Astrology & Relationships David Pond 2001 Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem--people are not that simple, and neither are relationships! Astrology & Relationships takes a much more satisfying path, showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work--not just in theory, but in real life.

Planets in Play Laurence Hillman 2007-09-20 Planets in Play is the first foundational book that lets the reader reimagine his or her inner life through the self-exploratory language of astrology. Author Laurence Hillman—a widely respected astrologer with a loyal following and a formidable online presence—reconnects the planets with the character traits given them by the ancients. Whether one accepts astrology as being "real," its language and concepts can go a long way toward helping us see the archetypes that play on our lives. In observing the strengths, weaknesses, and character traits of each planet and zodiac sign, readers will receive a toolbox filled with instruments with which to newly understand their lives. The reader will then be able to make more conscious choices about how he or she is living out these different aspects. To that end, Hillman provides specific tactics and highly practical ideas of how to expressly nourish or minimize these tendencies through choice of behavior, lifestyle, and personal surroundings. Case examples, stories, and anecdotes run throughout the book to demonstrate and ease this process. In its appendices, Planets in Play provides a guide in how to get a quality astrological reading, with an emphasis on one's dominant archetypes. In addition, Hillman offers a basic

grounding in astrology for those readers, therapists, or counselors who wish to learn how the ancient art works at a psychological level without necessarily committing themselves to its study.

Sacred Dance of Venus and Mars Michele Finey 2011-10-01 A beautiful book which for the first time explores the relationship between the cycles of Venus and Mars and their impact on our lives. Using many case histories the author shows how, although synastry is important, possibly of greater importance is the aspect between the two planets within their cycles because that can dictate the timing of key moments in a relationship. She shows how the degree of the original conjunction between the two planets ('the degree of passion'), based on the time of birth can indicate the kind of the people we are attracted to and the course a romance can follow. A really absorbing book which will prompt hours of research

Planet Venus Secrets Saket Shah 2020-01-05 Venus relates to luxury, romance, wealth, creativity, and elegance. The house where it is located in a chart defines the area where you need to express yourself socially, passionately, and aesthetically. Venus naturally brings harmony and refinement to the house it occupies. This is the area of life where your attraction falls and a study of Venus in 12 houses will help you know how should approach these areas of life. The activities that the house represents are of great importance to building better partnerships. Venus is very much at play when

it comes to love, romance, interests, friendships and artistic inclination. The house it occupies also tells us what you look for in a partner or friend, what your approach towards love is, and what artistic abilities you have. The sign where Venus is posited tells you “how” you express yourself romantically and the house it occupies tells you “where”. This is the house where you need to bring harmony and relate to others. The influence of Venus house should not be studied in its purest form, without any affliction, aspect or influence of other planets and signs. Planetary position differs with each horoscope, so the interpretations may also differ accordingly. Your Venus house however pretty much defines what we have stated above

The Astrology Birthday Book Michele Knight 2019-03-07 Ever wondered how your date of birth influences your personality, your loves and passions, and your path in life? SignMates Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
