genitalia as obscene Queer Asian Cinema: Shadows in the Shade brings together experts in both film-making and movie criticism, providing a balanced viewpoint to unite the worlds of academic and popular perceptions on this subject. It opens an exciting discussion of this important and largely neglected area of cinematic discourse.

Second ILGA Pink Book International Lesbian and Gay Association 1988 Bundeling van artikelen en overzichten met betrekking tot de situatie van homoseksuelen en hun emancipatie over de hele wereld.

Gay and Lesbian Studies Henry L. Minton 1992 This important new book marks the coming of age of gay and lesbian studies programs at colleges and universities worldwide by documenting the dramatic changes that have occurred in the nature and goals of gay and lesbian studies. Gay and Lesbian Studies chronicles the development of gay and lesbian studies from its earliest development in European universities to the establishment of the Gay and Lesbian Studies Department at City College of San Francisco--the first gay and lesbian studies department at an American college. Authoritative contributors bring a variety of perspectives to the nature of the gay and lesbian studies discipline. Important topics in the book include discussions of the historical and theoretical context of gay and lesbian studies, conceptual issues, practical aspects of teaching and developing programs, and political issues and implications. The broad scope of this informative volume encompasses the field of gay and lesbian studies as well as the debate over whether this is one integrated discipline or two distinct ones. Gay and Lesbian Studies provides essential information for studying the growth of gay and lesbian studies and the issues affecting its development. Some of the highlights of this seminal book include problems in defining the terms homosexual, homosexuality, gay, and lesbian, how sexual identity plays a unique and central role in informing and structuring the reading of texts, first-hand accounts of the issues involved in teaching courses and developing programs in gay and lesbian studies, how the first gay and lesbian studies department began at City College of San Francisco, and the role of community-based historians in reclaiming the lesbian and gay past. At this critical time in the midst of groundbreaking developments, this exciting new book provides an invaluable resource for the current state of the field of gay and lesbian studies.

Encyclopedia of Homosexuality Wayne R. Dynes 2016-03-22 First published in 1990, The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were, at the time of this book's original publication, classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality, and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial, and often contradictory, at that time, and refer to issues and difficulties that still exist today. This volume contains entries from M-Z.

Gay and Lesbian Rights Richard Peddicord 1996 'This book is unique in setting the question of homosexuality in its historical, legal, political, and religious contexts in North America. It is no longer possible in Catholic ethics to address sexual morality with a model of absolute moral norms, immune from the ambiguities and complexities social justice issues introduce. Peddicord looks at the personal and social sides of homosexuality, and fairly examines all sides of the Roman Catholic response.' --Lisa Sowle Cahill, Boston College

You'll learn how to choose the best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Interdisciplinary Research On Homosexuality In The Netherlands eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Interdisciplinary Research On Homosexuality In The Netherlands

Before you embark on your journey to find Interdisciplinary Research On Homosexuality In The Netherlands online, it's essential to grasp the concept of Interdisciplinary Research On Homosexuality In The Netherlands eBook formats. Interdisciplinary Research On Homosexuality In The Netherlands come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Interdisciplinary Research On Homosexuality In The Netherlands eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Interdisciplinary Research On Homosexuality In The Netherlands eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with

popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Interdisciplinary Research On Homosexuality In The Netherlands eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find Interdisciplinary Research On Homosexuality In The Netherlands eBooks in these formats.

Interdisciplinary Research On Homosexuality In The Netherlands eBook Websites and Repositories

One of the primary ways to find Interdisciplinary Research On Homosexuality In The Netherlands eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Interdisciplinary Research On Homosexuality In The Netherlands eBook and discuss important considerations of Interdisciplinary Research On Homosexuality In The Netherlands.

Popular eBook Websites

ManyBooks offers a diverse collection of eBooks, including fiction, non-fiction, and self-help titles.

Users can choose from various formats, making it compatible with different eReaders.

The website also features user-generated reviews and ratings.

