Pathways into Sexual Exploitation and Sex Work - Jane Dodsworth
2015-08-11

This book identifies risk and protective factors influencing routes into, through and out of sexual exploitation and sex work. It explores how the sense made of key childhood and adult experiences influences the ability to manage roles and identities and choices they feel empowered or forced to make.

Routledge International Handbook of Sex Industry Research - Susan Dewey
2018-11-26

Sex Work - Frédérique Delacoste 1987

A landmark collection of writings by street prostitutes, exotic dancers, nude models, escorts, porn stars, and massage parlor workers. Since publication in 1987, SEX WORK has generated much discussion and has changed the language we use to talk about sex for money.

Mothers, Mothering and Sex Work - Rebecca Bromwich 2015

"In a transnational, intersectional framework, this book discusses lived experiences of, legal and governmental frameworks affecting and theorizations of mothers and sex work. This is the first collaboration of its kind that is specifically focused on Canada and explores not only what is done to or about sex workers who are mothers under governmental regimes or exploitative traffickers in the context of political and social systems that continue to disempower women in general and mothers in particular but also the agencies of mothers who are sex workers and the mothers of those engaged in sex work. This book seeks to open a space for the study of connections between sex work and mother work. The text provides a venue for telling stories by sex workers who are or were mothers. As such, this collection goes beyond a study of how mothering

in the context of sex work is regulated by law and society to look at the agencies and lived experiences of sex workers who are mothers. It also looks at discourses of sex work and motherhood as complementarily regulating the sexuality of women in a way that re-inscribes and maintains a patriarchal social order."--

For a Good Time - Patty Tierney 2022-09-27

It's 1953 in Southern California, Patty is five years old, and her mother hasn't been home in two days. A police officer eventually arrives and takes Patty and her brothers to juvenile hall—their mother has been drinking again. Twenty-eight years later, Patty herself is an alcoholic mother to three children. Divorced and homeless, she soon realizes that she can't support her children with her job cleaning houses, so she accepts the offer of a man who works at the gas station: she'll have sex with him for money. For the next seventeen years, Patty lives a double life as a sex worker. Though she supports her family with the money she makes, she struggles to be the parent she wants to be, until she realizes she has become just like her own mother: an alcoholic who doesn't give her children what they need. When Patty gets sober, her life begins to change. She finds healing through therapy, spirituality, community, and, most importantly, speaking the truth to her children. Powerful and insightful, Patty's story is proof that we all are capable of healing ourselves—and that forgiveness can transform our lives completely.

Gender and Sexuality in India - Salla Sariola 2009-12-16

India has one of the highest numbers of HIV carriers in the world. HIV has remained associated with sex work, and large sums of money provided to fund public health interventions have come from global institutions such as UNAIDS, the World Bank and USAID. In the midst of these processes, however, sex workers and their everyday lives have

been hidden behind the rhetorics of control and prevention. This book offers a detailed analysis of the experiences of sex workers in Chennai. Based on ethnographic fieldwork, it draws out themes of agency; notions of gender and sexuality; and the HIV prevention industry. While the women's experiences are closely knit into the medical discourse regarding sex workers, sex work emerges as a complicated knot of poverty, desire, women's oppression, love, co-option, and motherhood. The author examines how the sex workers actively negotiate the risks of their industry and suggests alternative discourses on women's sexuality, sexual behaviour and desire, arguing that unless the power imbalances affecting women are addressed, such policies and activities will have little impact. She brings attention to the problems of current policies, discourses and attitudes regarding HIV, sexuality and sex work, and shows how new policies could help to reduce vulnerabilities not only for sex workers, but perhaps for all women in India.

Global Woman - Barbara Ehrenreich 2003

This anthology examines the unexplored consequences of globalization on the lives of women worldwide. In a world shaped by mass migration and economic exchange on an ever-increasing scale, women are moving around the globe as never before. Every year, millions leave Mexico, Sri Lanka, the Philippines and Eastern Europe to work in the homes, nurseries and brothels of the First World - from Vietnamese mail-order brides to Mexican nannies in LA, from Thai girls in Vietnamese brothels to Czech au pairs in the UK. In the new global calculus, the female energy that flows to wealthy countries to ease a care deficit, is subtracted from poor ones, often to the detriment of the families left behind. Is the main resource now extracted from the Third World no longer gold or silver, but love?

