For Love of Magic - Simon R. Green 2023-05-02

History isn't what you think it is. It's been rewritten to remove all the magic. Together, two people decide to put things right. A new novel of magic, history and true love from Simon R. Green. When they fall in love, it's magic! History can change and has changed. Magic was and is real. Once upon a time, there was a forgotten era of magic and monster. But the remnants—and all memory—of the old world have been replaced by the sane, the scientific, and the rational. But sometimes the magical past isn't content to stay past. That's where Jack Damian comes in. It's his joy to protect our present from the supernatural remnants of an earlier time, a different history. It's his job to make the past safe. Jack is called to the Tate Museum, where dozens of people have disappeared beneath the surface of a painting. While investigating, he finds himself smitten with a mysterious art expert Amanda Fielding. But Amanda has plans of her own, and soon the two are traveling through time—back to the Roman Empire and then forward through history, from King Arthur's court to Sherwood Forest. As they explore histories past as written and overwritten, the balance of magic and science shifts, and the choices the two make could change the world forever. At the publisher's request, this

title is sold without DRM (Digital Rights Management). Praise for the Ishmael Jones series: “[A] brisk, breezy mystery series . . . With convincing supernatural twists [and] witty chapter titles . . . readers will be anxious for sequels.” —Publishers Weekly “A new book from Green is always a treat for SF and urban fantasy fans, because they know that in his fictional worlds things are never quite what they seem until it’s too late. His first foray into more traditional crime fiction (albeit with an otherworldly flavor) will delight mystery readers, especially those who relish a bit of genre blending.” —Library Journal “Without a doubt, this is one of the best books the author has ever penned down.” —The Gatehouse “I really enjoyed the book. If anything it was over too soon. The author captures the English Country Manor Murder Mystery feel very well, as he sets up pretty much everybody as a suspect . . . I look forward to finding out more in future volumes.” —British Fantasy Society “Ishmael is a wonderful character, an extraterrestrial living among humans, and the series (this is the third installment) is a clever mixture of thriller and SF-horror genres. Green is best known for the Deathstalker space operas, but give this one a few more installments to develop, and it could well become Green’s masterwork.” —Booklist, Starred Review “Lovers of high-quality fantasy and science fiction should make it a point to seek this guy out, if they haven’t already.” —Booklist “This relatively new series is a wonderful balance of murder mystery and urban fantasy with a sci-fi twist . . . If you enjoyed Green’s previous books or if you are looking for a classic mystery with a modern twist, this is the series for you!” —That’s What I’m Talking About “Ishmael Jones is one of the most underrated series ever and I haven’t found one book in the series yet to disappoint . . . I can’t recommend this book and this whole series enough!” —Tiny Book Reviews Praise for Jekyll & Hyde Inc.: “This book is hard to put down. It is exciting from start to finish, with thrills and monsters waiting behind every dark corner.” —San Francisco Book Review “Green transforms Robert Lewis Stevenson’s classic horror novel into the launch pad for an exciting adventure. He takes readers through a romp involving multiple horror classics, updated to the twenty-first century in an amusing and entertaining read.” —Ricochet “There’s

something about Green’s dark humor that sucks me into many of his books. And, as violent and gory as this book is, it’s really about a good man striving to stay good in the worst circumstances.” —Lesia’s Book Critiques “It has all the grim and all the dark of many of the author’s previous series.” —Reading Reality? Praise for the Deathstalkers series: “Green moves his plot at top speed, and his characters are alive and his background solid.” —Asimov’s SF Magazine “An over-the-top masterpiece that veers between brutal comedy and touching riffs on love, loyalty and betrayal . . . bloody funny and extremely bloody.” —The Guardian “Space opera at its action best. The novel is populated with heroic figures reminiscent of Lancelot and Arthur and villains that make Darth Vader seem like a nice person . . . Once again, Simon R. Green has written a work that will appeal to Star Wars fans.” —Midwest Book Review “A guaranteed blood-and-thunder romp, shot-through with broad swathes of fashion parody, a sustained piss-take on ‘lives of the Rich and Famous’ and the occasional lance of satire. This last is refreshing stuff. It’s mostly aimed at Dictatorship, Fascism, Established Religion, the Toadying Media and so forth—and it’s nice to find an author who knows that laughter is the most destructive weapon to aim at a repressive establishment. In short, very violent, very funny, very good.” —Infinity Plus About Simon R. Green: “Simon R. Green is a great favorite of mine. It’s almost impossible to find a writer with a more fertile imagination than Simon. He’s a writer who seems endlessly inventive.” —Charlaine Harris “A macabre and thoroughly entertaining world.” —Jim Butcher, on the Nightside series “Nobody delivers sharp, crackling dialogue better than Green, and no one whisks readers away to more terrifying adventures or more bewildering locales.” —Black Gate Magazine “As quintessentially British as fish and chips!” —SF Site “Simon R Green is one hell of a consistent writer—if you like your Fantasy /SF served with lashings of pulp mayhem, dollops of snarky characters and big piles of extreme gore, violence and horror. Mmm tasty.” —Fantasy Book Review UK “Simon R. Green is one of my all-time favorite writers and I haven’t read a book of his that I haven’t devoured. I hope he has many more years of writing left in him and suggest that if you need a fix, pick up his

Ishmael Jones books.” —Crooked Reviews “A splendid riddle wrapped in a mystery inside an enigma, conveyed with trademark wisecracking humor, and carried out with maximum bloodshed and mayhem. In a word, irresistible.” —Kirkus, Starred Review of Simon R. Green's Night Fall “[F]or those who want a fantasy-genre mash-up that doesn't slow down.” —Booklist on From a Droid to a Kill

Magical Relationships - Simon C. Godwin 2014-02

This is one of those books that we will all wish we had read before, and will become one that we will share with those we love. Is it really possible to find a soul mate? What is a magical relationship, and can we all experience them? This book provides some fascinating, insightful and eye-opening answers, and takes us on a unique journey into the human consciousness and what makes MAGICAL RELATIONSHIPS work.

Intimate relationships form what is both the most significant and yet probably the most complex properties of human experience. While we most frequently view them from a more down to earth and psychological perception, their context comes from a more diverse, and yet interdependent one, that includes less worldly facets of consciousness, including Karma, soul groups, past lives and even esoteric astrological influences. In this book, the authors investigate these avenues in a unique and insightful process of exploration, explanation, and practical application.