6. *Smashwords*:

Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Interdisciplinary Research On Homosexuality In The Netherlands Legal Considerations

While these Interdisciplinary Research On Homosexuality In The Netherlands eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Interdisciplinary Research On Homosexuality In The Netherlands eBooks. Public domain Interdisciplinary Research On Homosexuality In The Netherlands eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Interdisciplinary Research On Homosexuality In The Netherlands eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Interdisciplinary Research On Homosexuality In The Netherlands eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Interdisciplinary Research On Homosexuality In The Netherlands eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Interdisciplinary Research On Homosexuality In The Netherlands eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Interdisciplinary Research On Homosexuality In The Netherlands eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Interdisciplinary Research On Homosexuality In The Netherlands eBooks online.

Interdisciplinary Research On Homosexuality In The Netherlands eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Interdisciplinary Research On Homosexuality In The Netherlands across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Interdisciplinary Research On Homosexuality In The Netherlands

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Interdisciplinary Research On Homosexuality In The Netherlands, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Interdisciplinary Research On Homosexuality In The Netherlands for an exact phrase or book title, enclose it in quotation marks. For example, "Interdisciplinary Research On Homosexuality In The Netherlands."

3. Interdisciplinary Research On Homosexuality In The Netherlands Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Interdisciplinary Research On Homosexuality In The Netherlands eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Interdisciplinary Research On Homosexuality In The Netherlands in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Interdisciplinary Research On Homosexuality In The Netherlands available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Interdisciplinary Research On Homosexuality In The Netherlands.

You can search by title Interdisciplinary Research On Homosexuality In The Netherlands, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for Interdisciplinary Research On Homosexuality In The Netherlands and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Interdisciplinary Research On Homosexuality In The Netherlands, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles Interdisciplinary Research On Homosexuality In The Netherlands or genres. They serve as powerful tools in your quest for the perfect eBook.

Interdisciplinary Research On Homosexuality In The Netherlands eBook Torrenting and Sharing Sites

Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Interdisciplinary Research On Homosexuality In The Netherlands Torrenting vs. Legal Alternatives

Interdisciplinary Research On Homosexuality In The Netherlands Torrenting Sites:

Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download Interdisciplinary Research On Homosexuality In The Netherlands eBooks directly from one another.

While these sites offer Interdisciplinary Research On Homosexuality In The Netherlands eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Interdisciplinary Research On Homosexuality In The Netherlands Legal Alternatives:

Some torrenting sites host public domain Interdisciplinary Research On Homosexuality In The Netherlands

eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading Interdisciplinary Research On Homosexuality In The Netherlands eBooks legally.

Staying Safe Online to download Interdisciplinary Research On Homosexuality In The Netherlands

When exploring Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Interdisciplinary Research On Homosexuality In The Netherlands eBook Sources:

Be cautious when downloading Interdisciplinary Research On Homosexuality In The Netherlands from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Interdisciplinary Research On Homosexuality In The Netherlands eBooks that you have the right to access.

Interdisciplinary Research On Homosexuality In The Netherlands eBook Torrenting and Sharing Sites

Here are some popular Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting and sharing sites:

1. The Pirate Bay:

The Pirate Bay is one of the most well-known torrent sites, hosting a vast collection of Interdisciplinary Research On Homosexuality In The Netherlands eBooks, including fiction, non-fiction, and more.

2. 1337x:

1337x is a torrent site that provides a variety of eBooks in different genres.

3. Zooodle:

Zoodle offers a wide range of eBooks and is known for its user-friendly interface.

4. LimeTorrents:

LimeTorrents features a section dedicated to eBooks, making it easy to find and download your desired reading material.

A Note of Caution

While Interdisciplinary Research On Homosexuality In The Netherlands eBook torrenting and sharing sites offer access to a vast library of reading material, it's important to be cautious and use them responsibly.

Prioritize legal downloads and protect your online safety. In the next chapter, we'll explore eBook subscription services, which offer legitimate access to Interdisciplinary Research On Homosexuality In The Netherlands eBooks.