How Mamas Love Their Babies - Juniper Fitzgerald 2021-08-17

Illustrating the myriad ways that mothers provide for their children—piloting airplanes, washing floors, or dancing at a strip club—this book is the first to depict a sex-worker parent. It provides an expanded notion of working mothers and challenges the idea that only some jobs result in good parenting. We're reminded that, while every

mama's work looks different, every mama works to make their baby's world better.

Mothers, Mothering and Sex Work - Jaremko Rebecca Bromwich 2015-07-01

Exploring the shared intersections of mothering, motherhood and sex work, *Mothers, Mothering and Sex Work* weaves together a range of voices from academic and sex-worker communities around the world. It features interdisciplinary contributions, scholarly essays, academic research, artwork, poetry, photography and experiential narratives. Notable among these are two modern masterpieces from literary legends: "Voices," a short story by Alice Munro and excerpts from Maya Angelou's autobiography *Gather Together in my Name*. In the spirit of the adage "nothing about us without us," *Mothers, Mothering and Sex Work* brings together unique and controversial viewpoints defying conventional wisdom to provide fresh insights into sex workers and their rights. Beginning with the political, legal and social context of sexuality and gender in Canada, the book's focus widens to explore issues affecting sex workers worldwide.

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

Motherhood in the Context of Human Trafficking and Sexual Exploitation - Rafaela Pascoal 2020-07-27

This book discusses motherhood of Nigerian and Romanian women in Italy and Romania, who are human trafficking victims for sexual purposes. It provides a broad gender approach to emerge on the

phenomenon of human trafficking with an analytic perspective of all the social, cultural, legal and economic components that play an important role during all phases of motherhood. The book compares the motherhood of these two nationalities within a context of an illegal/legal status in the European territory. It reflects on the used terms of vulnerability, sexual exploitation, victim, resistance and resilience. This book enlightens scholars and students with a broad perspective on this complex phenomenon, understanding the intersectionality of the victims' features and its relation with the several push and pull factors that lead a human trafficking victim into vulnerability, resistance and resilience.

Global Perspectives on Prostitution and Sex Trafficking - Dalla
2011-04-01

This book is part of a two-volume set that examines prostitution and sex trafficking on a global scale, with each chapter devoted to a particular country in one of seven geo-cultural areas of the world. Each of the chapters provides a distinct perspective from which to contemplate the global commercial sex industry as well as a spectrum of implications for continued scholarship and research, legislative maneuvers and policy change, and suggestions for collaboration across NGOs, clinicians, and service providers.

Motherhood and Choice - Amrita Nandy 2017-10-02

How can women live fully? If autonomy is critical for humans, why do women have little or no choice vis-à-vis motherhood? Do women know they have a choice, if they do? How 'free' are these choices in a context where the self is socially mired and deeply enmeshed into the familial? What are implications of motherhood on how human relatedness and belonging are defined? These questions underlie Amrita Nandy's remarkable research on motherhood as an institution, one that conflates 'woman' with 'mother' and 'personal' with 'political'. As the bedrock of human survival and an unchallenged norm of 'normal' female lives, motherhood expects and even compels women to be mothers—symbolic and corporeal. Even though the ideology of pronatalism and motherhood reinforce reproductive technology and vice versa, the care work of mothering suffers political neglect and economic devaluation. However,

motherhood (and non-motherhood) is not just physiological. As the pivot to a web of heteronormative institutions (such as marriage and the family), motherhood bears an overwhelming and decisive influence on women's lives. Against the weight of traditional and contemporary histories, socio-political discourse and policies, this study explores how women, as embodiments of multiple identities, could live stigma-free, 'authentic' lives without having to abandon reproductive 'self'-determination. Working Sex - Annie Oakley 2007-12-28

Being a sex worker isn't something to write home about for most women (and men) in the \$12 billion-a-year sex industry. Prostitutes, strippers, and adult film stars put themselves, and what they do for a living, out on the street, stage, and TV screen every day, but they often keep their working lives hidden from friends, family, and other employers. They do this because sex work is widely considered illegal, unhealthy, and immoral. Edited by Annie Oakley, *Working Sex*, *New Voices from a Changing Industry* features stories and contributions from sex workers—strippers, prostitutes, domes, film stars, phone sex operators, and internet models—who are speaking out. This provocative anthology showcases voices from a vibrant community intent on unmasking the jobs they do with dignity and pride. Contributors tackling issues of class, gender, race, labor, and sexuality with blazing insight and critical observations include Michelle Tea, Stephen Elliot, Nomy Lamm, Ana Voog, Vaginal Davis, and Mirha-Soleil Ross.

