Respect Yourself, Protect Yourself - Lorena Garcia
2012-10-22

While Latina girls have high teen birth rates and are at increasing risk for contracting sexually transmitted infections, their sexual lives are much more complex than the negative stereotypes of them as "helpless" or "risky" (or worse) suggest. In *Respect Yourself, Protect Yourself*, Lorena Garcia examines how Latina girls negotiate their emerging sexual identities and attempt to create positive sexual experiences for themselves. Through a focus on their sexual agency, Garcia demonstrates that Latina girls' experiences

with sexism, racism, homophobia and socioeconomic marginality inform how they engage and begin to rework their meanings and processes of gender and sexuality, emphasizing how Latina youth themselves understand their sexuality, particularly how they conceptualize and approach sexual safety and pleasure. At a time of controversy over the appropriate role of sex education in schools, *Respect Yourself, Protect Yourself*, provides a rare look and an important understanding of the sexual lives of a traditionally marginalized group.

Making Sense of Sex - Michael F. Duffy 2011-02-01

The Story of Sexual Identity

- Phillip L. Hammack
2009-03-06

In examining the shifting narratives of sexual identity in the 20th and 21st centuries and their impact on the process of human social development, this edited volume fuses historical, cultural, and psychological perspectives on human sexuality to articulate a rigorous interdisciplinary approach to the study of sexual lives.

Ace - Angela Chen 2020-09-15
An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of

us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, Ace addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that “not wanting sex” was a sign of

serious illness, and a man who grew up in a religious household and did everything "right," only to realize after marriage that his experience of sexuality had never been the same as that of others.

Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

Leather Spinsters and Their Degrees of Asexuality -

Cedar - M. B. Timothy
2018-08-15

"Out of those ashes rose a version of me that was truer than ever. I emerged as I always was - a solosexual - with every conditioning from society of what love and sex should be burnt away."CEDAR: An Ode to Masturbation is a sensual

celebration of solosexuality. Written as the author's testimony to a life lived through masturbation, fragments of memory and dogma collide as the artistry and mystery of masturbation is explored alongside the questioning of how to be solosexual in a society obsessed with partnering. The text then departs in the form of a queer, dystopian fiction "The Clomp of Hooves." In a Bacchanalian society where solosexuals thrive after the fall of capitalist society, one bator must protect the purity of a young solosexual from being corrupted by emergent fascist forces. CEDAR is a work of real imagination. Asymmetrical in form but singular in vision, it is a captivating, explicit and poetic ode to masturbation and how to love. Reviews: "CEDAR is entirely life-affirming. The solosexual part is one thing, but above all the real message of it it's the whole acceptance of yourself. Like the emotional, sensual, animal, everythingness of it all. Being self-sufficient on a profoundly

earthly level. In that space there is so much love. You are a beautiful man." "An awesome and inspiring journey." "Incredible, magnificent book - well, I can't praise it enough. Every page has meaning to me, every section captures the imprint of my own solosexual journey. He writes Truth. I've read it many times already -- thoughtfully, again while masturbating, and again as a work of art." Introduction: "Pleasure is the yardstick by which I measure my life. It was not always. It has taken a lifetime of unlearning what I was taught, what we are all taught, will bring our lives meaning. I am a pleasure seeker now. I live intentionally as a solosexual man. I am a proponent for sensual living. Everything starts and ends at your skin. We are pleasure receptors. Sometime in the Spring of 2016, I became my own lover. I committed myself to exploring whether I alone could take care of all the needs - emotional, sexual, physical - that I had relied on others to

fulfil. Could I offer myself the intimacy, support and loving surprises that people say are the hallmarks of a strong relationship? I entered into several years of intensely thinking about what it might mean to become my own lover. It was my great experiment in love and it had an unexpected result. Our world is obsessed with partnering. Classic, pair-bonded heteromimicry. To be a solosexual is a somewhat scary proposition. To eschew relationships begs at solosexuality's shadow. What am I to make then of loneliness? Does solosexuality preclude intimacy with others? My experiment's great discovery was that relationships are not what we are taught. Relationships take a great many forms. If you place a relationship with yourself as paramount, then you forge your own path. You redefine relationships that suit you and not society's accepted definition. You may wonder what it is like to be my own lover. To grow myself and drink from my own nectar.

Forthwith in these pages I evoke for you my life surrendered to masturbation. These pages will flit, just as memory does, to and fro through time. One sensual remembrance may lead to another, or to an idea, or to belief. All the while these remembrances fuse into form. The tree of my identity has grown strong, but it began as a sapling. As I write this I see in my mind's eye the place where this sapling was nourished. A place where purity reigned and nothing can buffet, penetrate or yet destroy what I am nurturing within."Author:Timothy is the author of books and essays on masturbation. His work covers subjects from solosexuality, edging, gooning to handsfree ejaculation. Dedicated to masturbation and body pride, he has been called a Guru of Technique and an Evangelist of Self Love. He masturbates everyday.

I know for sure that you like
sex, don't you? But have you

is true. Everything that God

you wish to experience full
satisfaction when making love,
you must acknowledge God to
know His mind on the subject.
God alone is qualified to show
you the best way to enjoy the
blessed gift of sex. Do you want
to know when God wants you
to have sex? If you wish to get
full benefit from sexual
intercourse, you must read this
book. You will be enlightened
greatly on many facets of sex.

2015 Winner in LGBT -- What if
you weren't sexually attracted
to anyone? A growing number
of people are identifying as
asexual. They aren't sexually
attracted to anyone, and they
consider it a sexual
orientation—like gay, straight,
or bisexual. Asexuality is the
invisible orientation. Most
people believe that “everyone”
wants sex, that “everyone”
understands what it means to
be attracted to other people,
and that “everyone” wants to
date and mate. But that's
where asexual people are left
out—they don't find other
people sexually attractive, and
if and when they say so, they
are very rarely treated as
though that's okay. When an
asexual person comes out,

alarming reactions regularly
follow; loved ones fear that an
asexual person is sick, or
psychologically warped, or
suffering from abuse. Critics
confront asexual people with
accusations of following a fad,
hiding homosexuality, or
making excuses for romantic
failures. And all of this
contributes to a discouraging
master narrative: there is no
such thing as “asexual.” Being
an asexual person is a lie or an
illness, and it needs to be fixed.
In *The Invisible Orientation*,
Julie Sondra Decker outlines
what asexuality is, counters
misconceptions, provides
resources, and puts asexual
people's experiences in context
as they move through a very
sexualized world. It includes
information for asexual people
to help understand their
orientation and what it means
for their relationships, as well
as tips and facts for those who
want to understand their
asexual friends and loved ones.

Enjoying life, living richly and happily successful is great. However, all attainments and

accomplishment are not about life-engineering but 'I-Management'. Primary success is Self-Actualization. Sadly, I or Self is the worst-handled enterprise of humanity. In new millennium, we need to unlearn the archaic yet all-embracing stupidities of self. This 'Be Yourself' I-Expressions need reality-check Science as well as spiritualism says, 'Self', this unputdownable sense of 'I' is the greatest mysticism. Still, people are madly in never-ending pursuits of 'self-indulgence' and 'I-Centric' gratifications and attainments. Worse, there is this calamitous contemporaneous prescription of 'Be Yourself', as if 'Self' is the definitive genius of everythingness! Worst, this viscerality is being invoked in celebrity-mode, market-mounted 'I-Iconism' as ultimate empowerment. The progenies of 'Be Yourself' viscerality - solipsism, anti-intellectualism and anti-rationality are unleashing loads of conflicts, confusion and chaos in societies.