Enjoy Me Among My Ruins - Juniper Fitzgerald 2022-07-12

Enjoy Me Among My Ruins draws together a kaleidoscopic archive of Juniper Fitzgerald's experiences as a queer sex-working mother, readings of *Lolita* and *Frankenstein*, and excerpts from childhood journal entries addressed to Gillian Anderson. Merging styles from autotheory to manifesto to teenage confession, Fitzgerald navigates the murky depths of contradictory narratives placed upon sex workers by conservative politicians and feminist thinkers alike, avoiding the false dichotomy between "exploitation" and "empowerment" often imposed on sex workers' lives. *Nonlinear memoir* excavates the brutalities of a white

working-class upbringing in the nineties Midwest; Fitzgerald's first experiences with violence, sex, abuse, and resistance; and her journey to positing "abundance" as a way forward. "Women who long for abundance," she writes, "learn quickly how to navigate contradiction." The Service - FRANKIE. MIREN 2021-06-24

Lori works illegally in a rented flat in central London, living in fear of police raids which could mean losing her small daughter. Freya is a student who finds she can make more money as an escort than she could in an office. And Paula is a journalist whose long-term campaign against prostitution has brought her some strange bedfellows. After a shock change to the law, with brothels being raided by the authorities, lives across the country are fractured. As a threat from Lori's past begins to catch up with her, the three women are increasingly, inevitably drawn into each other's orbit.

Trafficked to Hell - R. J. Flo 2016-01-03

In the heart of the desert is a city of skyscrapers and unbelievable wealth, but beneath its glossy surface lies the misery of sex trafficking, violence and ruined lives. A brutal world Elena willingly enters to rescue her daughter, placing herself in jeopardy and risking everything for a mother's love. Kristina travels thousands of miles for the job of her dreams, only to find that she has been betrayed. Trapped and forced to work as a prostitute; under constant fear of a brutal assault from Ponytail Ari, a vicious man employed to keep the girls in line, she finds herself alone, lost and helpless in this strange land. When all official enquiries to find Kristina come to nought, her mother, Elena, who has borrowed money beyond her means to send Kristina out, determines to find her and ends up in the hands of the traffickers herself. Nikki, a hardened con artist and streetwise prostitute arrives in Almina to start a

new life and make money. She befriends Elena and together they take on the traffickers with consequences neither expected or were prepared for..... The book is a work of fiction but is based on real stories. Whilst the people, places, companies, cities and countries are all figments of the author's imagination the events are all true and have happened to someone somewhere. Human Trafficking is said to be the second biggest International crime after the drugs trade and has an annual value of 31.6 billion US Dollars. An International Labour Organization report states that 2.5 million people are victims of human trafficking each year with 1.4 million of these being for sexual purposes. These victims are mostly women. To put this into perspective, it is equivalent to the entire female population of Albania or Jamaica being forced or coerced to leave and made to work overseas as prostitutes - each and every year.

We Too: Essays on Sex Work and Survival - Natalie West 2021-02-09
This collection of narrative essays by sex workers presents a crystal-clear rejoinder: there's never been a better time to fight for justice.

Responding to the resurgence of the #MeToo movement in 2017, sex workers from across the industry—hookers and prostitutes, strippers and dancers, porn stars, cam models, Dommies and subs alike—complicate narratives of sexual harassment and violence, and expand conversations often limited to normative workplaces. Writing across topics such as homelessness, motherhood, and toxic masculinity, *We Too: Essays on Sex Work and Survival* gives voice to the fight for agency and accountability across sex industries. With contributions by leading voices in the movement such as Melissa Gira Grant, Ceyenne Doroshow, Audacia Ray, femi babylon, April Flores, and Yin Q, this anthology explores sex work as work, and sex workers as laboring subjects in need of respect—not rescue. A portion of this book's net proceeds will be donated to SWOP Behind Bars (SBB).
